-

NOTICES

GOVERNMENT MOTIONS

5. *Debated May 13, 14, 15, 20, 21, 22, 26 and 27, 1986.*
 8. *Mr. Nixon*—Resolution—That the Treasurer of Ontario be authorized to pay the salaries of the civil servants and other necessary payments pending the voting of Supply for the period commencing November 1, 1986, and ending December 31, 1986, such payments to be charged to the proper appropriation following the voting of Supply.
-

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action.
2. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
3. *Mr. Warner*—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the

Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6) calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter complies with the U.N. resolutions on Cyprus and shows a respect for international law.

5. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.
8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson's statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.
9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:
 - (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;

- (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lender) the judge may grant leave for foreclosure or commencement of bankruptcy proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.
10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
 11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.
 15. *Mr. McCague*—Resolution—That this House recognizes the improved safety resulting from eye-level brake indicators on automobiles, and strongly encourages the Minister of Transportation and Communications to take appropriate measures: encourage the seeking of mandating of their installation on all new vehicles manufactured for sale in Ontario; to encourage citizens of Ontario to retrofit their vehicles.
 16. *Mr. Wildman*—Resolution—That this House should request the Ontario government to amend this province's mining tax system to ensure sufficient revenues accrue to the provincial treasury from the mining companies to enable the government to allocate a reserve fund, as part of a "Northern Ontario Tomorrow Fund", to be distributed as grants, loans and guarantees for individuals, community groups, co-operatives and small businesses and temporary extraordinary grants to municipalities to assist in the economic recovery from the adverse effects of mine shutdowns.
 18. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministries of Natural Resources and Transportation and Communications should implement, jointly, a formal testing program to investigate the effectiveness of the "wildlife saver" devices when attached to automobiles, to determine whether the use of these devices would have adverse effects on either the general public or domestic animals and wild game, and to study the feasibility of requiring the installation of these devices on motor vehicles in certain regions of the province or throughout Ontario.
 21. *Mr. Mackenzie*—Resolution—That in the opinion of this House, recognizing that certain classes of workers are discriminated against by the denial of rights provided to other workers, the regulations under the *Employment Standards Act* should be amended to provide that the standards set by the Act relating to hours of work, overtime pay and public holidays are applicable to persons employed in landscape gardening, mushroom growing, the

growing of flowers for the retail and wholesale trade, the growing, transporting and laying of sod, and the growing of trees and shrubs for wholesale and retail trade.

23. *Mr. Lupusella*—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of education and social services from the residential property tax base to progressive sources of revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses.
28. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the Canadian Transport Commission has approved a plan to allow the testing of electronic monitoring devices by Canadian National Railways and the Canadian Pacific Railway whose avowed aim is to eliminate the use of a caboose at the rear of trains, and recognizing the important role played by tail-end crews in protecting the public safety, preventing accidents and minimizing injury and damage in accidents that do occur, the Government of Ontario should urge the Government of Canada to continue to require every train to operate with a caboose.
29. *Mr. Swart*—Resolution—That in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) The formation of a separate branch or division with a registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) disclosure of names and background of officers and directors of franchisor; (4) application to all industries and all franchises within each industry; (5) the franchisee to have a four-day cooling off period; (6) prohibition against dealing in franchises except as provided; (7) exemption of liability by franchisee for future damages; (8) the administrators of the Act to have authority to discourage: (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; and (e) competitive and discriminatory practices by franchisors.
30. *Mr. Cooke (Windsor-Riverside)*—Resolution—That in the opinion of this House, since hospital nurses and public health nurses provide work of equal

value, the Minister of Health should move immediately to implement the government's policy of equal pay for work of equal value and establish parity between public health nurses and their counterparts in hospitals, by making additional funding available to Public Health Boards specifically for the purpose of implementing parity.

36. *Mr. Mackenzie*—Resolution—That in the opinion of this House, recognizing that certain classes of workers are discriminated against by the denial of rights provided to other workers, the regulations under the Employment Standards Act should be amended to provide that the standards set by the Act relating to hours of work, overtime pay, and public holidays are applicable to a person employed as a superintendent, janitor or caretaker of a residential building who resides in the building.
37. *Mr. Callahan*—Resolution—That, in the opinion of this House, as the public does not understand the method of establishing levels of remuneration of Boards of Education and Municipal Councils and as there is no consistent principle province-wide, the Education Act and the Municipal Act should be amended so that any increase in honorarium to a Board of Education or Municipal Council may be made only once in a term of such Board or Council and within 60 days of the date on which an election is to be held.
40. *Mr. Swart*—Resolution—That in the opinion of this House, recognizing that the Slater Task Force has failed to propose recommendations to resolve the massive insurance problems and, in particular, failed to investigate and report on the financial and other benefits of the public auto insurance plans as practiced in Manitoba, Saskatchewan, and British Columbia, the Government of Ontario should proceed, immediately, with the development of the most appropriate provincial public motor vehicle insurance plan for implementation not later than January 1, 1988. Such plan, unlike the Slater recommendations, would fully redress the major problems of the present system identified by the NDP Caucus Insurance Committee, namely:—arbitrary cancellation of insurance;—all drivers in a household penalized for one driver's record;—discriminatory rates for age, sex or marital status;—the growing number of uninsured drivers in Ontario;—non-existent or inadequate no-fault compensation;—excessive premiums and escalating rates generally.
42. *Mr. Breagh*—Resolution—That this House urges the Government of Ontario to make the same financial support available for municipal election campaigns as exists for provincial campaigns, by providing contributors with tax credits and candidates with campaign subsidies, in the following manner:
 1. Individual municipalities, school boards and public utilities commissions would be permitted to opt into a provincial plan created by statute.
 2. Under the provincial plan, candidates would register with the Commission on Election Contributions and Expenses. Registered candidates would be required to file detailed returns of contributions received and expenses incurred, and their contributors would receive official receipts

entitling them to credits against provincial income tax in the same manner as contributors to provincial election campaigns.

3. A registered candidate who received at least 15 per cent of the popular vote would be entitled to the same reimbursement by the Commission as a candidate in a provincial election.

44. *Mr. Breagh*—Resolution—That in the opinion of this House the following actions are urgently needed to defend the physical and mental health of peoples effected by the Chernobyl tragedy:

1. that the UN form an International Investigative Committee of scientists and medical experts to enter Ukraine to assess the extent of danger;
2. that Canada declare its preparedness to contribute emergency aid—medicine, food, technical personnel as needed;
3. that Canada announce an open door policy for family reunification and sponsorship of immigrants wishing to leave Ukraine; and
4. that the USSR permit communication between Canadians and other relatives in Ukraine.

47. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing the profound effect of the recent visit (including his direct appeal to the Legislature of Ontario) of Bishop Desmond Tutu on all Canadians; recognizing the warning of a potential bloodbath contained in the Eminent Persons Report of June 12, 1986, and recognizing that the increasing crisis in south Africa can only be affected by outside influences if substantive sanctions are brought to bear on South Africa, the government of Ontario should adopt the following policies to express the province's solidarity with the struggle for freedom for Blacks in South Africa and to express the anger and abhorrence of the Ontario people against the crime of apartheid:

- 1) A continuation of the ban of the import of all South African Liquor and an auction of all present South African liquor products in stock at liquor stores and LCBO warehouses, with the full proceeds going to victims of apartheid.
- 2) Government procurement policies prohibiting the purchase of goods or services from companies with direct investments in South Africa.
- 3) A ban on the purchase on South African goods or services by the Ontario government and public institutions funded by the Ontario government including hospitals and community colleges.
- 4) Using the Ontario government's 1.5 per cent equity share in Varity Corporation formerly Massey-Ferguson to persuade that company to cease doing business in South Africa, and failing that, divestment of the shares.

- 5) Divestment by government agencies of pension fund investments in companies with direct investment in South Africa.
 - 6) Increased pressure on the federal government to impose full economic sanctions against South Africa.
 - 7) Solidarity with the heroic struggle being waged by the ANC, the United Democratic Front and the unions of COSATU and CUSA in the battle against apartheid in South Africa.
49. *Mr. Hayes*—Resolution—That in the opinion of this House, the current food policy of our province and our country has generated the present instability in food production and uncertainty among farmers as to the future and has resulted in many farm units being forced to supplement farm income with off-farm employment, or get out of farming either by selling out or through bankruptcy; and much of present confusion about farm production and marketing in this country stems from the contradictions and inconsistencies between the federal and the various provincial policies and programmes. Therefore, the provincial government strongly urges the federal government to legislate the transfer of powers over “intra” and “inter” provincial trade of each farm-produced commodity to the federal jurisdiction on the condition that the federal legislation must permit the establishment of national marketing structures for all farm produced commodities and must have the following powers: control of the product into, through and out of the marketing system to meet market demands; single desk selling; equality of delivery opportunity between producers; pooling of returns and costs among producers; elimination of manipulation, speculation and waste. The federal government should appoint commissioners to administer each of the marketing structures, which would be responsible to the federal government. The criteria for selecting commissioners would be based on their marketing expertise in the particular kind of commodity affected. They need not be producers of that commodity or of any other farm commodity (as is the case currently with the Canadian Wheat Board). In addition, the national policy to dictate overall production targets, and market-sharing agreements between provinces would need to be negotiated.
50. *Mr. Offer*—Resolution—That in the opinion of this House, recognizing that purchasers of new homes are severely inconvenienced by multiple extensions of completion dates, the Ontario New Home Warranty Program immediately investigate what further protection could be given to these purchasers.
51. *Mr. Foulds*—Resolution—That in the opinion of this House, the Treasurer of Ontario should establish a permanent Northern Ontario Fund, managed by Northerners. This fund would be invested, through loans, grants and joint ventures, in development projects that meet the priorities set through community, regional and provincial planning. The monies to establish the fund would come from a consolidation of existing Northern development funds and programmes, and, in addition, through an earmarked percentage of current provincial revenue from resource industry taxation.
52. *Mr. Rae*—Resolution—That in the opinion of this House, the Minister of Health should take steps to establish a medical school and health research

facility in Northern Ontario to encourage more health professionals to practise in the North, to provide better health care services for Northerners and to attract job-creating enterprises involved in the research and production of health related products.

53. *Mr. Mackenzie*—Resolution—That in the opinion of this House, the Minister of Labour should introduce changes to the Employment Standards Act which would require six months notice when more than 50 workers are to be permanently laid off by an employer within a six month period.
54. *Mr. Laughren*—Resolution—That in the opinion of this House, the Minister of Natural Resources should develop a comprehensive wood utilization policy and enforcement programme to ensure the most valuable end use of our forest resource. Further, the Minister should initiate a task force to study improved and alternate forest management practices.
55. *Mr. Laughren*—Resolution—That in the opinion of this House, the Ontario government should establish a Forestry Institute to generate new forestry-related industries in Northern Ontario by developing forest machinery and processing technologies as well as better forest management and silvicultural practices.
56. *Mr. Martel*—Resolution—That in the opinion of this House, the Ontario government should undertake a major decentralization of government office from Toronto to Northern Ontario in order:
 1. to ensure policies and programmes that affect Northern Ontario are formulated by staff with a clear understanding of the North;
 2. to provide local employment in Northern communities;
 3. to play a role in attracting other enterprises to Northern communities.
57. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Ontario government should establish a Northern Technology Research and Development Institute to develop new, secondary manufacturing opportunities applicable to Northern communities.
58. *Mr. Pouliot*—Resolution—That in the opinion of this House, the Ontario government should negotiate planning agreements with companies wanting access to publicly-owned natural resources. These agreements could include, but would not be limited to, guarantees from the company to employ and train local residents, to re-invest in Northern communities and to use the services of local businesses. Input from communities affected by resource development would play a major role in these negotiations.
59. *Mr. Wildman*—Resolution—That in the opinion of this House, the Ontario government should guarantee a just and equitable price for gasoline to Ontario consumers in all regions of the province by introducing legislation that would allow the Ontario government:
 1. to continually review gasoline prices;

2. to hold public hearings to determine a fair and reasonable price for gasoline products;
 3. to set maximum wholesale and retail prices for gasoline products and ensure these prices are uniform across the province;
 4. to permit increases in the wholesale or retail price of gasoline products only after they have been fully justified at a public hearing.
60. *Mr. Wildman*—Resolution—That in the opinion of this House, the Minister of Northern Development and Mines should establish an Ontario Mining Development Foundation to help generate new mining-related industries in Northern Ontario by developing exploration techniques, mineral processing techniques and related mining technologies.
61. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Ontario government should introduce legislation requiring companies which effect a major lay-off or plant closure to establish a Community Adjustment Fund. This fund is to be used by the affected municipality to develop new employment opportunities, to provide social services and to maintain municipal infrastructure.
-

QUESTIONS

(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Thursday will appear on each day of the following week.)

397. *Mr. Gillies*—Enquiry of the Ministry—Would the Premier provide the following information with regard to his High Technology Council: all members, including previous positions, criteria for members, date of council formation, dates and times of all meetings; purpose, recipient, and amount issued for all grants; a detailed breakdown of all administrative costs. *October 16, 1986.*

398. *Mr. O'Connor*—Enquiry of the Ministry—Would the Attorney General table all documentation provided as a legal opinion to the Government regarding a suitable severance package for Roderick Lewis. *October 16, 1986.*

399. *Mr. Jackson*—Enquiry of the Ministry—Would the Minister of Skills Development provide the names of all companies who have sought and/or gained permission from the Ministry to seek skilled tradespeople from out of Ontario and/or Canada since June 26, 1985, the number of workers sought in each case, and the type of skills required. *October 16, 1986.*

400. *Mr. Jackson*—Enquiry of the Ministry—Would the Minister of Skills Development provide copies of the audited financial statements for 1984-85 and 1985-86 from the Hamilton Youth Employment Counselling Centre, North Bay Youth Employment Counselling Centre, Bradford Youth Employment Counselling Centre, Simcoe Youth Employment Counselling Centre and North York Youth Employment Service. *October 16, 1986.*

401. *Mr. Treleaven*—Enquiry of the Ministry—Would the Minister of Agriculture and Food provide a complete list of all agricultural products presently being imported into the province which could be grown in Ontario. *October 21, 1986.*

402. *Mr. Sterling*—Enquiry of the Ministry—Would the Minister of Health provide documentation indicating the Government's policy on smoking tobacco in Provincially-run health care institutions. *October 21, 1986.*

403. *Mr. Sterling*—Enquiry of the Ministry—Would the Minister of Health provide documentation indicating how many people are prematurely dying in Ontario due to first and second-hand tobacco smoke. *October 21, 1986.*

404. *Mr. Sterling*—Enquiry of the Ministry—Would the Solicitor General provide the following information for Ontario for the years 1983, 1984, 1985, 1986: the number of fatalities resulting from police chases involving automobiles; the number of injuries sustained from police chases involving automobiles; the offence being investigated at the time of each police chase involving automobiles. *October 21, 1986.*

405. *Mr. Sterling*—Enquiry of the Ministry—Would the Solicitor General provide the Ministry policy regarding automobiles chases involving police. *October 21, 1986.*
406. *Mr. Sterling*—Enquiry of the Ministry—Would the Solicitor General provide a documented explanation of the tremendous increase in costs of the telecommunications system being developed for the Ontario Provincial Police. *October 21, 1986.*
407. *Mr. Sterling*—Enquiry of the Ministry—Would the Solicitor General provide the policies of all municipal police forces with respect to automobile chases involving police. *October 21, 1986.*
408. *Mr. Sterling*—Enquiry of the Ministry—Would the Premier provide documentation indicating what business has been conducted between the Ontario Government and private companies owned or partly owned by Ministers of the Crown since June 26, 1985. *October 21, 1986.*
409. *Mr. Gillies*—Enquiry of the Ministry—Would the Premier provide a comprehensive list of all Cabinet Ministers, Parliamentary Assistants, Ministry and personal staff who travelled to Cochrane North during the last by-election, including cost, accommodation, itinerary, length of stay, and a detailed summary of any government business conducted. *October 21, 1986.*
-

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

(Precedence in accordance with the Order of the House passed on Wednesday, February 12, 1986, and pursuant to Standing Order 71 (d).)

Ballot Item No. 19

Second Reading Bill 133, An Act to amend the Liquor Control Act. Mr. Shymko. To be debated on Thursday, October 23, 1986.

Ballot Item No. 20

Mr. Hayes—Resolution—That in the opinion of this House, the current food policy of our province and our country has generated the present instability in food production and uncertainty among farmers as to the future and has resulted in many farm units being forced to supplement farm income with off-farm employment, or get out of farming either by selling out or through bankruptcy; and much of present confusion about farm production and marketing in this country stems from the contradictions and inconsistencies between the federal and the various provincial policies and programmes. Therefore, the provincial government strongly urges the federal government to legislate the transfer of powers over “intra” and “inter” provincial trade of each farm-produced commodity to the federal jurisdiction on the condition that the federal legislation must permit the establishment of national marketing structures for all farm produced commodities and must have the following powers: control of the product into, through and out of the marketing system to meet market demands; single desk selling; equality of delivery opportunity between producers; pooling of returns and costs among producers; elimination of manipulation, speculation and waste. The federal government should appoint commissioners to administer each of the marketing structures, which would be responsible to the federal government. The criteria for selecting commissioners would be based on their marketing expertise in the particular kind of commodity affected. They need not be producers of that commodity or of any other farm commodity (as is the case currently with the Canadian Wheat Board). In addition, the national policy to dictate overall production targets, and market-sharing agreements between provinces would need to be negotiated. To be debated on Thursday, October 23, 1986.

Ballot Item No. 21

Mr. Offer—Resolution—That in the opinion of this House, recognizing that purchasers of new homes are severely inconvenienced by multiple extensions of completion dates, the Ontario New Home Warranty Program immediately investigate what further protection could be given to these purchasers. To be debated on Thursday, October 30, 1986.

Ballot Item No. 22

Mr. McCague—Resolution—That this House recognizes the improved safety resulting from eye-level brake indicators on automobiles, and strongly encourages the Minister of Transportation and Communications to take appropriate measures: encourage the seeking of mandating of their installation on all new vehicles manufactured for sale in Ontario; to encourage citizens of Ontario to retrofit their vehicles. To be debated on Thursday, October 30, 1986.

Ballot Item No. 24

Mr. Callahan—Resolution—That in the opinion of this House, as the public does not understand the method of establishing levels of remuneration of Boards of Education and Municipal Councils and as there is no consistent principle province-wide, the Education Act and the Municipal Act should be amended so that any increase in honorarium to a Board of Education or Municipal Council may be made only once in a term of such Board or Council and within 60 days of the date on which an election is to be held. *To be debated on Thursday, November 6, 1986.*

BILLS REFERRED TO SELECT AND STANDING COMMITTEES

SELECT COMMITTEE ON HEALTH

Bill 52, An Act to amend the Health Protection and Promotion Act, 1983. *Mr. Pierce. (Referred April 22, 1986, Originally Referred November 21, 1985.)*

GOVERNMENT MOTIONS

5. *Debated May 13, 14, 15, 20, 21, 22, 26 and 27, 1986.*
 8. *Debated October 21, 1986.*
-

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action.
2. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
3. *Mr. Warner*—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6)

calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter complies with the U.N. resolutions on Cyprus and shows a respect for international law.

5. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.

8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson's statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.

9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:

- (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;

- (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lendor) the

judge may grant leave for foreclosure or commencement of bankruptcy proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.
15. *Mr. McCague*—Resolution—That this House recognizes the improved safety resulting from eye-level brake indicators on automobiles, and strongly encourages the Minister of Transportation and Communications to take appropriate measures: encourage the seeking of mandating of their installation on all new vehicles manufactured for sale in Ontario; to encourage citizens of Ontario to retrofit their vehicles.
16. *Mr. Wildman*—Resolution—That this House should request the Ontario government to amend this province's mining tax system to ensure sufficient revenues accrue to the provincial treasury from the mining companies to enable the government to allocate a reserve fund, as part of a "Northern Ontario Tomorrow Fund", to be distributed as grants, loans and guarantees for individuals, community groups, co-operatives and small businesses and temporary extraordinary grants to municipalities to assist in the economic recovery from the adverse effects of mine shutdowns.
18. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministries of Natural Resources and Transportation and Communications should implement, jointly, a formal testing program to investigate the effectiveness of the "wildlife saver" devices when attached to automobiles, to determine whether the use of these devices would have adverse effects on either the general public or domestic animals and wild game, and to study the feasibility of requiring the installation of these devices on motor vehicles in certain regions of the province or throughout Ontario.
21. *Mr. Mackenzie*—Resolution—That in the opinion of this House, recognizing that certain classes of workers are discriminated against by the denial of rights provided to other workers, the regulations under the *Employment Standards Act* should be amended to provide that the standards set by the Act relating to hours of work, overtime pay and public holidays are applicable to persons employed in landscape gardening, mushroom growing, the growing of flowers for the retail and wholesale trade, the growing, transporting and laying of sod, and the growing of trees and shrubs for wholesale and retail trade.

23. *Mr. Lupusella*—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of education and social services from the residential property tax base to progressive sources of revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses.
28. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the Canadian Transport Commission has approved a plan to allow the testing of electronic monitoring devices by Canadian National Railways and the Canadian Pacific Railway whose avowed aim is to eliminate the use of a caboose at the rear of trains, and recognizing the important role played by tail-end crews in protecting the public safety, preventing accidents and minimizing injury and damage in accidents that do occur, the Government of Ontario should urge the Government of Canada to continue to require every train to operate with a caboose.
29. *Mr. Swart*—Resolution—That in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) The formation of a separate branch or division with a registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) disclosure of names and background of officers and directors of franchisor; (4) application to all industries and all franchises within each industry; (5) the franchisee to have a four-day cooling off period; (6) prohibition against dealing in franchises except as provided; (7) exemption of liability by franchisee for future damages; (8) the administrators of the Act to have authority to discourage: (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; and (e) competitive and discriminatory practices by franchisors.
30. *Mr. Cooke* (Windsor-Riverside)—Resolution—That in the opinion of this House, since hospital nurses and public health nurses provide work of equal value, the Minister of Health should move immediately to implement the government's policy of equal pay for work of equal value and establish parity between public health nurses and their counterparts in hospitals, by mak-

ing additional funding available to Public Health Boards specifically for the purpose of implementing parity.

36. *Mr. Mackenzie*—Resolution—That in the opinion of this House, recognizing that certain classes of workers are discriminated against by the denial of rights provided to other workers, the regulations under the Employment Standards Act should be amended to provide that the standards set by the Act relating to hours of work, overtime pay, and public holidays are applicable to a person employed as a superintendent, janitor or caretaker of a residential building who resides in the building.
37. *Mr. Callahan*—Resolution—That, in the opinion of this House, as the public does not understand the method of establishing levels of remuneration of Boards of Education and Municipal Councils and as there is no consistent principle province-wide, the Education Act and the Municipal Act should be amended so that any increase in honorarium to a Board of Education or Municipal Council may be made only once in a term of such Board or Council and within 60 days of the date on which an election is to be held.
40. *Mr. Swart*—Resolution—That in the opinion of this House, recognizing that the Slater Task Force has failed to propose recommendations to resolve the massive insurance problems and, in particular, failed to investigate and report on the financial and other benefits of the public auto insurance plans as practiced in Manitoba, Saskatchewan, and British Columbia, the Government of Ontario should proceed, immediately, with the development of the most appropriate provincial public motor vehicle insurance plan for implementation not later than January 1, 1988. Such plan, unlike the Slater recommendations, would fully redress the major problems of the present system identified by the NDP Caucus Insurance Committee, namely:—arbitrary cancellation of insurance;—all drivers in a household penalized for one driver's record;—discriminatory rates for age, sex or marital status;—the growing number of uninsured drivers in Ontario;—non-existent or inadequate no-fault compensation;—excessive premiums and escalating rates generally.
42. *Mr. Breagh*—Resolution—That this House urges the Government of Ontario to make the same financial support available for municipal election campaigns as exists for provincial campaigns, by providing contributors with tax credits and candidates with campaign subsidies, in the following manner:
 1. Individual municipalities, school boards and public utilities commissions would be permitted to opt into a provincial plan created by statute.
 2. Under the provincial plan, candidates would register with the Commission on Election Contributions and Expenses. Registered candidates would be required to file detailed returns of contributions received and expenses incurred, and their contributors would receive official receipts entitling them to credits against provincial income tax in the same manner as contributors to provincial election campaigns.

3. A registered candidate who received at least 15 per cent of the popular vote would be entitled to the same reimbursement by the Commission as a candidate in a provincial election.

44. *Mr. Breough*—Resolution—That in the opinion of this House the following actions are urgently needed to defend the physical and mental health of peoples effected by the Chernobyl tragedy:

1. that the UN form an International Investigative Committee of scientists and medical experts to enter Ukraine to assess the extent of danger;
2. that Canada declare its preparedness to contribute emergency aid—medicine, food, technical personnel as needed;
3. that Canada announce an open door policy for family reunification and sponsorship of immigrants wishing to leave Ukraine; and
4. that the USSR permit communication between Canadians and other relatives in Ukraine.

47. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing the profound effect of the recent visit (including his direct appeal to the Legislature of Ontario) of Bishop Desmond Tutu on all Canadians; recognizing the warning of a potential bloodbath contained in the Eminent Persons Report of June 12, 1986, and recognizing that the increasing crisis in south Africa can only be affected by outside influences if substantive sanctions are brought to bear on South Africa, the government of Ontario should adopt the following policies to express the province's solidarity with the struggle for freedom for Blacks in South Africa and to express the anger and abhorrence of the Ontario people against the crime of apartheid:

- 1) A continuation of the ban of the import of all South African Liquor and an auction of all present South African liquor products in stock at liquor stores and LCBO warehouses, with the full proceeds going to victims of apartheid.
- 2) Government procurement policies prohibiting the purchase of goods or services from companies with direct investments in South Africa.
- 3) A ban on the purchase on South African goods or services by the Ontario government and public institutions funded by the Ontario government including hospitals and community colleges.
- 4) Using the Ontario government's 1.5 per cent equity share in Varsity Corporation formerly Massey-Ferguson to persuade that company to cease doing business in South Africa, and failing that, divestment of the shares.
- 5) Divestment by government agencies of pension fund investments in companies with direct investment in South Africa.

6) Increased pressure on the federal government to impose full economic sanctions against South Africa.

7) Solidarity with the heroic struggle being waged by the ANC, the United Democratic Front and the unions of COSATU and CUSA in the battle against apartheid in South Africa.

49. *Mr. Hayes*—Resolution—That in the opinion of this House, the current food policy of our province and our country has generated the present instability in food production and uncertainty among farmers as to the future and has resulted in many farm units being forced to supplement farm income with off-farm employment, or get out of farming either by selling out or through bankruptcy; and much of present confusion about farm production and marketing in this country stems from the contradictions and inconsistencies between the federal and the various provincial policies and programmes. Therefore, the provincial government strongly urges the federal government to legislate the transfer of powers over “intra” and “inter” provincial trade of each farm-produced commodity to the federal jurisdiction on the condition that the federal legislation must permit the establishment of national marketing structures for all farm produced commodities and must have the following powers: control of the product into, through and out of the marketing system to meet market demands; single desk selling; equality of delivery opportunity between producers; pooling of returns and costs among producers; elimination of manipulation, speculation and waste. The federal government should appoint commissioners to administer each of the marketing structures, which would be responsible to the federal government. The criteria for selecting commissioners would be based on their marketing expertise in the particular kind of commodity affected. They need not be producers of that commodity or of any other farm commodity (as is the case currently with the Canadian Wheat Board). In addition, the national policy to dictate overall production targets, and market-sharing agreements between provinces would need to be negotiated.

50. *Mr. Offer*—Resolution—That in the opinion of this House, recognizing that purchasers of new homes are severely inconvenienced by multiple extensions of completion dates, the Ontario New Home Warranty Program immediately investigate what further protection could be given to these purchasers.

51. *Mr. Foulds*—Resolution—That in the opinion of this House, the Treasurer of Ontario should establish a permanent Northern Ontario Fund, managed by Northerners. This fund would be invested, through loans, grants and joint ventures, in development projects that meet the priorities set through community, regional and provincial planning. The monies to establish the fund would come from a consolidation of existing Northern development funds and programmes, and, in addition, through an earmarked percentage of current provincial revenue from resource industry taxation.

52. *Mr. Rae*—Resolution—That in the opinion of this House, the Minister of Health should take steps to establish a medical school and health research facility in Northern Ontario to encourage more health professionals to practise in the North, to provide better health care services for Northerners and

to attract job-creating enterprises involved in the research and production of health related products.

53. *Mr. Mackenzie*—Resolution—That in the opinion of this House, the Minister of Labour should introduce changes to the Employment Standards Act which would require six months notice when more than 50 workers are to be permanently laid off by an employer within a six month period.
54. *Mr. Laughren*—Resolution—That in the opinion of this House, the Minister of Natural Resources should develop a comprehensive wood utilization policy and enforcement programme to ensure the most valuable end use of our forest resource. Further, the Minister should initiate a task force to study improved and alternate forest management practices.
55. *Mr. Laughren*—Resolution—That in the opinion of this House, the Ontario government should establish a Forestry Institute to generate new forestry-related industries in Northern Ontario by developing forest machinery and processing technologies as well as better forest management and silvicultural practices.
56. *Mr. Martel*—Resolution—That in the opinion of this House, the Ontario government should undertake a major decentralization of government office from Toronto to Northern Ontario in order:
 1. to ensure policies and programmes that affect Northern Ontario are formulated by staff with a clear understanding of the North;
 2. to provide local employment in Northern communities;
 3. to play a role in attracting other enterprises to Northern communities.
57. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Ontario government should establish a Northern Technology Research and Development Institute to develop new, secondary manufacturing opportunities applicable to Northern communities.
58. *Mr. Pouliot*—Resolution—That in the opinion of this House, the Ontario government should negotiate planning agreements with companies wanting access to publicly-owned natural resources. These agreements could include, but would not be limited to, guarantees from the company to employ and train local residents, to re-invest in Northern communities and to use the services of local businesses. Input from communities affected by resource development would play a major role in these negotiations.
59. *Mr. Wildman*—Resolution—That in the opinion of this House, the Ontario government should guarantee a just and equitable price for gasoline to Ontario consumers in all regions of the province by introducing legislation that would allow the Ontario government:
 1. to continually review gasoline prices;

2. to hold public hearings to determine a fair and reasonable price for gasoline products;
 3. to set maximum wholesale and retail prices for gasoline products and ensure these prices are uniform across the province;
 4. to permit increases in the wholesale or retail price of gasoline products only after they have been fully justified at a public hearing.
60. *Mr. Wildman*—Resolution—That in the opinion of this House, the Minister of Northern Development and Mines should establish an Ontario Mining Development Foundation to help generate new mining-related industries in Northern Ontario by developing exploration techniques, mineral processing techniques and related mining technologies.
61. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Ontario government should introduce legislation requiring companies which effect a major lay-off or plant closure to establish a Community Adjustment Fund. This fund is to be used by the affected municipality to develop new employment opportunities, to provide social services and to maintain municipal infrastructure.
62. *Mr. Foulds*—Resolution—That in the opinion of this Legislature, because of the devastating economic situation facing Northern Ontario including serious layoffs in single industry towns, the potential destruction of jobs due to the American proposed countervailing duty on the soft wood lumber industry, and a current unemployment rate twice that of the provincial average including in some communities an unemployment rate in excess of 35 per cent, the Treasurer of Ontario should accept recommendations not only of the New Democratic Party since 1977, but also of the Royal Commission on the Northern Environment (the Fahlgren Report) in 1985, the Advisory Committee on Resource Dependent Communities in Northern Ontario (the Rosehart Report) in 1986, and the Standing Committee on Resources Development in 1986, and establish immediately an independent Northern Ontario Economic Diversification Fund, managed by Northerners, in order to diversify the Northern Ontario economy, especially in single industry towns. Through loans, grants and joint ventures this fund would be invested in development projects that meet the priorities set through community, regional and provincial planning as well as through specific community resource planning agreements signed between the provincial government, the local communities and the resource industries involved. The monies to establish the fund would come from a consolidation of existing Northern Development Funds and programs and in addition through an earmarked percentage of provincial revenue from resource industry taxation.
-

QUESTIONS

(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Thursday will appear on each day of the following week.)

397. *Mr. Gillies*—Enquiry of the Ministry—Would the Premier provide the following information with regard to his High Technology Council: all members, including previous positions, criteria for members, date of council formation, dates and times of all meetings; purpose, recipient, and amount issued for all grants; a detailed breakdown of all administrative costs. *October 16, 1986.*

398. *Mr. O'Connor*—Enquiry of the Ministry—Would the Attorney General table all documentation provided as a legal opinion to the Government regarding a suitable severance package for Roderick Lewis. *October 16, 1986.*

399. *Mr. Jackson*—Enquiry of the Ministry—Would the Minister of Skills Development provide the names of all companies who have sought and/or gained permission from the Ministry to seek skilled tradespeople from out of Ontario and/or Canada since June 26, 1985, the number of workers sought in each case, and the type of skills required. *October 16, 1986.*

400. *Mr. Jackson*—Enquiry of the Ministry—Would the Minister of Skills Development provide copies of the audited financial statements for 1984-85 and 1985-86 from the Hamilton Youth Employment Counselling Centre, North Bay Youth Employment Counselling Centre, Bradford Youth Employment Counselling Centre, Simcoe Youth Employment Counselling Centre and North York Youth Employment Service. *October 16, 1986.*

401. *Mr. Treleaven*—Enquiry of the Ministry—Would the Minister of Agriculture and Food provide a complete list of all agricultural products presently being imported into the province which could be grown in Ontario. *October 21, 1986.*

402. *Mr. Sterling*—Enquiry of the Ministry—Would the Minister of Health provide documentation indicating the Government's policy on smoking tobacco in Provincially-run health care institutions. *October 21, 1986.*

403. *Mr. Sterling*—Enquiry of the Ministry—Would the Minister of Health provide documentation indicating how many people are prematurely dying in Ontario due to first and second-hand tobacco smoke. *October 21, 1986.*

404. *Mr. Sterling*—Enquiry of the Ministry—Would the Solicitor General provide the following information for Ontario for the years 1983, 1984, 1985, 1986: the number of fatalities resulting from police chases involving automobiles; the number of injuries sustained from police chases involving automobiles; the offence being investigated at the time of each police chase involving automobiles. *October 21, 1986.*

405. *Mr. Sterling*—Enquiry of the Ministry—Would the Solicitor General provide the Ministry policy regarding automobiles chases involving police. *October 21, 1986.*
406. *Mr. Sterling*—Enquiry of the Ministry—Would the Solicitor General provide a documented explanation of the tremendous increase in costs of the telecommunications system being developed for the Ontario Provincial Police. *October 21, 1986.*
407. *Mr. Sterling*—Enquiry of the Ministry—Would the Solicitor General provide the policies of all municipal police forces with respect to automobile chases involving police. *October 21, 1986.*
408. *Mr. Sterling*—Enquiry of the Ministry—Would the Premier provide documentation indicating what business has been conducted between the Ontario Government and private companies owned or partly owned by Ministers of the Crown since June 26, 1985. *October 21, 1986.*
409. *Mr. Gillies*—Enquiry of the Ministry—Would the Premier provide a comprehensive list of all Cabinet Ministers, Parliamentary Assistants, Ministry and personal staff who travelled to Cochrane North during the last by-election, including cost, accommodation, itinerary, length of stay, and a detailed summary of any government business conducted. *October 21, 1986.*
410. *Mr. McCague*—Enquiry of the Ministry—Would each Minister provide the number of copies of Annual Reports printed since June 26, 1985, the production cost per copy, the distribution list, and the total cost of producing and mailing the report. *October 22, 1986.*
411. *Mr. McCague*—Enquiry of the Ministry—Would each Minister provide documentation indicating all opinion polls commissioned since June 26, 1985, by whom the polls were commissioned; for what purposes; at what cost; any results. *October 22, 1986.*
-

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

(Precedence in accordance with the Order of the House passed on Wednesday, February 12, 1986, and pursuant to Standing Order 71 (d).)

Ballot Item No. 19

Second Reading Bill 133, An Act to amend the Liquor Control Act. Mr. Shymko. To be debated on Thursday, October 23, 1986.

Ballot Item No. 20

Mr. Hayes—Resolution—That in the opinion of this House, the current food policy of our province and our country has generated the present instability in food production and uncertainty among farmers as to the future and has resulted in many farm units being forced to supplement farm income with off-farm employment, or get out of farming either by selling out or through bankruptcy; and much of present confusion about farm production and marketing in this country stems from the contradictions and inconsistencies between the federal and the various provincial policies and programmes. Therefore, the provincial government strongly urges the federal government to legislate the transfer of powers over “intra” and “inter” provincial trade of each farm-produced commodity to the federal jurisdiction on the condition that the federal legislation must permit the establishment of national marketing structures for all farm produced commodities and must have the following powers: control of the product into, through and out of the marketing system to meet market demands; single desk selling; equality of delivery opportunity between producers; pooling of returns and costs among producers; elimination of manipulation, speculation and waste. The federal government should appoint commissioners to administer each of the marketing structures, which would be responsible to the federal government. The criteria for selecting commissioners would be based on their marketing expertise in the particular kind of commodity affected. They need not be producers of that commodity or of any other farm commodity (as is the case currently with the Canadian Wheat Board). In addition, the national policy to dictate overall production targets, and market-sharing agreements between provinces would need to be negotiated. To be debated on Thursday, October 23, 1986.

Ballot Item No. 21

Mr. Offer—Resolution—That in the opinion of this House, recognizing that purchasers of new homes are severely inconvenienced by multiple extensions of completion dates, the Ontario New Home Warranty Program immediately investigate what further protection could be given to these purchasers. To be debated on Thursday, October 30, 1986.

Ballot Item No. 22

Mr. McCague—Resolution—That this House recognizes the improved safety resulting from eye-level brake indicators on automobiles, and strongly encourages the Minister of Transportation and Communications to take appropriate measures: encourage the seeking of mandating of their installation on all new vehicles manufactured for sale in Ontario; to encourage citizens of Ontario to retrofit their vehicles. To be debated on Thursday, October 30, 1986.

Ballot Item No. 23

Mr. Foulds—Resolution—That in the opinion of this Legislature, because of the devastating economic situation facing Northern Ontario including serious layoffs in single industry towns, the potential destruction of jobs due to the American proposed countervailing duty on the soft wood lumber industry, and a current unemployment rate twice that of the provincial average including in some communities an unemployment rate in excess of 35 per cent, the Treasurer of Ontario should accept recommendations not only of the New Democratic Party since 1977, but also of the Royal Commission on the Northern Environment (the Fahlgren Report) in 1985, the Advisory Committee on Resource Dependent Communities in Northern Ontario (the Rosehart Report) in 1986, and the Standing Committee on Resources Development in 1986, and establish immediately an independent Northern Ontario Economic Diversification Fund, managed by Northerners, in order to diversify the Northern Ontario economy, especially in single industry towns. Through loans, grants and joint ventures this fund would be invested in development projects that meet the priorities set through community, regional and provincial planning as well as through specific community resource planning agreements signed between the provincial government, the local communities and the resource industries involved. The monies to establish the fund would come from a consolidation of existing Northern Development Funds and programs and in addition through an earmarked percentage of provincial revenue from resource industry taxation. *To be debated on Thursday November 6, 1986.*

Ballot Item No. 24

Mr. Callahan—Resolution—That in the opinion of this House, as the public does not understand the method of establishing levels of remuneration of Boards of Education and Municipal Councils and as there is no consistent principle province-wide, the Education Act and the Municipal Act should be amended so that any increase in honorarium to a Board of Education or Municipal Council may be made only once in a term of such Board or Council and within 60 days of the date on which an election is to be held. *To be debated on Thursday, November 6, 1986.*

BILLS REFERRED TO SELECT AND STANDING COMMITTEES

SELECT COMMITTEE ON HEALTH

Bill 52, An Act to amend the Health Protection and Promotion Act, 1983. *Mr. Pierce.* (*Referred April 22, 1986, Originally Referred November 21, 1985.*)

NOTICES

GOVERNMENT MOTION

5. *Debated May 13, 14, 15, 20, 21, 22, 26 and 27, 1986.*
-

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action.
2. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
3. *Mr. Warner*—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6) calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter

complies with the U.N. resolutions on Cyprus and shows a respect for international law.

5. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.
8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson's statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.
9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:
 - (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;
 - (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lender) the judge may grant leave for foreclosure or commencement of bankruptcy

proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.
15. *Mr. McCague*—Resolution—That this House recognizes the improved safety resulting from eye-level brake indicators on automobiles, and strongly encourages the Minister of Transportation and Communications to take appropriate measures: encourage the seeking of mandating of their installation on all new vehicles manufactured for sale in Ontario; to encourage citizens of Ontario to retrofit their vehicles.
16. *Mr. Wildman*—Resolution—That this House should request the Ontario government to amend this province's mining tax system to ensure sufficient revenues accrue to the provincial treasury from the mining companies to enable the government to allocate a reserve fund, as part of a "Northern Ontario Tomorrow Fund", to be distributed as grants, loans and guarantees for individuals, community groups, co-operatives and small businesses and temporary extraordinary grants to municipalities to assist in the economic recovery from the adverse effects of mine shutdowns.
18. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministries of Natural Resources and Transportation and Communications should implement, jointly, a formal testing program to investigate the effectiveness of the "wildlife saver" devices when attached to automobiles, to determine whether the use of these devices would have adverse effects on either the general public or domestic animals and wild game, and to study the feasibility of requiring the installation of these devices on motor vehicles in certain regions of the province or throughout Ontario.
21. *Mr. Mackenzie*—Resolution—That in the opinion of this House, recognizing that certain classes of workers are discriminated against by the denial of rights provided to other workers, the regulations under the *Employment Standards Act* should be amended to provide that the standards set by the Act relating to hours of work, overtime pay and public holidays are applicable to persons employed in landscape gardening, mushroom growing, the growing of flowers for the retail and wholesale trade, the growing, transporting and laying of sod, and the growing of trees and shrubs for wholesale and retail trade.

23. *Mr. Lupusella*—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of education and social services from the residential property tax base to progressive sources of revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses.
28. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the Canadian Transport Commission has approved a plan to allow the testing of electronic monitoring devices by Canadian National Railways and the Canadian Pacific Railway whose avowed aim is to eliminate the use of a caboose at the rear of trains, and recognizing the important role played by tail-end crews in protecting the public safety, preventing accidents and minimizing injury and damage in accidents that do occur, the Government of Ontario should urge the Government of Canada to continue to require every train to operate with a caboose.
29. *Mr. Swart*—Resolution—That in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) The formation of a separate branch or division with a registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) disclosure of names and background of officers and directors of franchisor; (4) application to all industries and all franchises within each industry; (5) the franchisee to have a four-day cooling off period; (6) prohibition against dealing in franchises except as provided; (7) exemption of liability by franchisee for future damages; (8) the administrators of the Act to have authority to discourage: (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; and (e) competitive and discriminatory practices by franchisors.
30. *Mr. Cooke (Windsor-Riverside)*—Resolution—That in the opinion of this House, since hospital nurses and public health nurses provide work of equal value, the Minister of Health should move immediately to implement the government's policy of equal pay for work of equal value and establish parity between public health nurses and their counterparts in hospitals, by mak-

ing additional funding available to Public Health Boards specifically for the purpose of implementing parity.

36. *Mr. Mackenzie*—Resolution—That in the opinion of this House, recognizing that certain classes of workers are discriminated against by the denial of rights provided to other workers, the regulations under the Employment Standards Act should be amended to provide that the standards set by the Act relating to hours of work, overtime pay, and public holidays are applicable to a person employed as a superintendent, janitor or caretaker of a residential building who resides in the building.
37. *Mr. Callahan*—Resolution—That, in the opinion of this House, as the public does not understand the method of establishing levels of remuneration of Boards of Education and Municipal Councils and as there is no consistent principle province-wide, the Education Act and the Municipal Act should be amended so that any increase in honorarium to a Board of Education or Municipal Council may be made only once in a term of such Board or Council and within 60 days of the date on which an election is to be held.
40. *Mr. Swart*—Resolution—That in the opinion of this House, recognizing that the Slater Task Force has failed to propose recommendations to resolve the massive insurance problems and, in particular, failed to investigate and report on the financial and other benefits of the public auto insurance plans as practiced in Manitoba, Saskatchewan, and British Columbia, the Government of Ontario should proceed, immediately, with the development of the most appropriate provincial public motor vehicle insurance plan for implementation not later than January 1, 1988. Such plan, unlike the Slater recommendations, would fully redress the major problems of the present system identified by the NDP Caucus Insurance Committee, namely:—arbitrary cancellation of insurance;—all drivers in a household penalized for one driver's record;—discriminatory rates for age, sex or marital status;—the growing number of uninsured drivers in Ontario;—non-existent or inadequate no-fault compensation;—excessive premiums and escalating rates generally.
42. *Mr. Breaugh*—Resolution—That this House urges the Government of Ontario to make the same financial support available for municipal election campaigns as exists for provincial campaigns, by providing contributors with tax credits and candidates with campaign subsidies, in the following manner:
 1. Individual municipalities, school boards and public utilities commissions would be permitted to opt into a provincial plan created by statute.
 2. Under the provincial plan, candidates would register with the Commission on Election Contributions and Expenses. Registered candidates would be required to file detailed returns of contributions received and expenses incurred, and their contributors would receive official receipts entitling them to credits against provincial income tax in the same manner as contributors to provincial election campaigns.

3. A registered candidate who received at least 15 per cent of the popular vote would be entitled to the same reimbursement by the Commission as a candidate in a provincial election.
44. *Mr. Breough*—Resolution—That in the opinion of this House the following actions are urgently needed to defend the physical and mental health of peoples effected by the Chernobyl tragedy:
1. that the UN form an International Investigative Committee of scientists and medical experts to enter Ukraine to assess the extent of danger;
 2. that Canada declare its preparedness to contribute emergency aid—medicine, food, technical personnel as needed;
 3. that Canada announce an open door policy for family reunification and sponsorship of immigrants wishing to leave Ukraine; and
 4. that the USSR permit communication between Canadians and other relatives in Ukraine.
47. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing the profound effect of the recent visit (including his direct appeal to the Legislature of Ontario) of Bishop Desmond Tutu on all Canadians; recognizing the warning of a potential bloodbath contained in the Eminent Persons Report of June 12, 1986, and recognizing that the increasing crisis in south Africa can only be affected by outside influences if substantive sanctions are brought to bear on South Africa, the government of Ontario should adopt the following policies to express the province's solidarity with the struggle for freedom for Blacks in South Africa and to express the anger and abhorrence of the Ontario people against the crime of apartheid:
- 1) A continuation of the ban of the import of all South African Liquor and an auction of all present South African liquor products in stock at liquor stores and LCBO warehouses, with the full proceeds going to victims of apartheid.
 - 2) Government procurement policies prohibiting the purchase of goods or services from companies with direct investments in South Africa.
 - 3) A ban on the purchase on South African goods or services by the Ontario government and public institutions funded by the Ontario government including hospitals and community colleges.
 - 4) Using the Ontario government's 1.5 per cent equity share in Varsity Corporation formerly Massey-Ferguson to persuade that company to cease doing business in South Africa, and failing that, divestment of the shares.
 - 5) Divestment by government agencies of pension fund investments in companies with direct investment in South Africa.

- 6) Increased pressure on the federal government to impose full economic sanctions against South Africa.
 - 7) Solidarity with the heroic struggle being waged by the ANC, the United Democratic Front and the unions of COSATU and CUSA in the battle against apartheid in South Africa.
49. *Mr. Hayes*—Resolution—That in the opinion of this House, the current food policy of our province and our country has generated the present instability in food production and uncertainty among farmers as to the future and has resulted in many farm units being forced to supplement farm income with off-farm employment, or get out of farming either by selling out or through bankruptcy; and much of present confusion about farm production and marketing in this country stems from the contradictions and inconsistencies between the federal and the various provincial policies and programmes. Therefore, the provincial government strongly urges the federal government to legislate the transfer of powers over “intra” and “inter” provincial trade of each farm-produced commodity to the federal jurisdiction on the condition that the federal legislation must permit the establishment of national marketing structures for all farm produced commodities and must have the following powers: control of the product into, through and out of the marketing system to meet market demands; single desk selling; equality of delivery opportunity between producers; pooling of returns and costs among producers; elimination of manipulation, speculation and waste. The federal government should appoint commissioners to administer each of the marketing structures, which would be responsible to the federal government. The criteria for selecting commissioners would be based on their marketing expertise in the particular kind of commodity affected. They need not be producers of that commodity or of any other farm commodity (as is the case currently with the Canadian Wheat Board). In addition, the national policy to dictate overall production targets, and market-sharing agreements between provinces would need to be negotiated.
50. *Mr. Offer*—Resolution—That in the opinion of this House, recognizing that purchasers of new homes are severely inconvenienced by multiple extensions of completion dates, the Ontario New Home Warranty Program immediately investigate what further protection could be given to these purchasers.
51. *Mr. Foulds*—Resolution—That in the opinion of this House, the Treasurer of Ontario should establish a permanent Northern Ontario Fund, managed by Northerners. This fund would be invested, through loans, grants and joint ventures, in development projects that meet the priorities set through community, regional and provincial planning. The monies to establish the fund would come from a consolidation of existing Northern development funds and programmes, and, in addition, through an earmarked percentage of current provincial revenue from resource industry taxation.
52. *Mr. Rae*—Resolution—That in the opinion of this House, the Minister of Health should take steps to establish a medical school and health research facility in Northern Ontario to encourage more health professionals to practise in the North, to provide better health care services for Northerners and

to attract job-creating enterprises involved in the research and production of health related products.

53. *Mr. Mackenzie*—Resolution—That in the opinion of this House, the Minister of Labour should introduce changes to the Employment Standards Act which would require six months notice when more than 50 workers are to be permanently laid off by an employer within a six month period.
54. *Mr. Laughren*—Resolution—That in the opinion of this House, the Minister of Natural Resources should develop a comprehensive wood utilization policy and enforcement programme to ensure the most valuable end use of our forest resource. Further, the Minister should initiate a task force to study improved and alternate forest management practices.
55. *Mr. Laughren*—Resolution—That in the opinion of this House, the Ontario government should establish a Forestry Institute to generate new forestry-related industries in Northern Ontario by developing forest machinery and processing technologies as well as better forest management and silvicultural practices.
56. *Mr. Martel*—Resolution—That in the opinion of this House, the Ontario government should undertake a major decentralization of government office from Toronto to Northern Ontario in order:
 1. to ensure policies and programmes that affect Northern Ontario are formulated by staff with a clear understanding of the North;
 2. to provide local employment in Northern communities;
 3. to play a role in attracting other enterprises to Northern communities.
57. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Ontario government should establish a Northern Technology Research and Development Institute to develop new, secondary manufacturing opportunities applicable to Northern communities.
58. *Mr. Pouliot*—Resolution—That in the opinion of this House, the Ontario government should negotiate planning agreements with companies wanting access to publicly-owned natural resources. These agreements could include, but would not be limited to, guarantees from the company to employ and train local residents, to re-invest in Northern communities and to use the services of local businesses. Input from communities affected by resource development would play a major role in these negotiations.
59. *Mr. Wildman*—Resolution—That in the opinion of this House, the Ontario government should guarantee a just and equitable price for gasoline to Ontario consumers in all regions of the province by introducing legislation that would allow the Ontario government:
 1. to continually review gasoline prices;

2. to hold public hearings to determine a fair and reasonable price for gasoline products;
 3. to set maximum wholesale and retail prices for gasoline products and ensure these prices are uniform across the province;
 4. to permit increases in the wholesale or retail price of gasoline products only after they have been fully justified at a public hearing.
60. *Mr. Wildman*—Resolution—That in the opinion of this House, the Minister of Northern Development and Mines should establish an Ontario Mining Development Foundation to help generate new mining-related industries in Northern Ontario by developing exploration techniques, mineral processing techniques and related mining technologies.
61. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Ontario government should introduce legislation requiring companies which effect a major lay-off or plant closure to establish a Community Adjustment Fund. This fund is to be used by the affected municipality to develop new employment opportunities, to provide social services and to maintain municipal infrastructure.
62. *Mr. Foulds*—Resolution—That in the opinion of this Legislature, because of the devastating economic situation facing Northern Ontario including serious layoffs in single industry towns, the potential destruction of jobs due to the American proposed countervailing duty on the soft wood lumber industry, and a current unemployment rate twice that of the provincial average including in some communities an unemployment rate in excess of 35 per cent, the Treasurer of Ontario should accept recommendations not only of the New Democratic Party since 1977, but also of the Royal Commission on the Northern Environment (the Fahlgren Report) in 1985, the Advisory Committee on Resource Dependent Communities in Northern Ontario (the Rosehart Report) in 1986, and the Standing Committee on Resources Development in 1986, and establish immediately an independent Northern Ontario Economic Diversification Fund, managed by Northerners, in order to diversify the Northern Ontario economy, especially in single industry towns. Through loans, grants and joint ventures this fund would be invested in development projects that meet the priorities set through community, regional and provincial planning as well as through specific community resource planning agreements signed between the provincial government, the local communities and the resource industries involved. The monies to establish the fund would come from a consolidation of existing Northern Development Funds and programs and in addition through an earmarked percentage of provincial revenue from resource industry taxation.
63. *Mr. Hayes*—Resolution—That in the opinion of this House, recognizing that this year and next year the farmers of this province are facing the worst financial crisis since the depression and it is now estimated that one third of all farmers with Farm Credit Corporation loans are in jeopardy and, recognizing that traditionally Ontario provides substantially less financial assistance to its farmers than other provinces do, the Government of Ontario should, through supplementary estimates this fall and a new budget in the

spring, increase its overall financial assistance to agriculture producers to at least the average level of the other provinces in Canada.

QUESTIONS

(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Thursday will appear on each day of the following week.)

397. *Mr. Gillies*—Enquiry of the Ministry—Would the Premier provide the following information with regard to his High Technology Council: all members, including previous positions, criteria for members, date of council formation, dates and times of all meetings; purpose, recipient, and amount issued for all grants; a detailed breakdown of all administrative costs. *October 16, 1986.*

398. *Mr. O'Connor*—Enquiry of the Ministry—Would the Attorney General table all documentation provided as a legal opinion to the Government regarding a suitable severance package for Roderick Lewis. *October 16, 1986.*

399. *Mr. Jackson*—Enquiry of the Ministry—Would the Minister of Skills Development provide the names of all companies who have sought and/or gained permission from the Ministry to seek skilled tradespeople from out of Ontario and/or Canada since June 26, 1985, the number of workers sought in each case, and the type of skills required. *October 16, 1986.*

400. *Mr. Jackson*—Enquiry of the Ministry—Would the Minister of Skills Development provide copies of the audited financial statements for 1984-85 and 1985-86 from the Hamilton Youth Employment Counselling Centre, North Bay Youth Employment Counselling Centre, Bradford Youth Employment Counselling Centre, Simcoe Youth Employment Counselling Centre and North York Youth Employment Service. *October 16, 1986.*

401. *Mr. Treleaven*—Enquiry of the Ministry—Would the Minister of Agriculture and Food provide a complete list of all agricultural products presently being imported into the province which could be grown in Ontario. *October 21, 1986.*

402. *Mr. Sterling*—Enquiry of the Ministry—Would the Minister of Health provide documentation indicating the Government's policy on smoking tobacco in Provincially-run health care institutions. *October 21, 1986.*

403. *Mr. Sterling*—Enquiry of the Ministry—Would the Minister of Health provide documentation indicating how many people are prematurely dying in Ontario due to first and second-hand tobacco smoke. *October 21, 1986.*

404. *Mr. Sterling*—Enquiry of the Ministry—Would the Solicitor General provide the following information for Ontario for the years 1983, 1984, 1985, 1986: the number of fatalities resulting from police chases involving automobiles; the number of injuries sustained from police chases involving automobiles; the offence being investigated at the time of each police chase involving automobiles. *October 21, 1986.*

405. *Mr. Sterling*—Enquiry of the Ministry—Would the Solicitor General provide the Ministry policy regarding automobiles chases involving police. *October 21, 1986.*
406. *Mr. Sterling*—Enquiry of the Ministry—Would the Solicitor General provide a documented explanation of the tremendous increase in costs of the telecommunications system being developed for the Ontario Provincial Police. *October 21, 1986.*
407. *Mr. Sterling*—Enquiry of the Ministry—Would the Solicitor General provide the policies of all municipal police forces with respect to automobile chases involving police. *October 21, 1986.*
408. *Mr. Sterling*—Enquiry of the Ministry—Would the Premier provide documentation indicating what business has been conducted between the Ontario Government and private companies owned or partly owned by Ministers of the Crown since June 26, 1985. *October 21, 1986.*
409. *Mr. Gillies*—Enquiry of the Ministry—Would the Premier provide a comprehensive list of all Cabinet Ministers, Parliamentary Assistants, Ministry and personal staff who travelled to Cochrane North during the last by-election, including cost, accommodation, itinerary, length of stay, and a detailed summary of any government business conducted. *October 21, 1986.*
410. *Mr. McCague*—Enquiry of the Ministry—Would each Minister provide the number of copies of Annual Reports printed since June 26, 1985, the production cost per copy, the distribution list, and the total cost of producing and mailing the report. *October 22, 1986.*
411. *Mr. McCague*—Enquiry of the Ministry—Would each Minister provide documentation indicating all opinion polls commissioned since June 26, 1985, by whom the polls were commissioned; for what purposes; at what cost; any results. *October 22, 1986.*
412. *Mr. Philip*—Enquiry of the Ministry—Would the Solicitor General inform the House of the number of charges laid against individual grocery stores for opening on Sunday, during the month of October 1986, and are the number of charges being laid increasing or decreasing. Is it the intention of the Minister that charges will continue to be laid for these violations. *October 23, 1986.*
-

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

(Precedence in accordance with the Order of the House passed on Wednesday, February 12, 1986, and pursuant to Standing Order 71 (d).)

Ballot Item No. 19

Second Reading Bill 133, An Act to amend the Liquor Control Act. Mr. Shymko. To be debated on today.

Ballot Item No. 20

Mr. Hayes—Resolution—That in the opinion of this House, the current food policy of our province and our country has generated the present instability in food production and uncertainty among farmers as to the future and has resulted in many farm units being forced to supplement farm income with off-farm employment, or get out of farming either by selling out or through bankruptcy; and much of present confusion about farm production and marketing in this country stems from the contradictions and inconsistencies between the federal and the various provincial policies and programmes. Therefore, the provincial government strongly urges the federal government to legislate the transfer of powers over “intra” and “inter” provincial trade of each farm-produced commodity to the federal jurisdiction on the condition that the federal legislation must permit the establishment of national marketing structures for all farm produced commodities and must have the following powers: control of the product into, through and out of the marketing system to meet market demands; single desk selling; equality of delivery opportunity between producers; pooling of returns and costs among producers; elimination of manipulation, speculation and waste. The federal government should appoint commissioners to administer each of the marketing structures, which would be responsible to the federal government. The criteria for selecting commissioners would be based on their marketing expertise in the particular kind of commodity affected. They need not be producers of that commodity or of any other farm commodity (as is the case currently with the Canadian Wheat Board). In addition, the national policy to dictate overall production targets, and market-sharing agreements between provinces would need to be negotiated. To be debated today.

Ballot Item No. 21

Mr. Offer—Resolution—That in the opinion of this House, recognizing that purchasers of new homes are severely inconvenienced by multiple extensions of completion dates, the Ontario New Home Warranty Program immediately investigate what further protection could be given to these purchasers. To be debated on Thursday, October 30, 1986.

Ballot Item No. 22

Mr. McCague—Resolution—That this House recognizes the improved safety resulting from eye-level brake indicators on automobiles, and strongly encourages the Minister of Transportation and Communications to take appropriate measures: encourage the seeking of mandating of their installation on all new vehicles manufactured for sale in Ontario; to encourage citizens of Ontario to retrofit their vehicles. To be debated on Thursday, October 30, 1986.

Ballot Item No. 23

*Mr. Foulds—Resolution—*That in the opinion of this Legislature, because of the devastating economic situation facing Northern Ontario including serious layoffs in single industry towns, the potential destruction of jobs due to the American proposed countervailing duty on the soft wood lumber industry, and a current unemployment rate twice that of the provincial average including in some communities an unemployment rate in excess of 35 per cent, the Treasurer of Ontario should accept recommendations not only of the New Democratic Party since 1977, but also of the Royal Commission on the Northern Environment (the Fahlgren Report) in 1985, the Advisory Committee on Resource Dependent Communities in Northern Ontario (the Rosehart Report) in 1986, and the Standing Committee on Resources Development in 1986, and establish immediately an independent Northern Ontario Economic Diversification Fund, managed by Northerners, in order to diversify the Northern Ontario economy, especially in single industry towns. Through loans, grants and joint ventures this fund would be invested in development projects that meet the priorities set through community, regional and provincial planning as well as through specific community resource planning agreements signed between the provincial government, the local communities and the resource industries involved. The monies to establish the fund would come from a consolidation of existing Northern Development Funds and programs and in addition through an earmarked percentage of provincial revenue from resource industry taxation. *To be debated on Thursday November 6, 1986.*

Ballot Item No. 24

*Mr. Callahan—Resolution—*That in the opinion of this House, as the public does not understand the method of establishing levels of remuneration of Boards of Education and Municipal Councils and as there is no consistent principle province-wide, the Education Act and the Municipal Act should be amended so that any increase in honorarium to a Board of Education or Municipal Council may be made only once in a term of such Board or Council and within 60 days of the date on which an election is to be held. *To be debated on Thursday, November 6, 1986.*

BILLS REFERRED TO SELECT AND STANDING COMMITTEES

SELECT COMMITTEE ON HEALTH

Bill 52, An Act to amend the Health Protection and Promotion Act, 1983. *Mr. Pierce.* (Referred April 22, 1986, Originally Referred November 21, 1985.)

NOTICES

GOVERNMENT MOTION

5. *Debated May 13, 14, 15, 20, 21, 22, 26 and 27, 1986.*
-

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action.
2. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
3. *Mr. Warner*—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6) calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter

complies with the U.N. resolutions on Cyprus and shows a respect for international law.

5. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.

8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson's statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.

9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:

- (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;
- (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lender) the judge may grant leave for foreclosure or commencement of bankruptcy

proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.
15. *Mr. McCague*—Resolution—That this House recognizes the improved safety resulting from eye-level brake indicators on automobiles, and strongly encourages the Minister of Transportation and Communications to take appropriate measures: encourage the seeking of mandating of their installation on all new vehicles manufactured for sale in Ontario; to encourage citizens of Ontario to retrofit their vehicles.
16. *Mr. Wildman*—Resolution—That this House should request the Ontario government to amend this province's mining tax system to ensure sufficient revenues accrue to the provincial treasury from the mining companies to enable the government to allocate a reserve fund, as part of a "Northern Ontario Tomorrow Fund", to be distributed as grants, loans and guarantees for individuals, community groups, co-operatives and small businesses and temporary extraordinary grants to municipalities to assist in the economic recovery from the adverse effects of mine shutdowns.
18. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministries of Natural Resources and Transportation and Communications should implement, jointly, a formal testing program to investigate the effectiveness of the "wildlife saver" devices when attached to automobiles, to determine whether the use of these devices would have adverse effects on either the general public or domestic animals and wild game, and to study the feasibility of requiring the installation of these devices on motor vehicles in certain regions of the province or throughout Ontario.
21. *Mr. Mackenzie*—Resolution—That in the opinion of this House, recognizing that certain classes of workers are discriminated against by the denial of rights provided to other workers, the regulations under the *Employment Standards Act* should be amended to provide that the standards set by the Act relating to hours of work, overtime pay and public holidays are applicable to persons employed in landscape gardening, mushroom growing, the growing of flowers for the retail and wholesale trade, the growing, transporting and laying of sod, and the growing of trees and shrubs for wholesale and retail trade.

23. *Mr. Lupusella*—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of education and social services from the residential property tax base to progressive sources of revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses.
28. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the Canadian Transport Commission has approved a plan to allow the testing of electronic monitoring devices by Canadian National Railways and the Canadian Pacific Railway whose avowed aim is to eliminate the use of a caboose at the rear of trains, and recognizing the important role played by tail-end crews in protecting the public safety, preventing accidents and minimizing injury and damage in accidents that do occur, the Government of Ontario should urge the Government of Canada to continue to require every train to operate with a caboose.
29. *Mr. Swart*—Resolution—That in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) The formation of a separate branch or division with a registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) disclosure of names and background of officers and directors of franchisor; (4) application to all industries and all franchises within each industry; (5) the franchisee to have a four-day cooling off period; (6) prohibition against dealing in franchises except as provided; (7) exemption of liability by franchisee for future damages; (8) the administrators of the Act to have authority to discourage: (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; and (e) competitive and discriminatory practices by franchisors.
30. *Mr. Cooke (Windsor-Riverside)*—Resolution—That in the opinion of this House, since hospital nurses and public health nurses provide work of equal value, the Minister of Health should move immediately to implement the government's policy of equal pay for work of equal value and establish parity between public health nurses and their counterparts in hospitals, by mak-

ing additional funding available to Public Health Boards specifically for the purpose of implementing parity.

36. *Mr. Mackenzie*—Resolution—That in the opinion of this House, recognizing that certain classes of workers are discriminated against by the denial of rights provided to other workers, the regulations under the Employment Standards Act should be amended to provide that the standards set by the Act relating to hours of work, overtime pay, and public holidays are applicable to a person employed as a superintendent, janitor or caretaker of a residential building who resides in the building.
37. *Mr. Callahan*—Resolution—That, in the opinion of this House, as the public does not understand the method of establishing levels of remuneration of Boards of Education and Municipal Councils and as there is no consistent principle province-wide, the Education Act and the Municipal Act should be amended so that any increase in honorarium to a Board of Education or Municipal Council may be made only once in a term of such Board or Council and within 60 days of the date on which an election is to be held.
40. *Mr. Swart*—Resolution—That in the opinion of this House, recognizing that the Slater Task Force has failed to propose recommendations to resolve the massive insurance problems and, in particular, failed to investigate and report on the financial and other benefits of the public auto insurance plans as practiced in Manitoba, Saskatchewan, and British Columbia, the Government of Ontario should proceed, immediately, with the development of the most appropriate provincial public motor vehicle insurance plan for implementation not later than January 1, 1988. Such plan, unlike the Slater recommendations, would fully redress the major problems of the present system identified by the NDP Caucus Insurance Committee, namely:—arbitrary cancellation of insurance;—all drivers in a household penalized for one driver's record;—discriminatory rates for age, sex or marital status;—the growing number of uninsured drivers in Ontario;—non-existent or inadequate no-fault compensation;—excessive premiums and escalating rates generally.
42. *Mr. Breough*—Resolution—That this House urges the Government of Ontario to make the same financial support available for municipal election campaigns as exists for provincial campaigns, by providing contributors with tax credits and candidates with campaign subsidies, in the following manner:
 1. Individual municipalities, school boards and public utilities commissions would be permitted to opt into a provincial plan created by statute.
 2. Under the provincial plan, candidates would register with the Commission on Election Contributions and Expenses. Registered candidates would be required to file detailed returns of contributions received and expenses incurred, and their contributors would receive official receipts entitling them to credits against provincial income tax in the same manner as contributors to provincial election campaigns.

3. A registered candidate who received at least 15 per cent of the popular vote would be entitled to the same reimbursement by the Commission as a candidate in a provincial election.

44. *Mr. Breaugh*—Resolution—That in the opinion of this House the following actions are urgently needed to defend the physical and mental health of peoples effected by the Chernobyl tragedy:

1. that the UN form an International Investigative Committee of scientists and medical experts to enter Ukraine to assess the extent of danger;
2. that Canada declare its preparedness to contribute emergency aid—medicine, food, technical personnel as needed;
3. that Canada announce an open door policy for family reunification and sponsorship of immigrants wishing to leave Ukraine; and
4. that the USSR permit communication between Canadians and other relatives in Ukraine.

47. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing the profound effect of the recent visit (including his direct appeal to the Legislature of Ontario) of Bishop Desmond Tutu on all Canadians; recognizing the warning of a potential bloodbath contained in the Eminent Persons Report of June 12, 1986, and recognizing that the increasing crisis in south Africa can only be affected by outside influences if substantive sanctions are brought to bear on South Africa, the government of Ontario should adopt the following policies to express the province's solidarity with the struggle for freedom for Blacks in South Africa and to express the anger and abhorrence of the Ontario people against the crime of apartheid:

- 1) A continuation of the ban of the import of all South African Liquor and an auction of all present South African liquor products in stock at liquor stores and LCBO warehouses, with the full proceeds going to victims of apartheid.
- 2) Government procurement policies prohibiting the purchase of goods or services from companies with direct investments in South Africa.
- 3) A ban on the purchase on South African goods or services by the Ontario government and public institutions funded by the Ontario government including hospitals and community colleges.
- 4) Using the Ontario government's 1.5 per cent equity share in Varsity Corporation formerly Massey-Ferguson to persuade that company to cease doing business in South Africa, and failing that, divestment of the shares.
- 5) Divestment by government agencies of pension fund investments in companies with direct investment in South Africa.

- 6) Increased pressure on the federal government to impose full economic sanctions against South Africa.
 - 7) Solidarity with the heroic struggle being waged by the ANC, the United Democratic Front and the unions of COSATU and CUSA in the battle against apartheid in South Africa.
49. *Mr. Hayes*—Resolution—That in the opinion of this House, the current food policy of our province and our country has generated the present instability in food production and uncertainty among farmers as to the future and has resulted in many farm units being forced to supplement farm income with off-farm employment, or get out of farming either by selling out or through bankruptcy; and much of present confusion about farm production and marketing in this country stems from the contradictions and inconsistencies between the federal and the various provincial policies and programmes. Therefore, the provincial government strongly urges the federal government to legislate the transfer of powers over “intra” and “inter” provincial trade of each farm-produced commodity to the federal jurisdiction on the condition that the federal legislation must permit the establishment of national marketing structures for all farm produced commodities and must have the following powers: control of the product into, through and out of the marketing system to meet market demands; single desk selling; equality of delivery opportunity between producers; pooling of returns and costs among producers; elimination of manipulation, speculation and waste. The federal government should appoint commissioners to administer each of the marketing structures, which would be responsible to the federal government. The criteria for selecting commissioners would be based on their marketing expertise in the particular kind of commodity affected. They need not be producers of that commodity or of any other farm commodity (as is the case currently with the Canadian Wheat Board). In addition, the national policy to dictate overall production targets, and market-sharing agreements between provinces would need to be negotiated.
50. *Mr. Offer*—Resolution—That in the opinion of this House, recognizing that purchasers of new homes are severely inconvenienced by multiple extensions of completion dates, the Ontario New Home Warranty Program immediately investigate what further protection could be given to these purchasers.
51. *Mr. Foulds*—Resolution—That in the opinion of this House, the Treasurer of Ontario should establish a permanent Northern Ontario Fund, managed by Northerners. This fund would be invested, through loans, grants and joint ventures, in development projects that meet the priorities set through community, regional and provincial planning. The monies to establish the fund would come from a consolidation of existing Northern development funds and programmes, and, in addition, through an earmarked percentage of current provincial revenue from resource industry taxation.
52. *Mr. Rae*—Resolution—That in the opinion of this House, the Minister of Health should take steps to establish a medical school and health research facility in Northern Ontario to encourage more health professionals to practise in the North, to provide better health care services for Northerners and

to attract job-creating enterprises involved in the research and production of health related products.

53. *Mr. Mackenzie*—Resolution—That in the opinion of this House, the Minister of Labour should introduce changes to the Employment Standards Act which would require six months notice when more than 50 workers are to be permanently laid off by an employer within a six month period.
54. *Mr. Laughren*—Resolution—That in the opinion of this House, the Minister of Natural Resources should develop a comprehensive wood utilization policy and enforcement programme to ensure the most valuable end use of our forest resource. Further, the Minister should initiate a task force to study improved and alternate forest management practices.
55. *Mr. Laughren*—Resolution—That in the opinion of this House, the Ontario government should establish a Forestry Institute to generate new forestry-related industries in Northern Ontario by developing forest machinery and processing technologies as well as better forest management and silvicultural practices.
56. *Mr. Martel*—Resolution—That in the opinion of this House, the Ontario government should undertake a major decentralization of government office from Toronto to Northern Ontario in order:
 1. to ensure policies and programmes that affect Northern Ontario are formulated by staff with a clear understanding of the North;
 2. to provide local employment in Northern communities;
 3. to play a role in attracting other enterprises to Northern communities.
57. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Ontario government should establish a Northern Technology Research and Development Institute to develop new, secondary manufacturing opportunities applicable to Northern communities.
58. *Mr. Pouliot*—Resolution—That in the opinion of this House, the Ontario government should negotiate planning agreements with companies wanting access to publicly-owned natural resources. These agreements could include, but would not be limited to, guarantees from the company to employ and train local residents, to re-invest in Northern communities and to use the services of local businesses. Input from communities affected by resource development would play a major role in these negotiations.
59. *Mr. Wildman*—Resolution—That in the opinion of this House, the Ontario government should guarantee a just and equitable price for gasoline to Ontario consumers in all regions of the province by introducing legislation that would allow the Ontario government:
 1. to continually review gasoline prices;

2. to hold public hearings to determine a fair and reasonable price for gasoline products;
 3. to set maximum wholesale and retail prices for gasoline products and ensure these prices are uniform across the province;
 4. to permit increases in the wholesale or retail price of gasoline products only after they have been fully justified at a public hearing.
60. *Mr. Wildman*—Resolution—That in the opinion of this House, the Minister of Northern Development and Mines should establish an Ontario Mining Development Foundation to help generate new mining-related industries in Northern Ontario by developing exploration techniques, mineral processing techniques and related mining technologies.
61. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Ontario government should introduce legislation requiring companies which effect a major lay-off or plant closure to establish a Community Adjustment Fund. This fund is to be used by the affected municipality to develop new employment opportunities, to provide social services and to maintain municipal infrastructure.
62. *Mr. Foulds*—Resolution—That in the opinion of this Legislature, because of the devastating economic situation facing Northern Ontario including serious layoffs in single industry towns, the potential destruction of jobs due to the American proposed countervailing duty on the soft wood lumber industry, and a current unemployment rate twice that of the provincial average including in some communities an unemployment rate in excess of 35 per cent, the Treasurer of Ontario should accept recommendations not only of the New Democratic Party since 1977, but also of the Royal Commission on the Northern Environment (the Fahlgren Report) in 1985, the Advisory Committee on Resource Dependent Communities in Northern Ontario (the Rosehart Report) in 1986, and the Standing Committee on Resources Development in 1986, and establish immediately an independent Northern Ontario Economic Diversification Fund, managed by Northerners, in order to diversify the Northern Ontario economy, especially in single industry towns. Through loans, grants and joint ventures this fund would be invested in development projects that meet the priorities set through community, regional and provincial planning as well as through specific community resource planning agreements signed between the provincial government, the local communities and the resource industries involved. The monies to establish the fund would come from a consolidation of existing Northern Development Funds and programs and in addition through an earmarked percentage of provincial revenue from resource industry taxation.
63. *Debated Thursday, October 23, 1986.*
-

QUESTIONS

(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Thursday will appear on each day of the following week.)

NOTE:

†Interim Answers to Questions 342 to 373 inclusive tabled October 14, 1986.
Approximate date information available October 31, 1986.

82. *Mr. Cooke* (Windsor-Riverside)—Enquiry of the Ministry—Will the Minister of Health table all outstanding non-compliances, in all Nursing Homes either operated, owned or managed by Carewell Corporation. Further, will the Minister table all inspection information on these Nursing Homes on record since June 1984. *November 1, 1985. Interim Answer* tabled November 18, 1985. Approximate date information available November 22, 1985.

141. *Mr. Bernier*—Enquiry of the Ministry—Would each Minister table information on the number of trips he/she has taken on Ontario Government aircraft, and charter aircraft, from September 1, 1985 to November 28, 1985. -

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

(Precedence in accordance with the Order of the House passed on Wednesday, February 12, 1986, and pursuant to Standing Order 71 (d).)

Ballot Item Nos. 19 and 20. *Debated Thursday, October 23, 1986.*

Ballot Item No. 21

Mr. Offer—Resolution—That in the opinion of this House, recognizing that purchasers of new homes are severely inconvenienced by multiple extensions of completion dates, the Ontario New Home Warranty Program immediately investigate what further protection could be given to these purchasers. To be debated on Thursday, October 30, 1986.

Ballot Item No. 22

Mr. McCague—Resolution—That this House recognizes the improved safety resulting from eye-level brake indicators on automobiles, and strongly encourages the Minister of Transportation and Communications to take appropriate measures: encourage the seeking of mandating of their installation on all new vehicles manufactured for sale in Ontario; to encourage citizens of Ontario to retrofit their vehicles. To be debated on Thursday, October 30, 1986.

Ballot Item No. 23

Mr. Foulds—Resolution—That in the opinion of this Legislature, because of the devastating economic situation facing Northern Ontario including serious layoffs in single industry towns, the potential destruction of jobs due to the American proposed countervailing duty on the soft wood lumber industry, and a current unemployment rate twice that of the provincial average including in some communities an unemployment rate in excess of 35 per cent, the Treasurer of Ontario should accept recommendations not only of the New Democratic Party since 1977, but also of the Royal Commission on the Northern Environment (the Fahlgren Report) in 1985, the Advisory Committee on Resource Dependent Communities in Northern Ontario (the Rosehart Report) in 1986, and the Standing Committee on Resources Development in 1986, and establish immediately an independent Northern Ontario Economic Diversification Fund, managed by Northerners, in order to diversify the Northern Ontario economy, especially in single industry towns. Through loans, grants and joint ventures this fund would be invested in development projects that meet the priorities set through community, regional and provincial planning as well as through specific community resource planning agreements signed between the provincial government, the local communities and the resource industries involved. The monies to establish the fund would come from a consolidation of existing Northern Development Funds and programs and in addition through an earmarked percentage of provincial revenue from resource industry taxation. To be debated on Thursday November 6, 1986.

Ballot Item No. 24

Mr. Callahan—Resolution—That in the opinion of this House, as the public does not understand the method of establishing levels of remuneration of Boards of

Education and Municipal Councils and as there is no consistent principle province-wide, the Education Act and the Municipal Act should be amended so that any increase in honorarium to a Board of Education or Municipal Council may be made only once in a term of such Board or Council and within 60 days of the date on which an election is to be held. *To be debated on Thursday, November 6, 1986.*

Ballot Item No. 26

Mr. Johnston (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action. *To be debated on Thursday, November 13, 1986.*

Ballot Item No. 32

Mr. Swart—Resolution—That in the opinion of this House, recognizing that the Slater Task Force has failed to propose recommendations to resolve the massive insurance problems and, in particular, failed to investigate and report on the financial and other benefits of the public auto insurance plans as practiced in Manitoba, Saskatchewan, and British Columbia, the Government of Ontario should proceed, immediately, with the development of the most appropriate provincial public motor vehicle insurance plan for implementation not later than January 1, 1988. Such plan, unlike the Slater recommendations, would fully redress the major problems of the present system identified by the NDP Caucus Insurance Committee, namely:—arbitrary cancellation of insurance;—all drivers in a household penalized for one driver's record;—discriminatory rates for age, sex or marital status;—the growing number of uninsured drivers in Ontario;—non-existent or inadequate no-fault compensation;—excessive premiums and escalating rates generally. *To be debated on Thursday, December 4, 1986.*

NOTICES

GOVERNMENT MOTION

5. *Debated May 13, 14, 15, 20, 21, 22, 26 and 27, 1986.*
-

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action.

2. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.

3. *Mr. Warner*—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6) calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter

complies with the U.N. resolutions on Cyprus and shows a respect for international law.

5. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.

8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson's statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.

9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:

- (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;
- (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lender) the judge may grant leave for foreclosure or commencement of bankruptcy

proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.
15. *Mr. McCague*—Resolution—That this House recognizes the improved safety resulting from eye-level brake indicators on automobiles, and strongly encourages the Minister of Transportation and Communications to take appropriate measures: encourage the seeking of mandating of their installation on all new vehicles manufactured for sale in Ontario; to encourage citizens of Ontario to retrofit their vehicles.
16. *Mr. Wildman*—Resolution—That this House should request the Ontario government to amend this province's mining tax system to ensure sufficient revenues accrue to the provincial treasury from the mining companies to enable the government to allocate a reserve fund, as part of a "Northern Ontario Tomorrow Fund", to be distributed as grants, loans and guarantees for individuals, community groups, co-operatives and small businesses and temporary extraordinary grants to municipalities to assist in the economic recovery from the adverse effects of mine shutdowns.
18. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministries of Natural Resources and Transportation and Communications should implement, jointly, a formal testing program to investigate the effectiveness of the "wildlife saver" devices when attached to automobiles, to determine whether the use of these devices would have adverse effects on either the general public or domestic animals and wild game, and to study the feasibility of requiring the installation of these devices on motor vehicles in certain regions of the province or throughout Ontario.
21. *Mr. Mackenzie*—Resolution—That in the opinion of this House, recognizing that certain classes of workers are discriminated against by the denial of rights provided to other workers, the regulations under the *Employment Standards Act* should be amended to provide that the standards set by the Act relating to hours of work, overtime pay and public holidays are applicable to persons employed in landscape gardening, mushroom growing, the growing of flowers for the retail and wholesale trade, the growing, transporting and laying of sod, and the growing of trees and shrubs for wholesale and retail trade.

23. *Mr. Lupusella*—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of education and social services from the residential property tax base to progressive sources of revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses.
28. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the Canadian Transport Commission has approved a plan to allow the testing of electronic monitoring devices by Canadian National Railways and the Canadian Pacific Railway whose avowed aim is to eliminate the use of a caboose at the rear of trains, and recognizing the important role played by tail-end crews in protecting the public safety, preventing accidents and minimizing injury and damage in accidents that do occur, the Government of Ontario should urge the Government of Canada to continue to require every train to operate with a caboose.
29. *Mr. Swart*—Resolution—That in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) The formation of a separate branch or division with a registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) disclosure of names and background of officers and directors of franchisor; (4) application to all industries and all franchises within each industry; (5) the franchisee to have a four-day cooling off period; (6) prohibition against dealing in franchises except as provided; (7) exemption of liability by franchisee for future damages; (8) the administrators of the Act to have authority to discourage: (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; and (e) competitive and discriminatory practices by franchisors.
30. *Mr. Cooke* (Windsor-Riverside)—Resolution—That in the opinion of this House, since hospital nurses and public health nurses provide work of equal value, the Minister of Health should move immediately to implement the government's policy of equal pay for work of equal value and establish parity between public health nurses and their counterparts in hospitals, by mak-

ing additional funding available to Public Health Boards specifically for the purpose of implementing parity.

36. *Mr. Mackenzie*—Resolution—That in the opinion of this House, recognizing that certain classes of workers are discriminated against by the denial of rights provided to other workers, the regulations under the Employment Standards Act should be amended to provide that the standards set by the Act relating to hours of work, overtime pay, and public holidays are applicable to a person employed as a superintendent, janitor or caretaker of a residential building who resides in the building.
37. *Mr. Callahan*—Resolution—That, in the opinion of this House, as the public does not understand the method of establishing levels of remuneration of Boards of Education and Municipal Councils and as there is no consistent principle province-wide, the Education Act and the Municipal Act should be amended so that any increase in honorarium to a Board of Education or Municipal Council may be made only once in a term of such Board or Council and within 60 days of the date on which an election is to be held.
40. *Mr. Swart*—Resolution—That in the opinion of this House, recognizing that the Slater Task Force has failed to propose recommendations to resolve the massive insurance problems and, in particular, failed to investigate and report on the financial and other benefits of the public auto insurance plans as practiced in Manitoba, Saskatchewan, and British Columbia, the Government of Ontario should proceed, immediately, with the development of the most appropriate provincial public motor vehicle insurance plan for implementation not later than January 1, 1988. Such plan, unlike the Slater recommendations, would fully redress the major problems of the present system identified by the NDP Caucus Insurance Committee, namely:—arbitrary cancellation of insurance;—all drivers in a household penalized for one driver's record;—discriminatory rates for age, sex or marital status;—the growing number of uninsured drivers in Ontario;—non-existent or inadequate no-fault compensation;—excessive premiums and escalating rates generally.
42. *Mr. Breaugh*—Resolution—That this House urges the Government of Ontario to make the same financial support available for municipal election campaigns as exists for provincial campaigns, by providing contributors with tax credits and candidates with campaign subsidies, in the following manner:
 1. Individual municipalities, school boards and public utilities commissions would be permitted to opt into a provincial plan created by statute.
 2. Under the provincial plan, candidates would register with the Commission on Election Contributions and Expenses. Registered candidates would be required to file detailed returns of contributions received and expenses incurred, and their contributors would receive official receipts entitling them to credits against provincial income tax in the same manner as contributors to provincial election campaigns.

3. A registered candidate who received at least 15 per cent of the popular vote would be entitled to the same reimbursement by the Commission as a candidate in a provincial election.

44. *Mr. Breagh*—Resolution—That in the opinion of this House the following actions are urgently needed to defend the physical and mental health of peoples effected by the Chernobyl tragedy:

1. that the UN form an International Investigative Committee of scientists and medical experts to enter Ukraine to assess the extent of danger;
2. that Canada declare its preparedness to contribute emergency aid—medicine, food, technical personnel as needed;
3. that Canada announce an open door policy for family reunification and sponsorship of immigrants wishing to leave Ukraine; and
4. that the USSR permit communication between Canadians and other relatives in Ukraine.

47. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing the profound effect of the recent visit (including his direct appeal to the Legislature of Ontario) of Bishop Desmond Tutu on all Canadians; recognizing the warning of a potential bloodbath contained in the Eminent Persons Report of June 12, 1986, and recognizing that the increasing crisis in south Africa can only be affected by outside influences if substantive sanctions are brought to bear on South Africa, the government of Ontario should adopt the following policies to express the province's solidarity with the struggle for freedom for Blacks in South Africa and to express the anger and abhorrence of the Ontario people against the crime of apartheid:

- 1) A continuation of the ban of the import of all South African Liquor and an auction of all present South African liquor products in stock at liquor stores and LCBO warehouses, with the full proceeds going to victims of apartheid.
- 2) Government procurement policies prohibiting the purchase of goods or services from companies with direct investments in South Africa.
- 3) A ban on the purchase on South African goods or services by the Ontario government and public institutions funded by the Ontario government including hospitals and community colleges.
- 4) Using the Ontario government's 1.5 per cent equity share in Varsity Corporation formerly Massey-Ferguson to persuade that company to cease doing business in South Africa, and failing that, divestment of the shares.
- 5) Divestment by government agencies of pension fund investments in companies with direct investment in South Africa.

6) Increased pressure on the federal government to impose full economic sanctions against South Africa.

7) Solidarity with the heroic struggle being waged by the ANC, the United Democratic Front and the unions of COSATU and CUSA in the battle against apartheid in South Africa.

49. *Mr. Hayes*—Resolution—That in the opinion of this House, the current food policy of our province and our country has generated the present instability in food production and uncertainty among farmers as to the future and has resulted in many farm units being forced to supplement farm income with off-farm employment, or get out of farming either by selling out or through bankruptcy; and much of present confusion about farm production and marketing in this country stems from the contradictions and inconsistencies between the federal and the various provincial policies and programmes. Therefore, the provincial government strongly urges the federal government to legislate the transfer of powers over “intra” and “inter” provincial trade of each farm-produced commodity to the federal jurisdiction on the condition that the federal legislation must permit the establishment of national marketing structures for all farm produced commodities and must have the following powers: control of the product into, through and out of the marketing system to meet market demands; single desk selling; equality of delivery opportunity between producers; pooling of returns and costs among producers; elimination of manipulation, speculation and waste. The federal government should appoint commissioners to administer each of the marketing structures, which would be responsible to the federal government. The criteria for selecting commissioners would be based on their marketing expertise in the particular kind of commodity affected. They need not be producers of that commodity or of any other farm commodity (as is the case currently with the Canadian Wheat Board). In addition, the national policy to dictate overall production targets, and market-sharing agreements between provinces would need to be negotiated.

50. *Mr. Offer*—Resolution—That in the opinion of this House, recognizing that purchasers of new homes are severely inconvenienced by multiple extensions of completion dates, the Ontario New Home Warranty Program immediately investigate what further protection could be given to these purchasers.

51. *Mr. Foulds*—Resolution—That in the opinion of this House, the Treasurer of Ontario should establish a permanent Northern Ontario Fund, managed by Northerners. This fund would be invested, through loans, grants and joint ventures, in development projects that meet the priorities set through community, regional and provincial planning. The monies to establish the fund would come from a consolidation of existing Northern development funds and programmes, and, in addition, through an earmarked percentage of current provincial revenue from resource industry taxation.

52. *Mr. Rae*—Resolution—That in the opinion of this House, the Minister of Health should take steps to establish a medical school and health research facility in Northern Ontario to encourage more health professionals to practise in the North, to provide better health care services for Northerners and

to attract job-creating enterprises involved in the research and production of health related products.

53. *Mr. Mackenzie*—Resolution—That in the opinion of this House, the Minister of Labour should introduce changes to the Employment Standards Act which would require six months notice when more than 50 workers are to be permanently laid off by an employer within a six month period.
54. *Mr. Laughren*—Resolution—That in the opinion of this House, the Minister of Natural Resources should develop a comprehensive wood utilization policy and enforcement programme to ensure the most valuable end use of our forest resource. Further, the Minister should initiate a task force to study improved and alternate forest management practices.
55. *Mr. Laughren*—Resolution—That in the opinion of this House, the Ontario government should establish a Forestry Institute to generate new forestry-related industries in Northern Ontario by developing forest machinery and processing technologies as well as better forest management and silvicultural practices.
56. *Mr. Martel*—Resolution—That in the opinion of this House, the Ontario government should undertake a major decentralization of government office from Toronto to Northern Ontario in order:
 1. to ensure policies and programmes that affect Northern Ontario are formulated by staff with a clear understanding of the North;
 2. to provide local employment in Northern communities;
 3. to play a role in attracting other enterprises to Northern communities.
57. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Ontario government should establish a Northern Technology Research and Development Institute to develop new, secondary manufacturing opportunities applicable to Northern communities.
58. *Mr. Pouliot*—Resolution—That in the opinion of this House, the Ontario government should negotiate planning agreements with companies wanting access to publicly-owned natural resources. These agreements could include, but would not be limited to, guarantees from the company to employ and train local residents, to re-invest in Northern communities and to use the services of local businesses. Input from communities affected by resource development would play a major role in these negotiations.
59. *Mr. Wildman*—Resolution—That in the opinion of this House, the Ontario government should guarantee a just and equitable price for gasoline to Ontario consumers in all regions of the province by introducing legislation that would allow the Ontario government:
 1. to continually review gasoline prices;

2. to hold public hearings to determine a fair and reasonable price for gasoline products;
3. to set maximum wholesale and retail prices for gasoline products and ensure these prices are uniform across the province;
4. to permit increases in the wholesale or retail price of gasoline products only after they have been fully justified at a public hearing.

60. *Mr. Wildman*—Resolution—That in the opinion of this House, the Minister of Northern Development and Mines should establish an Ontario Mining Development Foundation to help generate new mining-related industries in Northern Ontario by developing exploration techniques, mineral processing techniques and related mining technologies.
61. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Ontario government should introduce legislation requiring companies which effect a major lay-off or plant closure to establish a Community Adjustment Fund. This fund is to be used by the affected municipality to develop new employment opportunities, to provide social services and to maintain municipal infrastructure.
62. *Mr. Foulds*—Resolution—That in the opinion of this Legislature, because of the devastating economic situation facing Northern Ontario including serious layoffs in single industry towns, the potential destruction of jobs due to the American proposed countervailing duty on the soft wood lumber industry, and a current unemployment rate twice that of the provincial average including in some communities an unemployment rate in excess of 35 per cent, the Treasurer of Ontario should accept recommendations not only of the New Democratic Party since 1977, but also of the Royal Commission on the Northern Environment (the Fahlgren Report) in 1985, the Advisory Committee on Resource Dependent Communities in Northern Ontario (the Rosehart Report) in 1986, and the Standing Committee on Resources Development in 1986, and establish immediately an independent Northern Ontario Economic Diversification Fund, managed by Northerners, in order to diversify the Northern Ontario economy, especially in single industry towns. Through loans, grants and joint ventures this fund would be invested in development projects that meet the priorities set through community, regional and provincial planning as well as through specific community resource planning agreements signed between the provincial government, the local communities and the resource industries involved. The monies to establish the fund would come from a consolidation of existing Northern Development Funds and programs and in addition through an earmarked percentage of provincial revenue from resource industry taxation.
64. *Mr. McLean*—Resolution—That in the opinion of this House, the practice of retired members of the legislature or senior civil servants, while receiving retirement allowances, may also receive remuneration as a member of a board, commission, or other body holding office at the nomination of the Lieutenant Governor in Council, is improper and fiscally irresponsible therefore, this House, recognizing the inequity of the present policy and the need for fiscal integrity relating to taxpayers' monies, recommends that this prac-

tice be ended, while at the same time the retirement contributions made by those affected should be protected.

QUESTIONS

(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Thursday will appear on each day of the following week.)

413. *Mr. McCague*—Enquiry of the Ministry—Would the Acting Chairman of Management Board of Cabinet provide all documentation indicating how much it costs to calculate the cost of the answer to Order Paper Question No. 315. *October 28, 1986.*
-

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

(Precedence in accordance with the Order of the House passed on Wednesday, February 12, 1986, and pursuant to Standing Order 71 (d).)

Ballot Item No. 21

Mr. Offer—Resolution—That in the opinion of this House, recognizing that purchasers of new homes are severely inconvenienced by multiple extensions of completion dates, the Ontario New Home Warranty Program immediately investigate what further protection could be given to these purchasers. To be debated on Thursday, October 30, 1986.

Ballot Item No. 22

Mr. McCague—Resolution—That this House recognizes the improved safety resulting from eye-level brake indicators on automobiles, and strongly encourages the Minister of Transportation and Communications to take appropriate measures: encourage the seeking of mandating of their installation on all new vehicles manufactured for sale in Ontario; to encourage citizens of Ontario to retrofit their vehicles. To be debated on Thursday, October 30, 1986.

Ballot Item No. 23

Mr. Foulds—Resolution—That in the opinion of this Legislature, because of the devastating economic situation facing Northern Ontario including serious layoffs in single industry towns, the potential destruction of jobs due to the American proposed countervailing duty on the soft wood lumber industry, and a current unemployment rate twice that of the provincial average including in some communities an unemployment rate in excess of 35 per cent, the Treasurer of Ontario should accept recommendations not only of the New Democratic Party since 1977, but also of the Royal Commission on the Northern Environment (the Fahlgren Report) in 1985, the Advisory Committee on Resource Dependent Communities in Northern Ontario (the Rosehart Report) in 1986, and the Standing Committee on Resources Development in 1986, and establish immediately an independent Northern Ontario Economic Diversification Fund, managed by Northerners, in order to diversify the Northern Ontario economy, especially in single industry towns. Through loans, grants and joint ventures this fund would be invested in development projects that meet the priorities set through community, regional and provincial planning as well as through specific community resource planning agreements signed between the provincial government, the local communities and the resource industries involved. The monies to establish the fund would come from a consolidation of existing Northern Development Funds and programs and in addition through an earmarked percentage of provincial revenue from resource industry taxation. To be debated on Thursday November 6, 1986.

Ballot Item No. 24

Mr. Callahan—Resolution—That in the opinion of this House, as the public does not understand the method of establishing levels of remuneration of Boards of Education and Municipal Councils and as there is no consistent principle province-wide, the Education Act and the Municipal Act should be amended so that any

increase in honorarium to a Board of Education or Municipal Council may be made only once in a term of such Board or Council and within 60 days of the date on which an election is to be held. *To be debated on Thursday, November 6, 1986.*

Ballot Item No. 25

Mr. McLean—Resolution—That in the opinion of this House, the practice of retired members of the legislature or senior civil servants, while receiving retirement allowances, may also receive remuneration as a member of a board, commission, or other body holding office at the nomination of the Lieutenant Governor in Council, is improper and fiscally irresponsible therefore, this House, recognizing the inequity of the present policy and the need for fiscal integrity relating to taxpayers' monies, recommends that this practice be ended, while at the same time the retirement contributions made by those affected should be protected. *To be debated on Thursday, November 13, 1986.*

Ballot Item No. 26

Mr. Johnston (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action. *To be debated on Thursday, November 13, 1986.*

Ballot Item No. 32

Mr. Swart—Resolution—That in the opinion of this House, recognizing that the Slater Task Force has failed to propose recommendations to resolve the massive insurance problems and, in particular, failed to investigate and report on the financial and other benefits of the public auto insurance plans as practiced in Manitoba, Saskatchewan, and British Columbia, the Government of Ontario should proceed, immediately, with the development of the most appropriate provincial public motor vehicle insurance plan for implementation not later than January 1, 1988. Such plan, unlike the Slater recommendations, would fully redress the major problems of the present system identified by the NDP Caucus Insurance Committee, namely:—arbitrary cancellation of insurance;—all drivers in a household penalized for one driver's record;—discriminatory rates for age, sex or marital status;—the growing number of uninsured drivers in Ontario;—non-existent or inadequate no-fault compensation;—excessive premiums and escalating rates generally. *To be debated on Thursday, December 4, 1986.*

BILLS REFERRED TO SELECT AND STANDING COMMITTEES

SELECT COMMITTEE ON HEALTH

Bill 52, An Act to amend the Health Protection and Promotion Act, 1983. *Mr. Pierce. (Referred April 22, 1986, Originally Referred November 21, 1985.)*

NOTICES

GOVERNMENT MOTION

5. *Debated May 13, 14, 15, 20, 21, 22, 26 and 27, 1986.*
-

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action.
2. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
3. *Mr. Warner*—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6) calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter

complies with the U.N. resolutions on Cyprus and shows a respect for international law.

5. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.

8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson's statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.

9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:

- (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;
- (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lender) the judge may grant leave for foreclosure or commencement of bankruptcy

proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.
15. *Mr. McCague*—Resolution—That this House recognizes the improved safety resulting from eye-level brake indicators on automobiles, and strongly encourages the Minister of Transportation and Communications to take appropriate measures: encourage the seeking of mandating of their installation on all new vehicles manufactured for sale in Ontario; to encourage citizens of Ontario to retrofit their vehicles.
16. *Mr. Wildman*—Resolution—That this House should request the Ontario government to amend this province's mining tax system to ensure sufficient revenues accrue to the provincial treasury from the mining companies to enable the government to allocate a reserve fund, as part of a "Northern Ontario Tomorrow Fund", to be distributed as grants, loans and guarantees for individuals, community groups, co-operatives and small businesses and temporary extraordinary grants to municipalities to assist in the economic recovery from the adverse effects of mine shutdowns.
18. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministries of Natural Resources and Transportation and Communications should implement, jointly, a formal testing program to investigate the effectiveness of the "wildlife saver" devices when attached to automobiles, to determine whether the use of these devices would have adverse effects on either the general public or domestic animals and wild game, and to study the feasibility of requiring the installation of these devices on motor vehicles in certain regions of the province or throughout Ontario.
21. *Mr. Mackenzie*—Resolution—That in the opinion of this House, recognizing that certain classes of workers are discriminated against by the denial of rights provided to other workers, the regulations under the *Employment Standards Act* should be amended to provide that the standards set by the Act relating to hours of work, overtime pay and public holidays are applicable to persons employed in landscape gardening, mushroom growing, the growing of flowers for the retail and wholesale trade, the growing, transporting and laying of sod, and the growing of trees and shrubs for wholesale and retail trade.

23. *Mr. Lupusella*—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of education and social services from the residential property tax base to progressive sources of revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses.
28. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the Canadian Transport Commission has approved a plan to allow the testing of electronic monitoring devices by Canadian National Railways and the Canadian Pacific Railway whose avowed aim is to eliminate the use of a caboose at the rear of trains, and recognizing the important role played by tail-end crews in protecting the public safety, preventing accidents and minimizing injury and damage in accidents that do occur, the Government of Ontario should urge the Government of Canada to continue to require every train to operate with a caboose.
29. *Mr. Swart*—Resolution—That in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) The formation of a separate branch or division with a registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) disclosure of names and background of officers and directors of franchisor; (4) application to all industries and all franchises within each industry; (5) the franchisee to have a four-day cooling off period; (6) prohibition against dealing in franchises except as provided; (7) exemption of liability by franchisee for future damages; (8) the administrators of the Act to have authority to discourage: (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; and (e) competitive and discriminatory practices by franchisors.
30. *Mr. Cooke (Windsor-Riverside)*—Resolution—That in the opinion of this House, since hospital nurses and public health nurses provide work of equal value, the Minister of Health should move immediately to implement the government's policy of equal pay for work of equal value and establish parity between public health nurses and their counterparts in hospitals, by mak-

ing additional funding available to Public Health Boards specifically for the purpose of implementing parity.

36. *Mr. Mackenzie*—Resolution—That in the opinion of this House, recognizing that certain classes of workers are discriminated against by the denial of rights provided to other workers, the regulations under the Employment Standards Act should be amended to provide that the standards set by the Act relating to hours of work, overtime pay, and public holidays are applicable to a person employed as a superintendent, janitor or caretaker of a residential building who resides in the building.
37. *Mr. Callahan*—Resolution—That, in the opinion of this House, as the public does not understand the method of establishing levels of remuneration of Boards of Education and Municipal Councils and as there is no consistent principle province-wide, the Education Act and the Municipal Act should be amended so that any increase in honorarium to a Board of Education or Municipal Council may be made only once in a term of such Board or Council and within 60 days of the date on which an election is to be held.
40. *Mr. Swart*—Resolution—That in the opinion of this House, recognizing that the Slater Task Force has failed to propose recommendations to resolve the massive insurance problems and, in particular, failed to investigate and report on the financial and other benefits of the public auto insurance plans as practiced in Manitoba, Saskatchewan, and British Columbia, the Government of Ontario should proceed, immediately, with the development of the most appropriate provincial public motor vehicle insurance plan for implementation not later than January 1, 1988. Such plan, unlike the Slater recommendations, would fully redress the major problems of the present system identified by the NDP Caucus Insurance Committee, namely:—arbitrary cancellation of insurance;—all drivers in a household penalized for one driver's record;—discriminatory rates for age, sex or marital status;—the growing number of uninsured drivers in Ontario;—non-existent or inadequate no-fault compensation;—excessive premiums and escalating rates generally.
42. *Mr. Breaugh*—Resolution—That this House urges the Government of Ontario to make the same financial support available for municipal election campaigns as exists for provincial campaigns, by providing contributors with tax credits and candidates with campaign subsidies, in the following manner:
 1. Individual municipalities, school boards and public utilities commissions would be permitted to opt into a provincial plan created by statute.
 2. Under the provincial plan, candidates would register with the Commission on Election Contributions and Expenses. Registered candidates would be required to file detailed returns of contributions received and expenses incurred, and their contributors would receive official receipts entitling them to credits against provincial income tax in the same manner as contributors to provincial election campaigns.

3. A registered candidate who received at least 15 per cent of the popular vote would be entitled to the same reimbursement by the Commission as a candidate in a provincial election.

44. *Mr. Breauth*—Resolution—That in the opinion of this House the following actions are urgently needed to defend the physical and mental health of peoples effected by the Chernobyl tragedy:

1. that the UN form an International Investigative Committee of scientists and medical experts to enter Ukraine to assess the extent of danger;
2. that Canada declare its preparedness to contribute emergency aid—medicine, food, technical personnel as needed;
3. that Canada announce an open door policy for family reunification and sponsorship of immigrants wishing to leave Ukraine; and
4. that the USSR permit communication between Canadians and other relatives in Ukraine.

47. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing the profound effect of the recent visit (including his direct appeal to the Legislature of Ontario) of Bishop Desmond Tutu on all Canadians; recognizing the warning of a potential bloodbath contained in the Eminent Persons Report of June 12, 1986, and recognizing that the increasing crisis in south Africa can only be affected by outside influences if substantive sanctions are brought to bear on South Africa, the government of Ontario should adopt the following policies to express the province's solidarity with the struggle for freedom for Blacks in South Africa and to express the anger and abhorrence of the Ontario people against the crime of apartheid:

- 1) A continuation of the ban of the import of all South African Liquor and an auction of all present South African liquor products in stock at liquor stores and LCBO warehouses, with the full proceeds going to victims of apartheid.
- 2) Government procurement policies prohibiting the purchase of goods or services from companies with direct investments in South Africa.
- 3) A ban on the purchase on South African goods or services by the Ontario government and public institutions funded by the Ontario government including hospitals and community colleges.
- 4) Using the Ontario government's 1.5 per cent equity share in Varsity Corporation formerly Massey-Ferguson to persuade that company to cease doing business in South Africa, and failing that, divestment of the shares.
- 5) Divestment by government agencies of pension fund investments in companies with direct investment in South Africa.

- 6) Increased pressure on the federal government to impose full economic sanctions against South Africa.
 - 7) Solidarity with the heroic struggle being waged by the ANC, the United Democratic Front and the unions of COSATU and CUSA in the battle against apartheid in South Africa.
49. *Mr. Hayes*—Resolution—That in the opinion of this House, the current food policy of our province and our country has generated the present instability in food production and uncertainty among farmers as to the future and has resulted in many farm units being forced to supplement farm income with off-farm employment, or get out of farming either by selling out or through bankruptcy; and much of present confusion about farm production and marketing in this country stems from the contradictions and inconsistencies between the federal and the various provincial policies and programmes. Therefore, the provincial government strongly urges the federal government to legislate the transfer of powers over “intra” and “inter” provincial trade of each farm-produced commodity to the federal jurisdiction on the condition that the federal legislation must permit the establishment of national marketing structures for all farm produced commodities and must have the following powers: control of the product into, through and out of the marketing system to meet market demands; single desk selling; equality of delivery opportunity between producers; pooling of returns and costs among producers; elimination of manipulation, speculation and waste. The federal government should appoint commissioners to administer each of the marketing structures, which would be responsible to the federal government. The criteria for selecting commissioners would be based on their marketing expertise in the particular kind of commodity affected. They need not be producers of that commodity or of any other farm commodity (as is the case currently with the Canadian Wheat Board). In addition, the national policy to dictate overall production targets, and market-sharing agreements between provinces would need to be negotiated.
50. *Mr. Offer*—Resolution—That in the opinion of this House, recognizing that purchasers of new homes are severely inconvenienced by multiple extensions of completion dates, the Ontario New Home Warranty Program immediately investigate what further protection could be given to these purchasers.
51. *Mr. Foulds*—Resolution—That in the opinion of this House, the Treasurer of Ontario should establish a permanent Northern Ontario Fund, managed by Northerners. This fund would be invested, through loans, grants and joint ventures, in development projects that meet the priorities set through community, regional and provincial planning. The monies to establish the fund would come from a consolidation of existing Northern development funds and programmes, and, in addition, through an earmarked percentage of current provincial revenue from resource industry taxation.
52. *Mr. Rae*—Resolution—That in the opinion of this House, the Minister of Health should take steps to establish a medical school and health research facility in Northern Ontario to encourage more health professionals to practise in the North, to provide better health care services for Northerners and

to attract job-creating enterprises involved in the research and production of health related products.

53. *Mr. Mackenzie*—Resolution—That in the opinion of this House, the Minister of Labour should introduce changes to the Employment Standards Act which would require six months notice when more than 50 workers are to be permanently laid off by an employer within a six month period.
54. *Mr. Laughren*—Resolution—That in the opinion of this House, the Minister of Natural Resources should develop a comprehensive wood utilization policy and enforcement programme to ensure the most valuable end use of our forest resource. Further, the Minister should initiate a task force to study improved and alternate forest management practices.
55. *Mr. Laughren*—Resolution—That in the opinion of this House, the Ontario government should establish a Forestry Institute to generate new forestry-related industries in Northern Ontario by developing forest machinery and processing technologies as well as better forest management and silvicultural practices.
56. *Mr. Martel*—Resolution—That in the opinion of this House, the Ontario government should undertake a major decentralization of government office from Toronto to Northern Ontario in order:
 1. to ensure policies and programmes that affect Northern Ontario are formulated by staff with a clear understanding of the North;
 2. to provide local employment in Northern communities;
 3. to play a role in attracting other enterprises to Northern communities.
57. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Ontario government should establish a Northern Technology Research and Development Institute to develop new, secondary manufacturing opportunities applicable to Northern communities.
58. *Mr. Pouliot*—Resolution—That in the opinion of this House, the Ontario government should negotiate planning agreements with companies wanting access to publicly-owned natural resources. These agreements could include, but would not be limited to, guarantees from the company to employ and train local residents, to re-invest in Northern communities and to use the services of local businesses. Input from communities affected by resource development would play a major role in these negotiations.
59. *Mr. Wildman*—Resolution—That in the opinion of this House, the Ontario government should guarantee a just and equitable price for gasoline to Ontario consumers in all regions of the province by introducing legislation that would allow the Ontario government:
 1. to continually review gasoline prices;

2. to hold public hearings to determine a fair and reasonable price for gasoline products;
 3. to set maximum wholesale and retail prices for gasoline products and ensure these prices are uniform across the province;
 4. to permit increases in the wholesale or retail price of gasoline products only after they have been fully justified at a public hearing.
60. *Mr. Wildman*—Resolution—That in the opinion of this House, the Minister of Northern Development and Mines should establish an Ontario Mining Development Foundation to help generate new mining-related industries in Northern Ontario by developing exploration techniques, mineral processing techniques and related mining technologies.
61. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Ontario government should introduce legislation requiring companies which effect a major lay-off or plant closure to establish a Community Adjustment Fund. This fund is to be used by the affected municipality to develop new employment opportunities, to provide social services and to maintain municipal infrastructure.
62. *Mr. Foulds*—Resolution—That in the opinion of this Legislature, because of the devastating economic situation facing Northern Ontario including serious layoffs in single industry towns, the potential destruction of jobs due to the American proposed countervailing duty on the soft wood lumber industry, and a current unemployment rate twice that of the provincial average including in some communities an unemployment rate in excess of 35 per cent, the Treasurer of Ontario should accept recommendations not only of the New Democratic Party since 1977, but also of the Royal Commission on the Northern Environment (the Fahlgren Report) in 1985, the Advisory Committee on Resource Dependent Communities in Northern Ontario (the Rosehart Report) in 1986, and the Standing Committee on Resources Development in 1986, and establish immediately an independent Northern Ontario Economic Diversification Fund, managed by Northerners, in order to diversify the Northern Ontario economy, especially in single industry towns. Through loans, grants and joint ventures this fund would be invested in development projects that meet the priorities set through community, regional and provincial planning as well as through specific community resource planning agreements signed between the provincial government, the local communities and the resource industries involved. The monies to establish the fund would come from a consolidation of existing Northern Development Funds and programs and in addition through an earmarked percentage of provincial revenue from resource industry taxation.
64. *Mr. McLean*—Resolution—That in the opinion of this House, the practice of retired members of the legislature or senior civil servants, while receiving retirement allowances, may also receive remuneration as a member of a board, commission, or other body holding office at the nomination of the Lieutenant Governor in Council, is improper and fiscally irresponsible therefore, this House, recognizing the inequity of the present policy and the need for fiscal integrity relating to taxpayers' monies, recommends that this prac-

tice be ended, while at the same time the retirement contributions made by those affected should be protected.

QUESTIONS

(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Thursday will appear on each day of the following week.)

447. *Mr. Reville*—Enquiry of the Ministry—Would the Minister of Labour provide information on the number of workers at the Canada Metal plant in Toronto who have filed Workers' Compensation claims for lead-related health problems within the last three years. How many of these workers received Workers' Compensation benefits. For how long did they receive them. How many times have the lead levels in the Canada Metal plant in Toronto been tested (including testing done by the Ministry of Labour, the company or an outside consultant). What were the results of lead levels in the air at the plant the last time the levels were tested. *October 29, 1986.*
-

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

(Precedence in accordance with the Order of the House passed on Wednesday, February 12, 1986, and pursuant to Standing Order 71 (d).)

Ballot Item No. 21

Mr. Offer—Resolution—That in the opinion of this House, recognizing that purchasers of new homes are severely inconvenienced by multiple extensions of completion dates, the Ontario New Home Warranty Program immediately investigate what further protection could be given to these purchasers. To be debated on Thursday, October 30, 1986.

Ballot Item No. 22

Mr. McCague—Resolution—That this House recognizes the improved safety resulting from eye-level brake indicators on automobiles, and strongly encourages the Minister of Transportation and Communications to take appropriate measures: encourage the seeking of mandating of their installation on all new vehicles manufactured for sale in Ontario; to encourage citizens of Ontario to retrofit their vehicles. To be debated on Thursday, October 30, 1986.

Ballot Item No. 23

Mr. Foulds—Resolution—That in the opinion of this Legislature, because of the devastating economic situation facing Northern Ontario including serious layoffs in single industry towns, the potential destruction of jobs due to the American proposed countervailing duty on the soft wood lumber industry, and a current unemployment rate twice that of the provincial average including in some communities an unemployment rate in excess of 35 per cent, the Treasurer of Ontario should accept recommendations not only of the New Democratic Party since 1977, but also of the Royal Commission on the Northern Environment (the Fahlgren Report) in 1985, the Advisory Committee on Resource Dependent Communities in Northern Ontario (the Rosehart Report) in 1986, and the Standing Committee on Resources Development in 1986, and establish immediately an independent Northern Ontario Economic Diversification Fund, managed by Northerners, in order to diversify the Northern Ontario economy, especially in single industry towns. Through loans, grants and joint ventures this fund would be invested in development projects that meet the priorities set through community, regional and provincial planning as well as through specific community resource planning agreements signed between the provincial government, the local communities and the resource industries involved. The monies to establish the fund would come from a consolidation of existing Northern Development Funds and programs and in addition through an earmarked percentage of provincial revenue from resource industry taxation. To be debated on Thursday November 6, 1986.

Ballot Item No. 24

Mr. Callahan—Resolution—That in the opinion of this House, as the public does not understand the method of establishing levels of remuneration of Boards of Education and Municipal Councils and as there is no consistent principle province-wide, the Education Act and the Municipal Act should be amended so that any

increase in honorarium to a Board of Education or Municipal Council may be made only once in a term of such Board or Council and within 60 days of the date on which an election is to be held. *To be debated on Thursday, November 6, 1986.*

Ballot Item No. 25

Mr. McLean—Resolution—That in the opinion of this House, the practice of retired members of the legislature or senior civil servants, while receiving retirement allowances, may also receive remuneration as a member of a board, commission, or other body holding office at the nomination of the Lieutenant Governor in Council, is improper and fiscally irresponsible therefore, this House, recognizing the inequity of the present policy and the need for fiscal integrity relating to taxpayers' monies, recommends that this practice be ended, while at the same time the retirement contributions made by those affected should be protected. *To be debated on Thursday, November 13, 1986.*

Ballot Item No. 26

Mr. Johnston (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action. *To be debated on Thursday, November 13, 1986.*

Ballot Item No. 32

Mr. Swart—Resolution—That in the opinion of this House, recognizing that the Slater Task Force has failed to propose recommendations to resolve the massive insurance problems and, in particular, failed to investigate and report on the financial and other benefits of the public auto insurance plans as practiced in Manitoba, Saskatchewan, and British Columbia, the Government of Ontario should proceed, immediately, with the development of the most appropriate provincial public motor vehicle insurance plan for implementation not later than January 1, 1988. Such plan, unlike the Slater recommendations, would fully redress the major problems of the present system identified by the NDP Caucus Insurance Committee, namely:—arbitrary cancellation of insurance;—all drivers in a household penalized for one driver's record;—discriminatory rates for age, sex or marital status;—the growing number of uninsured drivers in Ontario;—non-existent or inadequate no-fault compensation;—excessive premiums and escalating rates generally. *To be debated on Thursday, December 4, 1986.*

BILLS REFERRED TO SELECT AND STANDING COMMITTEES

SELECT COMMITTEE ON HEALTH

Bill 52, An Act to amend the Health Protection and Promotion Act, 1983. *Mr. Pierce. (Referred April 22, 1986, Originally Referred November 21, 1985.)*

NOTICES

GOVERNMENT MOTION

5. *Debated May 13, 14, 15, 20, 21, 22, 26 and 27, 1986.*
-

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action.
2. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
3. *Mr. Warner*—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6) calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter

complies with the U.N. resolutions on Cyprus and shows a respect for international law.

5. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.
8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson's statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.
9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:
 - (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;
 - (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lender) the judge may grant leave for foreclosure or commencement of bankruptcy

proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.
15. *Mr. McCague*—Resolution—That this House recognizes the improved safety resulting from eye-level brake indicators on automobiles, and strongly encourages the Minister of Transportation and Communications to take appropriate measures: encourage the seeking of mandating of their installation on all new vehicles manufactured for sale in Ontario; to encourage citizens of Ontario to retrofit their vehicles.
16. *Mr. Wildman*—Resolution—That this House should request the Ontario government to amend this province's mining tax system to ensure sufficient revenues accrue to the provincial treasury from the mining companies to enable the government to allocate a reserve fund, as part of a "Northern Ontario Tomorrow Fund", to be distributed as grants, loans and guarantees for individuals, community groups, co-operatives and small businesses and temporary extraordinary grants to municipalities to assist in the economic recovery from the adverse effects of mine shutdowns.
18. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministries of Natural Resources and Transportation and Communications should implement, jointly, a formal testing program to investigate the effectiveness of the "wildlife saver" devices when attached to automobiles, to determine whether the use of these devices would have adverse effects on either the general public or domestic animals and wild game, and to study the feasibility of requiring the installation of these devices on motor vehicles in certain regions of the province or throughout Ontario.
21. *Mr. Mackenzie*—Resolution—That in the opinion of this House, recognizing that certain classes of workers are discriminated against by the denial of rights provided to other workers, the regulations under the *Employment Standards Act* should be amended to provide that the standards set by the Act relating to hours of work, overtime pay and public holidays are applicable to persons employed in landscape gardening, mushroom growing, the growing of flowers for the retail and wholesale trade, the growing, transporting and laying of sod, and the growing of trees and shrubs for wholesale and retail trade.

23. *Mr. Lupusella*—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of education and social services from the residential property tax base to progressive sources of revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses.
28. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the Canadian Transport Commission has approved a plan to allow the testing of electronic monitoring devices by Canadian National Railways and the Canadian Pacific Railway whose avowed aim is to eliminate the use of a caboose at the rear of trains, and recognizing the important role played by tail-end crews in protecting the public safety, preventing accidents and minimizing injury and damage in accidents that do occur, the Government of Ontario should urge the Government of Canada to continue to require every train to operate with a caboose.
29. *Mr. Swart*—Resolution—That in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) The formation of a separate branch or division with a registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) disclosure of names and background of officers and directors of franchisor; (4) application to all industries and all franchises within each industry; (5) the franchisee to have a four-day cooling off period; (6) prohibition against dealing in franchises except as provided; (7) exemption of liability by franchisee for future damages; (8) the administrators of the Act to have authority to discourage: (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; and (e) competitive and discriminatory practices by franchisors.
30. *Mr. Cooke (Windsor-Riverside)*—Resolution—That in the opinion of this House, since hospital nurses and public health nurses provide work of equal value, the Minister of Health should move immediately to implement the government's policy of equal pay for work of equal value and establish parity between public health nurses and their counterparts in hospitals, by mak-

ing additional funding available to Public Health Boards specifically for the purpose of implementing parity.

36. *Mr. Mackenzie*—Resolution—That in the opinion of this House, recognizing that certain classes of workers are discriminated against by the denial of rights provided to other workers, the regulations under the Employment Standards Act should be amended to provide that the standards set by the Act relating to hours of work, overtime pay, and public holidays are applicable to a person employed as a superintendent, janitor or caretaker of a residential building who resides in the building.
37. *Mr. Callahan*—Resolution—That, in the opinion of this House, as the public does not understand the method of establishing levels of remuneration of Boards of Education and Municipal Councils and as there is no consistent principle province-wide, the Education Act and the Municipal Act should be amended so that any increase in honorarium to a Board of Education or Municipal Council may be made only once in a term of such Board or Council and within 60 days of the date on which an election is to be held.
40. *Mr. Swart*—Resolution—That in the opinion of this House, recognizing that the Slater Task Force has failed to propose recommendations to resolve the massive insurance problems and, in particular, failed to investigate and report on the financial and other benefits of the public auto insurance plans as practiced in Manitoba, Saskatchewan, and British Columbia, the Government of Ontario should proceed, immediately, with the development of the most appropriate provincial public motor vehicle insurance plan for implementation not later than January 1, 1988. Such plan, unlike the Slater recommendations, would fully redress the major problems of the present system identified by the NDP Caucus Insurance Committee, namely:—arbitrary cancellation of insurance;—all drivers in a household penalized for one driver's record;—discriminatory rates for age, sex or marital status;—the growing number of uninsured drivers in Ontario;—non-existent or inadequate no-fault compensation;—excessive premiums and escalating rates generally.
42. *Mr. Breagh*—Resolution—That this House urges the Government of Ontario to make the same financial support available for municipal election campaigns as exists for provincial campaigns, by providing contributors with tax credits and candidates with campaign subsidies, in the following manner:
 1. Individual municipalities, school boards and public utilities commissions would be permitted to opt into a provincial plan created by statute.
 2. Under the provincial plan, candidates would register with the Commission on Election Contributions and Expenses. Registered candidates would be required to file detailed returns of contributions received and expenses incurred, and their contributors would receive official receipts entitling them to credits against provincial income tax in the same manner as contributors to provincial election campaigns.

3. A registered candidate who received at least 15 per cent of the popular vote would be entitled to the same reimbursement by the Commission as a candidate in a provincial election.
44. *Mr. Breagh*—Resolution—That in the opinion of this House the following actions are urgently needed to defend the physical and mental health of peoples effected by the Chernobyl tragedy:
1. that the UN form an International Investigative Committee of scientists and medical experts to enter Ukraine to assess the extent of danger;
 2. that Canada declare its preparedness to contribute emergency aid—medicine, food, technical personnel as needed;
 3. that Canada announce an open door policy for family reunification and sponsorship of immigrants wishing to leave Ukraine; and
 4. that the USSR permit communication between Canadians and other relatives in Ukraine.
47. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing the profound effect of the recent visit (including his direct appeal to the Legislature of Ontario) of Bishop Desmond Tutu on all Canadians; recognizing the warning of a potential bloodbath contained in the Eminent Persons Report of June 12, 1986, and recognizing that the increasing crisis in south Africa can only be affected by outside influences if substantive sanctions are brought to bear on South Africa, the government of Ontario should adopt the following policies to express the province's solidarity with the struggle for freedom for Blacks in South Africa and to express the anger and abhorrence of the Ontario people against the crime of apartheid:
- 1) A continuation of the ban of the import of all South African Liquor and an auction of all present South African liquor products in stock at liquor stores and LCBO warehouses, with the full proceeds going to victims of apartheid.
 - 2) Government procurement policies prohibiting the purchase of goods or services from companies with direct investments in South Africa.
 - 3) A ban on the purchase on South African goods or services by the Ontario government and public institutions funded by the Ontario government including hospitals and community colleges.
 - 4) Using the Ontario government's 1.5 per cent equity share in Varsity Corporation formerly Massey-Ferguson to persuade that company to cease doing business in South Africa, and failing that, divestment of the shares.
 - 5) Divestment by government agencies of pension fund investments in companies with direct investment in South Africa.

- 6) Increased pressure on the federal government to impose full economic sanctions against South Africa.
- 7) Solidarity with the heroic struggle being waged by the ANC, the United Democratic Front and the unions of COSATU and CUSA in the battle against apartheid in South Africa.

49. *Mr. Hayes*—Resolution—That in the opinion of this House, the current food policy of our province and our country has generated the present instability in food production and uncertainty among farmers as to the future and has resulted in many farm units being forced to supplement farm income with off-farm employment, or get out of farming either by selling out or through bankruptcy; and much of present confusion about farm production and marketing in this country stems from the contradictions and inconsistencies between the federal and the various provincial policies and programmes. Therefore, the provincial government strongly urges the federal government to legislate the transfer of powers over “intra” and “inter” provincial trade of each farm-produced commodity to the federal jurisdiction on the condition that the federal legislation must permit the establishment of national marketing structures for all farm produced commodities and must have the following powers: control of the product into, through and out of the marketing system to meet market demands; single desk selling; equality of delivery opportunity between producers; pooling of returns and costs among producers; elimination of manipulation, speculation and waste. The federal government should appoint commissioners to administer each of the marketing structures, which would be responsible to the federal government. The criteria for selecting commissioners would be based on their marketing expertise in the particular kind of commodity affected. They need not be producers of that commodity or of any other farm commodity (as is the case currently with the Canadian Wheat Board). In addition, the national policy to dictate overall production targets, and market-sharing agreements between provinces would need to be negotiated.
50. *Mr. Offer*—Resolution—That in the opinion of this House, recognizing that purchasers of new homes are severely inconvenienced by multiple extensions of completion dates, the Ontario New Home Warranty Program immediately investigate what further protection could be given to these purchasers.
51. *Mr. Foulds*—Resolution—That in the opinion of this House, the Treasurer of Ontario should establish a permanent Northern Ontario Fund, managed by Northerners. This fund would be invested, through loans, grants and joint ventures, in development projects that meet the priorities set through community, regional and provincial planning. The monies to establish the fund would come from a consolidation of existing Northern development funds and programmes, and, in addition, through an earmarked percentage of current provincial revenue from resource industry taxation.
52. *Mr. Rae*—Resolution—That in the opinion of this House, the Minister of Health should take steps to establish a medical school and health research facility in Northern Ontario to encourage more health professionals to practise in the North, to provide better health care services for Northerners and

to attract job-creating enterprises involved in the research and production of health related products.

53. *Mr. Mackenzie*—Resolution—That in the opinion of this House, the Minister of Labour should introduce changes to the Employment Standards Act which would require six months notice when more than 50 workers are to be permanently laid off by an employer within a six month period.
54. *Mr. Laughren*—Resolution—That in the opinion of this House, the Minister of Natural Resources should develop a comprehensive wood utilization policy and enforcement programme to ensure the most valuable end use of our forest resource. Further, the Minister should initiate a task force to study improved and alternate forest management practices.
55. *Mr. Laughren*—Resolution—That in the opinion of this House, the Ontario government should establish a Forestry Institute to generate new forestry-related industries in Northern Ontario by developing forest machinery and processing technologies as well as better forest management and silvicultural practices.
56. *Mr. Martel*—Resolution—That in the opinion of this House, the Ontario government should undertake a major decentralization of government office from Toronto to Northern Ontario in order:
 1. to ensure policies and programmes that affect Northern Ontario are formulated by staff with a clear understanding of the North;
 2. to provide local employment in Northern communities;
 3. to play a role in attracting other enterprises to Northern communities.
57. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Ontario government should establish a Northern Technology Research and Development Institute to develop new, secondary manufacturing opportunities applicable to Northern communities.
58. *Mr. Pouliot*—Resolution—That in the opinion of this House, the Ontario government should negotiate planning agreements with companies wanting access to publicly-owned natural resources. These agreements could include, but would not be limited to, guarantees from the company to employ and train local residents, to re-invest in Northern communities and to use the services of local businesses. Input from communities affected by resource development would play a major role in these negotiations.
59. *Mr. Wildman*—Resolution—That in the opinion of this House, the Ontario government should guarantee a just and equitable price for gasoline to Ontario consumers in all regions of the province by introducing legislation that would allow the Ontario government:
 1. to continually review gasoline prices;

2. to hold public hearings to determine a fair and reasonable price for gasoline products;
3. to set maximum wholesale and retail prices for gasoline products and ensure these prices are uniform across the province;
4. to permit increases in the wholesale or retail price of gasoline products only after they have been fully justified at a public hearing.

60. *Mr. Wildman*—Resolution—That in the opinion of this House, the Minister of Northern Development and Mines should establish an Ontario Mining Development Foundation to help generate new mining-related industries in Northern Ontario by developing exploration techniques, mineral processing techniques and related mining technologies.
61. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Ontario government should introduce legislation requiring companies which effect a major lay-off or plant closure to establish a Community Adjustment Fund. This fund is to be used by the affected municipality to develop new employment opportunities, to provide social services and to maintain municipal infrastructure.
62. *Mr. Foulds*—Resolution—That in the opinion of this Legislature, because of the devastating economic situation facing Northern Ontario including serious layoffs in single industry towns, the potential destruction of jobs due to the American proposed countervailing duty on the soft wood lumber industry, and a current unemployment rate twice that of the provincial average including in some communities an unemployment rate in excess of 35 per cent, the Treasurer of Ontario should accept recommendations not only of the New Democratic Party since 1977, but also of the Royal Commission on the Northern Environment (the Fahlgren Report) in 1985, the Advisory Committee on Resource Dependent Communities in Northern Ontario (the Rosehart Report) in 1986, and the Standing Committee on Resources Development in 1986, and establish immediately an independent Northern Ontario Economic Diversification Fund, managed by Northerners, in order to diversify the Northern Ontario economy, especially in single industry towns. Through loans, grants and joint ventures this fund would be invested in development projects that meet the priorities set through community, regional and provincial planning as well as through specific community resource planning agreements signed between the provincial government, the local communities and the resource industries involved. The monies to establish the fund would come from a consolidation of existing Northern Development Funds and programs and in addition through an earmarked percentage of provincial revenue from resource industry taxation.
64. *Mr. McLean*—Resolution—That in the opinion of this House, the practice of retired members of the legislature or senior civil servants, while receiving retirement allowances, may also receive remuneration as a member of a board, commission, or other body holding office at the nomination of the Lieutenant Governor in Council, is improper and fiscally irresponsible therefore, this House, recognizing the inequity of the present policy and the need for fiscal integrity relating to taxpayers' monies, recommends that this prac-

tice be ended, while at the same time the retirement contributions made by those affected should be protected.

QUESTIONS

(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Thursday will appear on each day of the following week.)

447. *Mr. Reville*—Enquiry of the Ministry—Would the Minister of Labour provide information on the number of workers at the Canada Metal plant in Toronto who have filed Workers' Compensation claims for lead-related health problems within the last three years. How many of these workers received Workers' Compensation benefits. For how long did they receive them. How many times have the lead levels in the Canada Metal plant in Toronto been tested (including testing done by the Ministry of Labour, the company or an outside consultant). What were the results of lead levels in the air at the plant the last time the levels were tested. *October 29, 1986.*
448. *Mr. Bernier*—Enquiry of the Ministry—Would the Acting Minister of Northern Development and Mines, advise when the study of peat resources in Northern Ontario, undertaken by Mr. Ian Connerty, President of Gayle Alexander Associates of Ottawa, will be completed and released to the public. Will the Minister also provide details of the contract award, including number of tender submissions received, the fee requested by each tender, and the time frame allowed for the study. *October 30, 1986.*
449. *Mr. Bernier*—Enquiry of the Ministry—Would the Minister of Transportation and Communications indicate the number of charges laid during the last five years under section 59 (1) & (2) of The Highway Traffic Act. *October 30, 1986.*
450. *Mr. Runciman*—Enquiry of the Ministry—Would the Minister of Consumer and Commercial Relations provide documentation indicating the total number of printed copies of the 1987-88 consumer tips calendar, to whom they were distributed, how they were distributed, the cost per copy, and the total cost of production and distribution. *October 30, 1986.*
-

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

(Precedence in accordance with the Order of the House passed on Wednesday, February 12, 1986, and pursuant to Standing Order 71 (d).)

Ballot Item No. 21

Mr. Offer—Resolution—That in the opinion of this House, recognizing that purchasers of new homes are severely inconvenienced by multiple extensions of completion dates, the Ontario New Home Warranty Program immediately investigate what further protection could be given to these purchasers. *To be debated today.*

Ballot Item No. 22

Mr. McCague—Resolution—That this House recognizes the improved safety resulting from eye-level brake indicators on automobiles, and strongly encourages the Minister of Transportation and Communications to take appropriate measures: encourage the seeking of mandating of their installation on all new vehicles manufactured for sale in Ontario; to encourage citizens of Ontario to retrofit their vehicles. *To be debated today.*

Ballot Item No. 23

Mr. Foulds—Resolution—That in the opinion of this Legislature, because of the devastating economic situation facing Northern Ontario including serious layoffs in single industry towns, the potential destruction of jobs due to the American proposed countervailing duty on the soft wood lumber industry, and a current unemployment rate twice that of the provincial average including in some communities an unemployment rate in excess of 35 per cent, the Treasurer of Ontario should accept recommendations not only of the New Democratic Party since 1977, but also of the Royal Commission on the Northern Environment (the Fahlgren Report) in 1985, the Advisory Committee on Resource Dependent Communities in Northern Ontario (the Rosehart Report) in 1986, and the Standing Committee on Resources Development in 1986, and establish immediately an independent Northern Ontario Economic Diversification Fund, managed by Northerners, in order to diversify the Northern Ontario economy, especially in single industry towns. Through loans, grants and joint ventures this fund would be invested in development projects that meet the priorities set through community, regional and provincial planning as well as through specific community resource planning agreements signed between the provincial government, the local communities and the resource industries involved. The monies to establish the fund would come from a consolidation of existing Northern Development Funds and programs and in addition through an earmarked percentage of provincial revenue from resource industry taxation. *To be debated on Thursday November 6, 1986.*

Ballot Item No. 24

Mr. Callahan—Resolution—That in the opinion of this House, as the public does not understand the method of establishing levels of remuneration of Boards of Education and Municipal Councils and as there is no consistent principle province-wide, the Education Act and the Municipal Act should be amended so that any increase in honorarium to a Board of Education or Municipal Council may be made

only once in a term of such Board or Council and within 60 days of the date on which an election is to be held. *To be debated on Thursday, November 6, 1986.*

Ballot Item No. 25

Mr. McLean—Resolution—That in the opinion of this House, the practice of retired members of the legislature or senior civil servants, while receiving retirement allowances, may also receive remuneration as a member of a board, commission, or other body holding office at the nomination of the Lieutenant Governor in Council, is improper and fiscally irresponsible therefore, this House, recognizing the inequity of the present policy and the need for fiscal integrity relating to taxpayers' monies, recommends that this practice be ended, while at the same time the retirement contributions made by those affected should be protected. *To be debated on Thursday, November 13, 1986.*

Ballot Item No. 26

Mr. Johnston (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action. *To be debated on Thursday, November 13, 1986.*

Ballot Item No. 32

Mr. Swart—Resolution—That in the opinion of this House, recognizing that the Slater Task Force has failed to propose recommendations to resolve the massive insurance problems and, in particular, failed to investigate and report on the financial and other benefits of the public auto insurance plans as practiced in Manitoba, Saskatchewan, and British Columbia, the Government of Ontario should proceed, immediately, with the development of the most appropriate provincial public motor vehicle insurance plan for implementation not later than January 1, 1988. Such plan, unlike the Slater recommendations, would fully redress the major problems of the present system identified by the NDP Caucus Insurance Committee, namely:—arbitrary cancellation of insurance;—all drivers in a household penalized for one driver's record;—discriminatory rates for age, sex or marital status;—the growing number of uninsured drivers in Ontario;—non-existent or inadequate no-fault compensation;—excessive premiums and escalating rates generally. *To be debated on Thursday, December 4, 1986.*

BILLS REFERRED TO SELECT AND STANDING COMMITTEES

SELECT COMMITTEE ON HEALTH

Bill 52, An Act to amend the Health Protection and Promotion Act, 1983. *Mr. Pierce. (Referred April 22, 1986, Originally Referred November 21, 1985.)*

NOTICES

GOVERNMENT MOTION

5. *Debated May 13, 14, 15, 20, 21, 22, 26 and 27, 1986.*
-

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action.
2. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
3. *Mr. Warner*—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6) calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter

complies with the U.N. resolutions on Cyprus and shows a respect for international law.

5. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.
8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson's statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.
9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:
 - (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;
 - (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lender) the judge may grant leave for foreclosure or commencement of bankruptcy

proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.
15. *Debated Thursday, October 30, 1986.*
16. *Mr. Wildman*—Resolution—That this House should request the Ontario government to amend this province's mining tax system to ensure sufficient revenues accrue to the provincial treasury from the mining companies to enable the government to allocate a reserve fund, as part of a "Northern Ontario Tomorrow Fund", to be distributed as grants, loans and guarantees for individuals, community groups, co-operatives and small businesses and temporary extraordinary grants to municipalities to assist in the economic recovery from the adverse effects of mine shutdowns.
18. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministries of Natural Resources and Transportation and Communications should implement, jointly, a formal testing program to investigate the effectiveness of the "wildlife saver" devices when attached to automobiles, to determine whether the use of these devices would have adverse effects on either the general public or domestic animals and wild game, and to study the feasibility of requiring the installation of these devices on motor vehicles in certain regions of the province or throughout Ontario.
21. *Mr. Mackenzie*—Resolution—That in the opinion of this House, recognizing that certain classes of workers are discriminated against by the denial of rights provided to other workers, the regulations under the *Employment Standards Act* should be amended to provide that the standards set by the Act relating to hours of work, overtime pay and public holidays are applicable to persons employed in landscape gardening, mushroom growing, the growing of flowers for the retail and wholesale trade, the growing, transporting and laying of sod, and the growing of trees and shrubs for wholesale and retail trade.
23. *Mr. Lupusella*—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a

series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of education and social services from the residential property tax base to progressive sources of revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses.

28. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the Canadian Transport Commission has approved a plan to allow the testing of electronic monitoring devices by Canadian National Railways and the Canadian Pacific Railway whose avowed aim is to eliminate the use of a caboose at the rear of trains, and recognizing the important role played by tail-end crews in protecting the public safety, preventing accidents and minimizing injury and damage in accidents that do occur, the Government of Ontario should urge the Government of Canada to continue to require every train to operate with a caboose.
29. *Mr. Swart*—Resolution—That in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) The formation of a separate branch or division with a registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) disclosure of names and background of officers and directors of franchisor; (4) application to all industries and all franchises within each industry; (5) the franchisee to have a four-day cooling off period; (6) prohibition against dealing in franchises except as provided; (7) exemption of liability by franchisee for future damages; (8) the administrators of the Act to have authority to discourage: (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; and (e) competitive and discriminatory practices by franchisors.
30. *Mr. Cooke* (Windsor-Riverside)—Resolution—That in the opinion of this House, since hospital nurses and public health nurses provide work of equal value, the Minister of Health should move immediately to implement the government's policy of equal pay for work of equal value and establish parity between public health nurses and their counterparts in hospitals, by making additional funding available to Public Health Boards specifically for the purpose of implementing parity.
36. *Mr. Mackenzie*—Resolution—That in the opinion of this House, recognizing that certain classes of workers are discriminated against by the denial of rights provided to other workers, the regulations under the Employment

Standards Act should be amended to provide that the standards set by the Act relating to hours of work, overtime pay, and public holidays are applicable to a person employed as a superintendent, janitor or caretaker of a residential building who resides in the building.

37. *Mr. Callahan*—Resolution—That, in the opinion of this House, as the public does not understand the method of establishing levels of remuneration of Boards of Education and Municipal Councils and as there is no consistent principle province-wide, the Education Act and the Municipal Act should be amended so that any increase in honorarium to a Board of Education or Municipal Council may be made only once in a term of such Board or Council and within 60 days of the date on which an election is to be held.
40. *Mr. Swart*—Resolution—That in the opinion of this House, recognizing that the Slater Task Force has failed to propose recommendations to resolve the massive insurance problems and, in particular, failed to investigate and report on the financial and other benefits of the public auto insurance plans as practiced in Manitoba, Saskatchewan, and British Columbia, the Government of Ontario should proceed, immediately, with the development of the most appropriate provincial public motor vehicle insurance plan for implementation not later than January 1, 1988. Such plan, unlike the Slater recommendations, would fully redress the major problems of the present system identified by the NDP Caucus Insurance Committee, namely:—arbitrary cancellation of insurance;—all drivers in a household penalized for one driver's record;—discriminatory rates for age, sex or marital status;—the growing number of uninsured drivers in Ontario;—non-existent or inadequate no-fault compensation;—excessive premiums and escalating rates generally.
42. *Mr. Breagh*—Resolution—That this House urges the Government of Ontario to make the same financial support available for municipal election campaigns as exists for provincial campaigns, by providing contributors with tax credits and candidates with campaign subsidies, in the following manner:
 1. Individual municipalities, school boards and public utilities commissions would be permitted to opt into a provincial plan created by statute.
 2. Under the provincial plan, candidates would register with the Commission on Election Contributions and Expenses. Registered candidates would be required to file detailed returns of contributions received and expenses incurred, and their contributors would receive official receipts entitling them to credits against provincial income tax in the same manner as contributors to provincial election campaigns.
 3. A registered candidate who received at least 15 per cent of the popular vote would be entitled to the same reimbursement by the Commission as a candidate in a provincial election.
44. *Mr. Breagh*—Resolution—That in the opinion of this House the following actions are urgently needed to defend the physical and mental health of people effected by the Chernobyl tragedy:

1. that the UN form an International Investigative Committee of scientists and medical experts to enter Ukraine to assess the extent of danger;
 2. that Canada declare its preparedness to contribute emergency aid—medicine, food, technical personnel as needed;
 3. that Canada announce an open door policy for family reunification and sponsorship of immigrants wishing to leave Ukraine; and
 4. that the USSR permit communication between Canadians and other relatives in Ukraine.
47. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing the profound effect of the recent visit (including his direct appeal to the Legislature of Ontario) of Bishop Desmond Tutu on all Canadians; recognizing the warning of a potential bloodbath contained in the Eminent Persons Report of June 12, 1986, and recognizing that the increasing crisis in south Africa can only be affected by outside influences if substantive sanctions are brought to bear on South Africa, the government of Ontario should adopt the following policies to express the province's solidarity with the struggle for freedom for Blacks in South Africa and to express the anger and abhorrence of the Ontario people against the crime of apartheid:
- 1) A continuation of the ban of the import of all South African Liquor and an auction of all present South African liquor products in stock at liquor stores and LCBO warehouses, with the full proceeds going to victims of apartheid.
 - 2) Government procurement policies prohibiting the purchase of goods or services from companies with direct investments in South Africa.
 - 3) A ban on the purchase on South African goods or services by the Ontario government and public institutions funded by the Ontario government including hospitals and community colleges.
 - 4) Using the Ontario government's 1.5 per cent equity share in Varsity Corporation formerly Massey-Ferguson to persuade that company to cease doing business in South Africa, and failing that, divestment of the shares.
 - 5) Divestment by government agencies of pension fund investments in companies with direct investment in South Africa.
 - 6) Increased pressure on the federal government to impose full economic sanctions against South Africa.
 - 7) Solidarity with the heroic struggle being waged by the ANC, the United Democratic Front and the unions of COSATU and CUSA in the battle against apartheid in South Africa.
49. *Mr. Hayes*—Resolution—That in the opinion of this House, the current food policy of our province and our country has generated the present instability

in food production and uncertainty among farmers as to the future and has resulted in many farm units being forced to supplement farm income with off-farm employment, or get out of farming either by selling out or through bankruptcy; and much of present confusion about farm production and marketing in this country stems from the contradictions and inconsistencies between the federal and the various provincial policies and programmes. Therefore, the provincial government strongly urges the federal government to legislate the transfer of powers over "intra" and "inter" provincial trade of each farm-produced commodity to the federal jurisdiction on the condition that the federal legislation must permit the establishment of national marketing structures for all farm produced commodities and must have the following powers: control of the product into, through and out of the marketing system to meet market demands; single desk selling; equality of delivery opportunity between producers; pooling of returns and costs among producers; elimination of manipulation, speculation and waste. The federal government should appoint commissioners to administer each of the marketing structures, which would be responsible to the federal government. The criteria for selecting commissioners would be based on their marketing expertise in the particular kind of commodity affected. They need not be producers of that commodity or of any other farm commodity (as is the case currently with the Canadian Wheat Board). In addition, the national policy to dictate overall production targets, and market-sharing agreements between provinces would need to be negotiated.

50. *Debated Thursday, October 30, 1986.*

51. *Mr. Foulds*—Resolution—That in the opinion of this House, the Treasurer of Ontario should establish a permanent Northern Ontario Fund, managed by Northerners. This fund would be invested, through loans, grants and joint ventures, in development projects that meet the priorities set through community, regional and provincial planning. The monies to establish the fund would come from a consolidation of existing Northern development funds and programmes, and, in addition, through an earmarked percentage of current provincial revenue from resource industry taxation.
52. *Mr. Rae*—Resolution—That in the opinion of this House, the Minister of Health should take steps to establish a medical school and health research facility in Northern Ontario to encourage more health professionals to practise in the North, to provide better health care services for Northerners and to attract job-creating enterprises involved in the research and production of health related products.
53. *Mr. Mackenzie*—Resolution—That in the opinion of this House, the Minister of Labour should introduce changes to the Employment Standards Act which would require six months notice when more than 50 workers are to be permanently laid off by an employer within a six month period.
54. *Mr. Laughren*—Resolution—That in the opinion of this House, the Minister of Natural Resources should develop a comprehensive wood utilization policy and enforcement programme to ensure the most valuable end use of our forest resource. Further, the Minister should initiate a task force to study improved and alternate forest management practices.

55. *Mr. Laughren*—Resolution—That in the opinion of this House, the Ontario government should establish a Forestry Institute to generate new forestry-related industries in Northern Ontario by developing forest machinery and processing technologies as well as better forest management and silvicultural practices.
56. *Mr. Martel*—Resolution—That in the opinion of this House, the Ontario government should undertake a major decentralization of government office from Toronto to Northern Ontario in order:
 1. to ensure policies and programmes that affect Northern Ontario are formulated by staff with a clear understanding of the North;
 2. to provide local employment in Northern communities;
 3. to play a role in attracting other enterprises to Northern communities.
57. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Ontario government should establish a Northern Technology Research and Development Institute to develop new, secondary manufacturing opportunities applicable to Northern communities.
58. *Mr. Pouliot*—Resolution—That in the opinion of this House, the Ontario government should negotiate planning agreements with companies wanting access to publicly-owned natural resources. These agreements could include, but would not be limited to, guarantees from the company to employ and train local residents, to re-invest in Northern communities and to use the services of local businesses. Input from communities affected by resource development would play a major role in these negotiations.
59. *Mr. Wildman*—Resolution—That in the opinion of this House, the Ontario government should guarantee a just and equitable price for gasoline to Ontario consumers in all regions of the province by introducing legislation that would allow the Ontario government:
 1. to continually review gasoline prices;
 2. to hold public hearings to determine a fair and reasonable price for gasoline products;
 3. to set maximum wholesale and retail prices for gasoline products and ensure these prices are uniform across the province;
 4. to permit increases in the wholesale or retail price of gasoline products only after they have been fully justified at a public hearing.
60. *Mr. Wildman*—Resolution—That in the opinion of this House, the Minister of Northern Development and Mines should establish an Ontario Mining Development Foundation to help generate new mining-related industries in Northern Ontario by developing exploration techniques, mineral processing techniques and related mining technologies.

61. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Ontario government should introduce legislation requiring companies which effect a major lay-off or plant closure to establish a Community Adjustment Fund. This fund is to be used by the affected municipality to develop new employment opportunities, to provide social services and to maintain municipal infrastructure.
62. *Mr. Foulds*—Resolution—That in the opinion of this Legislature, because of the devastating economic situation facing Northern Ontario including serious layoffs in single industry towns, the potential destruction of jobs due to the American proposed countervailing duty on the soft wood lumber industry, and a current unemployment rate twice that of the provincial average including in some communities an unemployment rate in excess of 35 per cent, the Treasurer of Ontario should accept recommendations not only of the New Democratic Party since 1977, but also of the Royal Commission on the Northern Environment (the Fahlgren Report) in 1985, the Advisory Committee on Resource Dependent Communities in Northern Ontario (the Rosehart Report) in 1986, and the Standing Committee on Resources Development in 1986, and establish immediately an independent Northern Ontario Economic Diversification Fund, managed by Northerners, in order to diversify the Northern Ontario economy, especially in single industry towns. Through loans, grants and joint ventures this fund would be invested in development projects that meet the priorities set through community, regional and provincial planning as well as through specific community resource planning agreements signed between the provincial government, the local communities and the resource industries involved. The monies to establish the fund would come from a consolidation of existing Northern Development Funds and programs and in addition through an earmarked percentage of provincial revenue from resource industry taxation.
64. *Mr. McLean*—Resolution—That in the opinion of this House, the practice of retired members of the legislature or senior civil servants, while receiving retirement allowances, may also receive remuneration as a member of a board, commission, or other body holding office at the nomination of the Lieutenant Governor in Council, is improper and fiscally irresponsible therefore, this House, recognizing the inequity of the present policy and the need for fiscal integrity relating to taxpayers' monies, recommends that this practice be ended, while at the same time the retirement contributions made by those affected should be protected.
-

QUESTIONS

(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Thursday will appear on each day of the following week.)

NOTE:

†Interim Answers to Questions 342 to 373 inclusive tabled October 14, 1986.
Approximate date information available October 31, 1986.

82. *Mr. Cooke* (Windsor-Riverside)—Enquiry of the Ministry—Will the Minister of Health table all outstanding non-compliances, in all Nursing Homes either operated, owned or managed by Carewell Corporation. Further, will the Minister table all inspection information on these Nursing Homes on record since June 1984. *November 1, 1985. Interim Answer* tabled November 18, 1985. Approximate date information available November 22, 1985.

141. *Mr. Bernier*—Enquiry of the Ministry—Would each Minister table information on the number of trips he/she has taken on Ontario Government aircraft, and charter aircraft, from September 1, 1985 to November 28, 1985. Would he/she give the point of departure and the names of the places visited, as well as the purpose of the trip and with whom he/she met. In addition, would he/she please list the names and positions of those who accompanied him/her. What was the cost of each flight. What was the cost of all other expenses incurred, and who paid for these flights and expenses. *December 9, 1985. Interim Answer* tabled December 20, 1985. Approximate date information available February 28, 1986.

210. *Mr. Shymko*—Enquiry of the Ministry—Would the Premier provide the House with information of any costs incurred in travel beyond Ontario's borders for himself and his personal staff and administrative staff, Parliamentary Assistants and their staff, and other Government members and their staff, and any other persons, since his appointment on June 26, 1985. *January 29, 1986. Interim Answer* tabled October 14, 1986. Approximate date information available November 28, 1986.

250. *Mr. Ashe*—Enquiry of the Ministry—Would the Premier list all of the receptions given by the Premier's Office and all ministries of the government since July 1, 1985. Will the Premier list the nature of the function, the place of the function, the type of group invited and the number of people in attendance and provide details of the costs of each function. *February 6, 1986. Interim Answer* tabled May 14, 1986. Approximate date information available June 30, 1986.

263. *Mr. Gillies*—Enquiry of the Ministry—Would the Premier provide a list of all meetings, and their dates, at which the construction of the Domed Stadium was discussed by the government. *April 24, 1986.*
271. *Mr. Villeneuve*—Enquiry of the Ministry—Would the Minister of Government Services provide the list of all public opinion polls that have been commissioned by the Government since June 26, 1985, the cost of the polls, and the subject(s) of the polls. *April 29, 1986. Interim Answer* tabled June 19, 1986. Approximate date information available July 18, 1986.
284. *Mr. Villeneuve*—Enquiry of the Ministry—Would the Chairman of Management Board provide a list of all public opinion polls that have been commissioned by each Ministry and the Premier's Office since April 29, 1986. *May 22, 1986. Interim Answer* tabled June 19, 1986. Approximate date information available July 17, 1986.
286. *Mr. Runciman*—Enquiry of the Ministry—Would the Minister of Consumer and Commercial Relations, the Minister of Education, the Minister of Municipal Affairs, the Minister of Housing and the Solicitor General table representations made by AMO, any school boards, the Association of Municipal Police Chiefs with regard to legislation making Ontario wine and beer available in local convenience stores. *May 22, 1986. Interim Answer* tabled June 19, 1986. Approximate date information available July 31, 1986.
289. *Mr. McLean*—Enquiry of the Ministry—Would the Premier provide an itemized account of the costs incurred by the taxpayers of this Province for Cabinet meetings held in: (1) Kingston, (2) Windsor, (3) Niagara-on-the-Lake. *May 22, 1986. Interim Answer* tabled June 19, 1986. Approximate date information available July 17, 1986.
296. *Mr. Gordon*—Enquiry of the Ministry—Would the Minister of Northern Development and Mines provide information as to the total amount of monies that have to date been disbursed out of the \$100 million Development Fund for Northern Ontario announced October 24th, 1985, by the Minister; what specific programs have been established to disburse these funds; to what specific institutions, companies and communities have these funds already been distributed; how much has been distributed; when was the allocation made; and for what purpose was the allocation made. *May 22, 1986.*
298. *Mr. Runciman*—Enquiry of the Ministry—Would the Minister of Industry, Trade and Technology table any studies, legal opinions or legal precedents regarding international or national trade implications conducted by, or given to, the Government with specific regard to the possible sale of Ontario-produced beer and wine in local convenience stores. *May 26, 1986.*
299. *Answered October 30, 1986.*
302. *Mr. Philip*—Enquiry of the Ministry—Would the Chairman of Management Board of Cabinet table all terms of reference and conditions of any contracts

signed within the last year between Canada Consulting Group Inc. and any Ontario government ministry, agency, board, commission or committee of the legislature. Would the Minister table the total amount of money contracted with this company as well as the amounts of each individual contract. *June 3, 1986. Interim Answer* tabled June 19, 1986. Approximate date information available September 26, 1986.

315. *Answered October 27, 1986.*

318. *Mr. Brandt*—Enquiry of the Ministry—Would the Premier provide a detailed cost breakdown of the Ontario delegation to the First Ministers' Conference on Free Trade in Ottawa. *June 12, 1986.*

323. *Mr. Brandt*—Enquiry of the Ministry—Would the Premier provide a detailed summary of all travel arrangements including cost, for all individuals who accompanied him to Montreal on June 2, 1986. *June 18, 1986.*

337. *Mr. Gregory*—Enquiry of the Ministry—Would the Minister of Transportation and Communications indicate how many condominium units have been allocated to the Ontario Government at Expo '86; who has stayed in these units as of June 6, 1986; the fee charged for these units per diem; who has reserved these units after June 6, 1986. *July 7, 1986.*

339. *Answered October 30, 1986.*

341. *Mr. McLean*—Enquiry of the Ministry—Would the Acting Minister of Government Services supply the following information of all staff hired, names and their positions within the Legislative Building, including telephone operators, the date hired and salaries, since June 26, 1985. *July 8, 1986.*

342. *Mr. McLean*—Enquiry of the Ministry—Would the Premier provide the House with the names, positions of the Premier's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.†*

443. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Treasury and Economics provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded from within the Ministry. Please list the name, current position and salary of each individual. *October 27, 1986.*
444. *Mr. McCague*—Enquiry of the Ministry—Would the Minister Responsible for Citizenship and Culture provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded

from within the Government. Please list the name, current position and salary of each individual. *October 27, 1986.*

445. *Mr. McCague*—Enquiry of the Ministry—Would the Minister Responsible for Senior Citizens' Affairs provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded from within the Government. Please list the name, current position and salary of each individual. *October 27, 1986.*
 446. *Mr. McCague*—Enquiry of the Ministry—Would the Minister Responsible for Women's Issues provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded from within the Government. Please list the name, current position and salary of each individual. *October 27, 1986.*
 447. *Mr. Reville*—Enquiry of the Ministry—Would the Minister of Labour provide information on the number of workers at the Canada Metal plant in Toronto who have filed Workers' Compensation claims for lead-related health problems within the last three years. How many of these workers received Workers' Compensation benefits. For how long did they receive them. How many times have the lead levels in the Canada Metal plant in Toronto been tested (including testing done by the Ministry of Labour, the company or an outside consultant). What were the results of lead levels in the air at the plant the last time the levels were tested. *October 29, 1986.*
 448. *Mr. Bernier*—Enquiry of the Ministry—Would the Acting Minister of Northern Development and Mines, advise when the study of peat resources in Northern Ontario, undertaken by Mr. Ian Connerty, President of Gayle Alexander Associates of Ottawa, will be completed and released to the public. Will the Minister also provide details of the contract award, including number of tender submissions received, the fee requested by each tender, and the time frame allowed for the study. *October 30, 1986.*
 449. *Mr. Bernier*—Enquiry of the Ministry—Would the Minister of Transportation and Communications indicate the number of charges laid during the last five years under section 59 (1) & (2) of The Highway Traffic Act. *October 30, 1986.*
 450. *Mr. Runciman*—Enquiry of the Ministry—Would the Minister of Consumer and Commercial Relations provide documentation indicating the total number of printed copies of the 1987-88 consumer tips calendar, to whom they were distributed, how they were distributed, the cost per copy, and the total cost of production and distribution. *October 30, 1986.*
 451. *Mr. Wildman*—Enquiry of the Ministry—Would the Acting Minister of Northern Development and Mines provide the names of the firms contracted to organize the Premier's Conference on Northern Competitiveness, how much was paid to each and for what services. Would the Minister also provide all other expenses incurred in the hosting of this conference. *November 3, 1986.*
-

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

(Precedence in accordance with the Order of the House passed on Wednesday, February 12, 1986, and pursuant to Standing Order 71 (d).)

Ballot Item Nos. 21 and 22. *Debated on Thursday, October 30, 1986.*

Ballot Item No. 23

Mr. Foulds—Resolution—That in the opinion of this Legislature, because of the devastating economic situation facing Northern Ontario including serious layoffs in single industry towns, the potential destruction of jobs due to the American proposed countervailing duty on the soft wood lumber industry, and a current unemployment rate twice that of the provincial average including in some communities an unemployment rate in excess of 35 per cent, the Treasurer of Ontario should accept recommendations not only of the New Democratic Party since 1977, but also of the Royal Commission on the Northern Environment (the Fahlgren Report) in 1985, the Advisory Committee on Resource Dependent Communities in Northern Ontario (the Rosehart Report) in 1986, and the Standing Committee on Resources Development in 1986, and establish immediately an independent Northern Ontario Economic Diversification Fund, managed by Northerners, in order to diversify the Northern Ontario economy, especially in single industry towns. Through loans, grants and joint ventures this fund would be invested in development projects that meet the priorities set through community, regional and provincial planning as well as through specific community resource planning agreements signed between the provincial government, the local communities and the resource industries involved. The monies to establish the fund would come from a consolidation of existing Northern Development Funds and programs and in addition through an earmarked percentage of provincial revenue from resource industry taxation. *To be debated on Thursday November 6, 1986.*

Ballot Item No. 24

Mr. Callahan—Resolution—That in the opinion of this House, as the public does not understand the method of establishing levels of remuneration of Boards of Education and Municipal Councils and as there is no consistent principle province-wide, the Education Act and the Municipal Act should be amended so that any increase in honorarium to a Board of Education or Municipal Council may be made only once in a term of such Board or Council and within 60 days of the date on which an election is to be held. *To be debated on Thursday, November 6, 1986.*

Ballot Item No. 25

Mr. McLean—Resolution—That in the opinion of this House, the practice of retired members of the legislature or senior civil servants, while receiving retirement allowances, may also receive remuneration as a member of a board, commission, or other body holding office at the nomination of the Lieutenant Governor in Council, is improper and fiscally irresponsible therefore, this House, recognizing the inequity of the present policy and the need for fiscal integrity relating to taxpayers' monies, recommends that this practice be ended, while at the same time the retirement contributions made by those affected should be protected. *To be debated on Thursday, November 13, 1986.*

Ballot Item No. 26

Mr. Johnston (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action. *To be debated on Thursday, November 13, 1986.*

Ballot Item No. 32

Mr. Swart—Resolution—That in the opinion of this House, recognizing that the Slater Task Force has failed to propose recommendations to resolve the massive insurance problems and, in particular, failed to investigate and report on the financial and other benefits of the public auto insurance plans as practiced in Manitoba, Saskatchewan, and British Columbia, the Government of Ontario should proceed, immediately, with the development of the most appropriate provincial public motor vehicle insurance plan for implementation not later than January 1, 1988. Such plan, unlike the Slater recommendations, would fully redress the major problems of the present system identified by the NDP Caucus Insurance Committee, namely:—arbitrary cancellation of insurance;—all drivers in a household penalized for one driver's record;—discriminatory rates for age, sex or marital status;—the growing number of uninsured drivers in Ontario;—non-existent or inadequate no-fault compensation;—excessive premiums and escalating rates generally. *To be debated on Thursday, December 4, 1986.*

BILLS REFERRED TO SELECT AND STANDING COMMITTEES

SELECT COMMITTEE ON HEALTH

Bill 52, An Act to amend the Health Protection and Promotion Act, 1983. *Mr. Pierce. (Referred April 22, 1986, Originally Referred November 21, 1985.)*

NOTICES

GOVERNMENT MOTION

5. *Debated May 13, 14, 15, 20, 21, 22, 26 and 27, 1986.*
-

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action.

2. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.

3. *Mr. Warner*—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6) calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter

complies with the U.N. resolutions on Cyprus and shows a respect for international law.

5. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.
8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson's statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.
9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:
 - (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;
 - (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lender) the judge may grant leave for foreclosure or commencement of bankruptcy

proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.
16. *Mr. Wildman*—Resolution—That this House should request the Ontario government to amend this province's mining tax system to ensure sufficient revenues accrue to the provincial treasury from the mining companies to enable the government to allocate a reserve fund, as part of a "Northern Ontario Tomorrow Fund", to be distributed as grants, loans and guarantees for individuals, community groups, co-operatives and small businesses and temporary extraordinary grants to municipalities to assist in the economic recovery from the adverse effects of mine shutdowns.
18. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministries of Natural Resources and Transportation and Communications should implement, jointly, a formal testing program to investigate the effectiveness of the "wildlife saver" devices when attached to automobiles, to determine whether the use of these devices would have adverse effects on either the general public or domestic animals and wild game, and to study the feasibility of requiring the installation of these devices on motor vehicles in certain regions of the province or throughout Ontario.
21. *Mr. Mackenzie*—Resolution—That in the opinion of this House, recognizing that certain classes of workers are discriminated against by the denial of rights provided to other workers, the regulations under the *Employment Standards Act* should be amended to provide that the standards set by the Act relating to hours of work, overtime pay and public holidays are applicable to persons employed in landscape gardening, mushroom growing, the growing of flowers for the retail and wholesale trade, the growing, transporting and laying of sod, and the growing of trees and shrubs for wholesale and retail trade.
23. *Mr. Lupusella*—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of educa-

tion and social services from the residential property tax base to progressive sources of revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses.

28. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the Canadian Transport Commission has approved a plan to allow the testing of electronic monitoring devices by Canadian National Railways and the Canadian Pacific Railway whose avowed aim is to eliminate the use of a caboose at the rear of trains, and recognizing the important role played by tail-end crews in protecting the public safety, preventing accidents and minimizing injury and damage in accidents that do occur, the Government of Ontario should urge the Government of Canada to continue to require every train to operate with a caboose.
29. *Mr. Swart*—Resolution—That in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) The formation of a separate branch or division with a registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) disclosure of names and background of officers and directors of franchisor; (4) application to all industries and all franchises within each industry; (5) the franchisee to have a four-day cooling off period; (6) prohibition against dealing in franchises except as provided; (7) exemption of liability by franchisee for future damages; (8) the administrators of the Act to have authority to discourage: (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; and (e) competitive and discriminatory practices by franchisors.
30. *Mr. Cooke (Windsor-Riverside)*—Resolution—That in the opinion of this House, since hospital nurses and public health nurses provide work of equal value, the Minister of Health should move immediately to implement the government's policy of equal pay for work of equal value and establish parity between public health nurses and their counterparts in hospitals, by making additional funding available to Public Health Boards specifically for the purpose of implementing parity.
36. *Mr. Mackenzie*—Resolution—That in the opinion of this House, recognizing that certain classes of workers are discriminated against by the denial of rights provided to other workers, the regulations under the Employment Standards Act should be amended to provide that the standards set by the Act relating to hours of work, overtime pay, and public holidays are applic-

able to a person employed as a superintendent, janitor or caretaker of a residential building who resides in the building.

37. *Mr. Callahan*—Resolution—That, in the opinion of this House, as the public does not understand the method of establishing levels of remuneration of Boards of Education and Municipal Councils and as there is no consistent principle province-wide, the Education Act and the Municipal Act should be amended so that any increase in honorarium to a Board of Education or Municipal Council may be made only once in a term of such Board or Council and within 60 days of the date on which an election is to be held.
40. *Mr. Swart*—Resolution—That in the opinion of this House, recognizing that the Slater Task Force has failed to propose recommendations to resolve the massive insurance problems and, in particular, failed to investigate and report on the financial and other benefits of the public auto insurance plans as practiced in Manitoba, Saskatchewan, and British Columbia, the Government of Ontario should proceed, immediately, with the development of the most appropriate provincial public motor vehicle insurance plan for implementation not later than January 1, 1988. Such plan, unlike the Slater recommendations, would fully redress the major problems of the present system identified by the NDP Caucus Insurance Committee, namely:—arbitrary cancellation of insurance;—all drivers in a household penalized for one driver's record;—discriminatory rates for age, sex or marital status;—the growing number of uninsured drivers in Ontario;—non-existent or inadequate no-fault compensation;—excessive premiums and escalating rates generally.
42. *Mr. Breaugh*—Resolution—That this House urges the Government of Ontario to make the same financial support available for municipal election campaigns as exists for provincial campaigns, by providing contributors with tax credits and candidates with campaign subsidies, in the following manner:
 1. Individual municipalities, school boards and public utilities commissions would be permitted to opt into a provincial plan created by statute.
 2. Under the provincial plan, candidates would register with the Commission on Election Contributions and Expenses. Registered candidates would be required to file detailed returns of contributions received and expenses incurred, and their contributors would receive official receipts entitling them to credits against provincial income tax in the same manner as contributors to provincial election campaigns.
 3. A registered candidate who received at least 15 per cent of the popular vote would be entitled to the same reimbursement by the Commission as a candidate in a provincial election.
44. *Mr. Breaugh*—Resolution—That in the opinion of this House the following actions are urgently needed to defend the physical and mental health of peoples effected by the Chernobyl tragedy:

1. that the UN form an International Investigative Committee of scientists and medical experts to enter Ukraine to assess the extent of danger;
 2. that Canada declare its preparedness to contribute emergency aid—medicine, food, technical personnel as needed;
 3. that Canada announce an open door policy for family reunification and sponsorship of immigrants wishing to leave Ukraine; and
 4. that the USSR permit communication between Canadians and other relatives in Ukraine.
47. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing the profound effect of the recent visit (including his direct appeal to the Legislature of Ontario) of Bishop Desmond Tutu on all Canadians; recognizing the warning of a potential bloodbath contained in the Eminent Persons Report of June 12, 1986, and recognizing that the increasing crisis in south Africa can only be affected by outside influences if substantive sanctions are brought to bear on South Africa, the government of Ontario should adopt the following policies to express the province's solidarity with the struggle for freedom for Blacks in South Africa and to express the anger and abhorrence of the Ontario people against the crime of apartheid:
- 1) A continuation of the ban of the import of all South African Liquor and an auction of all present South African liquor products in stock at liquor stores and LCBO warehouses, with the full proceeds going to victims of apartheid.
 - 2) Government procurement policies prohibiting the purchase of goods or services from companies with direct investments in South Africa.
 - 3) A ban on the purchase on South African goods or services by the Ontario government and public institutions funded by the Ontario government including hospitals and community colleges.
 - 4) Using the Ontario government's 1.5 per cent equity share in Varsity Corporation formerly Massey-Ferguson to persuade that company to cease doing business in South Africa, and failing that, divestment of the shares.
 - 5) Divestment by government agencies of pension fund investments in companies with direct investment in South Africa.
 - 6) Increased pressure on the federal government to impose full economic sanctions against South Africa.
 - 7) Solidarity with the heroic struggle being waged by the ANC, the United Democratic Front and the unions of COSATU and CUSA in the battle against apartheid in South Africa.
49. *Mr. Hayes*—Resolution—That in the opinion of this House, the current food policy of our province and our country has generated the present instability

in food production and uncertainty among farmers as to the future and has resulted in many farm units being forced to supplement farm income with off-farm employment, or get out of farming either by selling out or through bankruptcy; and much of present confusion about farm production and marketing in this country stems from the contradictions and inconsistencies between the federal and the various provincial policies and programmes. Therefore, the provincial government strongly urges the federal government to legislate the transfer of powers over “intra” and “inter” provincial trade of each farm-produced commodity to the federal jurisdiction on the condition that the federal legislation must permit the establishment of national marketing structures for all farm produced commodities and must have the following powers: control of the product into, through and out of the marketing system to meet market demands; single desk selling; equality of delivery opportunity between producers; pooling of returns and costs among producers; elimination of manipulation, speculation and waste. The federal government should appoint commissioners to administer each of the marketing structures, which would be responsible to the federal government. The criteria for selecting commissioners would be based on their marketing expertise in the particular kind of commodity affected. They need not be producers of that commodity or of any other farm commodity (as is the case currently with the Canadian Wheat Board). In addition, the national policy to dictate overall production targets, and market-sharing agreements between provinces would need to be negotiated.

51. *Mr. Foulds*—Resolution—That in the opinion of this House, the Treasurer of Ontario should establish a permanent Northern Ontario Fund, managed by Northerners. This fund would be invested, through loans, grants and joint ventures, in development projects that meet the priorities set through community, regional and provincial planning. The monies to establish the fund would come from a consolidation of existing Northern development funds and programmes, and, in addition, through an earmarked percentage of current provincial revenue from resource industry taxation.
52. *Mr. Rae*—Resolution—That in the opinion of this House, the Minister of Health should take steps to establish a medical school and health research facility in Northern Ontario to encourage more health professionals to practise in the North, to provide better health care services for Northerners and to attract job-creating enterprises involved in the research and production of health related products.
53. *Mr. Mackenzie*—Resolution—That in the opinion of this House, the Minister of Labour should introduce changes to the Employment Standards Act which would require six months notice when more than 50 workers are to be permanently laid off by an employer within a six month period.
54. *Mr. Laughren*—Resolution—That in the opinion of this House, the Minister of Natural Resources should develop a comprehensive wood utilization policy and enforcement programme to ensure the most valuable end use of our forest resource. Further, the Minister should initiate a task force to study improved and alternate forest management practices.

55. *Mr. Laughren*—Resolution—That in the opinion of this House, the Ontario government should establish a Forestry Institute to generate new forestry-related industries in Northern Ontario by developing forest machinery and processing technologies as well as better forest management and silvicultural practices.
56. *Mr. Martel*—Resolution—That in the opinion of this House, the Ontario government should undertake a major decentralization of government office from Toronto to Northern Ontario in order:
 1. to ensure policies and programmes that affect Northern Ontario are formulated by staff with a clear understanding of the North;
 2. to provide local employment in Northern communities;
 3. to play a role in attracting other enterprises to Northern communities.
57. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Ontario government should establish a Northern Technology Research and Development Institute to develop new, secondary manufacturing opportunities applicable to Northern communities.
58. *Mr. Pouliot*—Resolution—That in the opinion of this House, the Ontario government should negotiate planning agreements with companies wanting access to publicly-owned natural resources. These agreements could include, but would not be limited to, guarantees from the company to employ and train local residents, to re-invest in Northern communities and to use the services of local businesses. Input from communities affected by resource development would play a major role in these negotiations.
59. *Mr. Wildman*—Resolution—That in the opinion of this House, the Ontario government should guarantee a just and equitable price for gasoline to Ontario consumers in all regions of the province by introducing legislation that would allow the Ontario government:
 1. to continually review gasoline prices;
 2. to hold public hearings to determine a fair and reasonable price for gasoline products;
 3. to set maximum wholesale and retail prices for gasoline products and ensure these prices are uniform across the province;
 4. to permit increases in the wholesale or retail price of gasoline products only after they have been fully justified at a public hearing.
60. *Mr. Wildman*—Resolution—That in the opinion of this House, the Minister of Northern Development and Mines should establish an Ontario Mining Development Foundation to help generate new mining-related industries in Northern Ontario by developing exploration techniques, mineral processing techniques and related mining technologies.

61. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Ontario government should introduce legislation requiring companies which effect a major lay-off or plant closure to establish a Community Adjustment Fund. This fund is to be used by the affected municipality to develop new employment opportunities, to provide social services and to maintain municipal infrastructure.
 62. *Mr. Foulds*—Resolution—That in the opinion of this Legislature, because of the devastating economic situation facing Northern Ontario including serious layoffs in single industry towns, the potential destruction of jobs due to the American proposed countervailing duty on the soft wood lumber industry, and a current unemployment rate twice that of the provincial average including in some communities an unemployment rate in excess of 35 per cent, the Treasurer of Ontario should accept recommendations not only of the New Democratic Party since 1977, but also of the Royal Commission on the Northern Environment (the Fahlgren Report) in 1985, the Advisory Committee on Resource Dependent Communities in Northern Ontario (the Rosehart Report) in 1986, and the Standing Committee on Resources Development in 1986, and establish immediately an independent Northern Ontario Economic Diversification Fund, managed by Northerners, in order to diversify the Northern Ontario economy, especially in single industry towns. Through loans, grants and joint ventures this fund would be invested in development projects that meet the priorities set through community, regional and provincial planning as well as through specific community resource planning agreements signed between the provincial government, the local communities and the resource industries involved. The monies to establish the fund would come from a consolidation of existing Northern Development Funds and programs and in addition through an earmarked percentage of provincial revenue from resource industry taxation.
 64. *Mr. McLean*—Resolution—That in the opinion of this House, the practice of retired members of the legislature or senior civil servants, while receiving retirement allowances, may also receive remuneration as a member of a board, commission, or other body holding office at the nomination of the Lieutenant Governor in Council, is improper and fiscally irresponsible therefore, this House, recognizing the inequity of the present policy and the need for fiscal integrity relating to taxpayers' monies, recommends that this practice be ended, while at the same time the retirement contributions made by those affected should be protected.
-

QUESTIONS

(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Thursday will appear on each day of the following week.)

451. *Mr. Wildman*—Enquiry of the Ministry—Would the Acting Minister of Northern Development and Mines provide the names of the firms contracted to organize the Premier's Conference on Northern Competitiveness, how much was paid to each and for what services. Would the Minister also provide all other expenses incurred in the hosting of this conference. *November 3, 1986.*
452. *Mr. Sterling*—Enquiry of the Ministry—Would the Minister of Correctional Services indicate the degree of accessibility to tobacco in provincial institutions under his ministry. Is tobacco given to inmates free, or as payment for work. *November 4, 1986.*
453. *Mr. Sterling*—Enquiry of the Ministry—Would the Minister of Correctional Services provide the Ministry policy with regard to smoking tobacco in provincial institutions. What educational programs presently exist to warn inmates as to the ill effects of smoking tobacco. *November 4, 1986.*
454. *Mr. Sterling*—Enquiry of the Ministry—Would the Minister of Health list all Ministry publications, and those of any other provincial ministry, which educate the public as to the ill effects of smoking tobacco. Would the Minister indicate the dates of publishing this information; any publication(s) in a language other than English; the total number published; the number distributed; the method of distribution; and the respective costs of publication and distribution. *November 4, 1986.*
-

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

(Precedence in accordance with the Order of the House passed on Wednesday, February 12, 1986, and pursuant to Standing Order 71 (d).)

Ballot Item No. 23

Mr. Foulds—Resolution—That in the opinion of this Legislature, because of the devastating economic situation facing Northern Ontario including serious layoffs in single industry towns, the potential destruction of jobs due to the American proposed countervailing duty on the soft wood lumber industry, and a current unemployment rate twice that of the provincial average including in some communities an unemployment rate in excess of 35 per cent, the Treasurer of Ontario should accept recommendations not only of the New Democratic Party since 1977, but also of the Royal Commission on the Northern Environment (the Fahlgren Report) in 1985, the Advisory Committee on Resource Dependent Communities in Northern Ontario (the Rosehart Report) in 1986, and the Standing Committee on Resources Development in 1986, and establish immediately an independent Northern Ontario Economic Diversification Fund, managed by Northerners, in order to diversify the Northern Ontario economy, especially in single industry towns. Through loans, grants and joint ventures this fund would be invested in development projects that meet the priorities set through community, regional and provincial planning as well as through specific community resource planning agreements signed between the provincial government, the local communities and the resource industries involved. The monies to establish the fund would come from a consolidation of existing Northern Development Funds and programs and in addition through an earmarked percentage of provincial revenue from resource industry taxation. *To be debated on Thursday November 6, 1986.*

Ballot Item No. 24

Mr. Callahan—Resolution—That in the opinion of this House, as the public does not understand the method of establishing levels of remuneration of Boards of Education and Municipal Councils and as there is no consistent principle province-wide, the Education Act and the Municipal Act should be amended so that any increase in honorarium to a Board of Education or Municipal Council may be made only once in a term of such Board or Council and within 60 days of the date on which an election is to be held. *To be debated on Thursday, November 6, 1986.*

Ballot Item No. 25

Mr. McLean—Resolution—That in the opinion of this House, the practice of retired members of the legislature or senior civil servants, while receiving retirement allowances, may also receive remuneration as a member of a board, commission, or other body holding office at the nomination of the Lieutenant Governor in Council, is improper and fiscally irresponsible therefore, this House, recognizing the inequity of the present policy and the need for fiscal integrity relating to taxpayers' monies, recommends that this practice be ended, while at the same time the retirement contributions made by those affected should be protected. *To be debated on Thursday, November 13, 1986.*

Ballot Item No. 26

Mr. Johnston (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action. *To be debated on Thursday, November 13, 1986.*

Ballot Item No. 29

Second Reading Bill 132, An Act to amend the Labour Relations Act. Mr. Mackenzie. *To be debated on Thursday, November 27, 1986.*

Ballot Item No. 32

Mr. Swart—Resolution—That in the opinion of this House, recognizing that the Slater Task Force has failed to propose recommendations to resolve the massive insurance problems and, in particular, failed to investigate and report on the financial and other benefits of the public auto insurance plans as practiced in Manitoba, Saskatchewan, and British Columbia, the Government of Ontario should proceed, immediately, with the development of the most appropriate provincial public motor vehicle insurance plan for implementation not later than January 1, 1988. Such plan, unlike the Slater recommendations, would fully redress the major problems of the present system identified by the NDP Caucus Insurance Committee, namely:—arbitrary cancellation of insurance;—all drivers in a household penalized for one driver's record;—discriminatory rates for age, sex or marital status;—the growing number of uninsured drivers in Ontario;—non-existent or inadequate no-fault compensation;—excessive premiums and escalating rates generally. *To be debated on Thursday, December 4, 1986.*

GOVERNMENT MOTION

5. *Debated May 13, 14, 15, 20, 21, 22, 26 and 27, 1986.*
-

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action.
2. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
3. *Mr. Warner*—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6) calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter

complies with the U.N. resolutions on Cyprus and shows a respect for international law.

5. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.
8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson's statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.
9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:

- (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;
- (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lender) the judge may grant leave for foreclosure or commencement of bankruptcy

proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.
16. *Mr. Wildman*—Resolution—That this House should request the Ontario government to amend this province's mining tax system to ensure sufficient revenues accrue to the provincial treasury from the mining companies to enable the government to allocate a reserve fund, as part of a "Northern Ontario Tomorrow Fund", to be distributed as grants, loans and guarantees for individuals, community groups, co-operatives and small businesses and temporary extraordinary grants to municipalities to assist in the economic recovery from the adverse effects of mine shutdowns.
18. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministries of Natural Resources and Transportation and Communications should implement, jointly, a formal testing program to investigate the effectiveness of the "wildlife saver" devices when attached to automobiles, to determine whether the use of these devices would have adverse effects on either the general public or domestic animals and wild game, and to study the feasibility of requiring the installation of these devices on motor vehicles in certain regions of the province or throughout Ontario.
21. *Mr. Mackenzie*—Resolution—That in the opinion of this House, recognizing that certain classes of workers are discriminated against by the denial of rights provided to other workers, the regulations under the *Employment Standards Act* should be amended to provide that the standards set by the Act relating to hours of work, overtime pay and public holidays are applicable to persons employed in landscape gardening, mushroom growing, the growing of flowers for the retail and wholesale trade, the growing, transporting and laying of sod, and the growing of trees and shrubs for wholesale and retail trade.
23. *Mr. Lupusella*—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of educa-

tion and social services from the residential property tax base to progressive sources of revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses.

28. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the Canadian Transport Commission has approved a plan to allow the testing of electronic monitoring devices by Canadian National Railways and the Canadian Pacific Railway whose avowed aim is to eliminate the use of a caboose at the rear of trains, and recognizing the important role played by tail-end crews in protecting the public safety, preventing accidents and minimizing injury and damage in accidents that do occur, the Government of Ontario should urge the Government of Canada to continue to require every train to operate with a caboose.
29. *Mr. Swart*—Resolution—That in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) The formation of a separate branch or division with a registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) disclosure of names and background of officers and directors of franchisor; (4) application to all industries and all franchises within each industry; (5) the franchisee to have a four-day cooling off period; (6) prohibition against dealing in franchises except as provided; (7) exemption of liability by franchisee for future damages; (8) the administrators of the Act to have authority to discourage: (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; and (e) competitive and discriminatory practices by franchisors.
30. *Mr. Cooke* (Windsor-Riverside)—Resolution—That in the opinion of this House, since hospital nurses and public health nurses provide work of equal value, the Minister of Health should move immediately to implement the government's policy of equal pay for work of equal value and establish parity between public health nurses and their counterparts in hospitals, by making additional funding available to Public Health Boards specifically for the purpose of implementing parity.
36. *Mr. Mackenzie*—Resolution—That in the opinion of this House, recognizing that certain classes of workers are discriminated against by the denial of rights provided to other workers, the regulations under the Employment Standards Act should be amended to provide that the standards set by the Act relating to hours of work, overtime pay, and public holidays are applic-

able to a person employed as a superintendent, janitor or caretaker of a residential building who resides in the building.

37. *Mr. Callahan*—Resolution—That, in the opinion of this House, as the public does not understand the method of establishing levels of remuneration of Boards of Education and Municipal Councils and as there is no consistent principle province-wide, the Education Act and the Municipal Act should be amended so that any increase in honorarium to a Board of Education or Municipal Council may be made only once in a term of such Board or Council and within 60 days of the date on which an election is to be held.
40. *Mr. Swart*—Resolution—That in the opinion of this House, recognizing that the Slater Task Force has failed to propose recommendations to resolve the massive insurance problems and, in particular, failed to investigate and report on the financial and other benefits of the public auto insurance plans as practiced in Manitoba, Saskatchewan, and British Columbia, the Government of Ontario should proceed, immediately, with the development of the most appropriate provincial public motor vehicle insurance plan for implementation not later than January 1, 1988. Such plan, unlike the Slater recommendations, would fully redress the major problems of the present system identified by the NDP Caucus Insurance Committee, namely:—arbitrary cancellation of insurance;—all drivers in a household penalized for one driver's record;—discriminatory rates for age, sex or marital status;—the growing number of uninsured drivers in Ontario;—non-existent or inadequate no-fault compensation;—excessive premiums and escalating rates generally.
42. *Mr. Breaugh*—Resolution—That this House urges the Government of Ontario to make the same financial support available for municipal election campaigns as exists for provincial campaigns, by providing contributors with tax credits and candidates with campaign subsidies, in the following manner:
 1. Individual municipalities, school boards and public utilities commissions would be permitted to opt into a provincial plan created by statute.
 2. Under the provincial plan, candidates would register with the Commission on Election Contributions and Expenses. Registered candidates would be required to file detailed returns of contributions received and expenses incurred, and their contributors would receive official receipts entitling them to credits against provincial income tax in the same manner as contributors to provincial election campaigns.
 3. A registered candidate who received at least 15 per cent of the popular vote would be entitled to the same reimbursement by the Commission as a candidate in a provincial election.
44. *Mr. Breaugh*—Resolution—That in the opinion of this House the following actions are urgently needed to defend the physical and mental health of peoples effected by the Chernobyl tragedy:

1. that the UN form an International Investigative Committee of scientists and medical experts to enter Ukraine to assess the extent of danger;
 2. that Canada declare its preparedness to contribute emergency aid—medicine, food, technical personnel as needed;
 3. that Canada announce an open door policy for family reunification and sponsorship of immigrants wishing to leave Ukraine; and
 4. that the USSR permit communication between Canadians and other relatives in Ukraine.
47. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing the profound effect of the recent visit (including his direct appeal to the Legislature of Ontario) of Bishop Desmond Tutu on all Canadians; recognizing the warning of a potential bloodbath contained in the Eminent Persons Report of June 12, 1986, and recognizing that the increasing crisis in south Africa can only be affected by outside influences if substantive sanctions are brought to bear on South Africa, the government of Ontario should adopt the following policies to express the province's solidarity with the struggle for freedom for Blacks in South Africa and to express the anger and abhorrence of the Ontario people against the crime of apartheid:
- 1) A continuation of the ban of the import of all South African Liquor and an auction of all present South African liquor products in stock at liquor stores and LCBO warehouses, with the full proceeds going to victims of apartheid.
 - 2) Government procurement policies prohibiting the purchase of goods or services from companies with direct investments in South Africa.
 - 3) A ban on the purchase on South African goods or services by the Ontario government and public institutions funded by the Ontario government including hospitals and community colleges.
 - 4) Using the Ontario government's 1.5 per cent equity share in Varsity Corporation formerly Massey-Ferguson to persuade that company to cease doing business in South Africa, and failing that, divestment of the shares.
 - 5) Divestment by government agencies of pension fund investments in companies with direct investment in South Africa.
 - 6) Increased pressure on the federal government to impose full economic sanctions against South Africa.
 - 7) Solidarity with the heroic struggle being waged by the ANC, the United Democratic Front and the unions of COSATU and CUSA in the battle against apartheid in South Africa.
49. *Mr. Hayes*—Resolution—That in the opinion of this House, the current food policy of our province and our country has generated the present instability

in food production and uncertainty among farmers as to the future and has resulted in many farm units being forced to supplement farm income with off-farm employment, or get out of farming either by selling out or through bankruptcy; and much of present confusion about farm production and marketing in this country stems from the contradictions and inconsistencies between the federal and the various provincial policies and programmes. Therefore, the provincial government strongly urges the federal government to legislate the transfer of powers over “intra” and “inter” provincial trade of each farm-produced commodity to the federal jurisdiction on the condition that the federal legislation must permit the establishment of national marketing structures for all farm produced commodities and must have the following powers: control of the product into, through and out of the marketing system to meet market demands; single desk selling; equality of delivery opportunity between producers; pooling of returns and costs among producers; elimination of manipulation, speculation and waste. The federal government should appoint commissioners to administer each of the marketing structures, which would be responsible to the federal government. The criteria for selecting commissioners would be based on their marketing expertise in the particular kind of commodity affected. They need not be producers of that commodity or of any other farm commodity (as is the case currently with the Canadian Wheat Board). In addition, the national policy to dictate overall production targets, and market-sharing agreements between provinces would need to be negotiated.

51. *Mr. Foulds*—Resolution—That in the opinion of this House, the Treasurer of Ontario should establish a permanent Northern Ontario Fund, managed by Northerners. This fund would be invested, through loans, grants and joint ventures, in development projects that meet the priorities set through community, regional and provincial planning. The monies to establish the fund would come from a consolidation of existing Northern development funds and programmes, and, in addition, through an earmarked percentage of current provincial revenue from resource industry taxation.
52. *Mr. Rae*—Resolution—That in the opinion of this House, the Minister of Health should take steps to establish a medical school and health research facility in Northern Ontario to encourage more health professionals to practise in the North, to provide better health care services for Northerners and to attract job-creating enterprises involved in the research and production of health related products.
53. *Mr. Mackenzie*—Resolution—That in the opinion of this House, the Minister of Labour should introduce changes to the Employment Standards Act which would require six months notice when more than 50 workers are to be permanently laid off by an employer within a six month period.
54. *Mr. Laughren*—Resolution—That in the opinion of this House, the Minister of Natural Resources should develop a comprehensive wood utilization policy and enforcement programme to ensure the most valuable end use of our forest resource. Further, the Minister should initiate a task force to study improved and alternate forest management practices.

55. *Mr. Laughren*—Resolution—That in the opinion of this House, the Ontario government should establish a Forestry Institute to generate new forestry-related industries in Northern Ontario by developing forest machinery and processing technologies as well as better forest management and silvicultural practices.
56. *Mr. Martel*—Resolution—That in the opinion of this House, the Ontario government should undertake a major decentralization of government office from Toronto to Northern Ontario in order:
1. to ensure policies and programmes that affect Northern Ontario are formulated by staff with a clear understanding of the North;
 2. to provide local employment in Northern communities;
 3. to play a role in attracting other enterprises to Northern communities.
57. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Ontario government should establish a Northern Technology Research and Development Institute to develop new, secondary manufacturing opportunities applicable to Northern communities.
58. *Mr. Pouliot*—Resolution—That in the opinion of this House, the Ontario government should negotiate planning agreements with companies wanting access to publicly-owned natural resources. These agreements could include, but would not be limited to, guarantees from the company to employ and train local residents, to re-invest in Northern communities and to use the services of local businesses. Input from communities affected by resource development would play a major role in these negotiations.
59. *Mr. Wildman*—Resolution—That in the opinion of this House, the Ontario government should guarantee a just and equitable price for gasoline to Ontario consumers in all regions of the province by introducing legislation that would allow the Ontario government:
1. to continually review gasoline prices;
 2. to hold public hearings to determine a fair and reasonable price for gasoline products;
 3. to set maximum wholesale and retail prices for gasoline products and ensure these prices are uniform across the province;
 4. to permit increases in the wholesale or retail price of gasoline products only after they have been fully justified at a public hearing.
60. *Mr. Wildman*—Resolution—That in the opinion of this House, the Minister of Northern Development and Mines should establish an Ontario Mining Development Foundation to help generate new mining-related industries in Northern Ontario by developing exploration techniques, mineral processing techniques and related mining technologies.

61. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Ontario government should introduce legislation requiring companies which effect a major lay-off or plant closure to establish a Community Adjustment Fund. This fund is to be used by the affected municipality to develop new employment opportunities, to provide social services and to maintain municipal infrastructure.
 62. *Mr. Foulds*—Resolution—That in the opinion of this Legislature, because of the devastating economic situation facing Northern Ontario including serious layoffs in single industry towns, the potential destruction of jobs due to the American proposed countervailing duty on the soft wood lumber industry, and a current unemployment rate twice that of the provincial average including in some communities an unemployment rate in excess of 35 per cent, the Treasurer of Ontario should accept recommendations not only of the New Democratic Party since 1977, but also of the Royal Commission on the Northern Environment (the Fahlgren Report) in 1985, the Advisory Committee on Resource Dependent Communities in Northern Ontario (the Rosehart Report) in 1986, and the Standing Committee on Resources Development in 1986, and establish immediately an independent Northern Ontario Economic Diversification Fund, managed by Northerners, in order to diversify the Northern Ontario economy, especially in single industry towns. Through loans, grants and joint ventures this fund would be invested in development projects that meet the priorities set through community, regional and provincial planning as well as through specific community resource planning agreements signed between the provincial government, the local communities and the resource industries involved. The monies to establish the fund would come from a consolidation of existing Northern Development Funds and programs and in addition through an earmarked percentage of provincial revenue from resource industry taxation.
 64. *Mr. McLean*—Resolution—That in the opinion of this House, the practice of retired members of the legislature or senior civil servants, while receiving retirement allowances, may also receive remuneration as a member of a board, commission, or other body holding office at the nomination of the Lieutenant Governor in Council, is improper and fiscally irresponsible therefore, this House, recognizing the inequity of the present policy and the need for fiscal integrity relating to taxpayers' monies, recommends that this practice be ended, while at the same time the retirement contributions made by those affected should be protected.
 65. *Mr. McFadden*—Resolution—That in the opinion of this House, the provincial government should immediately introduce tax reform measures to reduce the property tax burden on homeowners and tenants.
 66. *Mr. Newman*—Resolution—That in the opinion of this House, since the state of Michigan has given approval for Detroit to build an enormous garbage incinerator without extra pollution controls, the Minister of the Environment should take steps to ensure that Ontario residents, especially those in Windsor and Essex County areas, are protected from this potential source of air pollution.
-

QUESTIONS

(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Thursday will appear on each day of the following week.)

451. *Mr. Wildman*—Enquiry of the Ministry—Would the Acting Minister of Northern Development and Mines provide the names of the firms contracted to organize the Premier's Conference on Northern Competitiveness, how much was paid to each and for what services. Would the Minister also provide all other expenses incurred in the hosting of this conference. *November 3, 1986.*
452. *Mr. Sterling*—Enquiry of the Ministry—Would the Minister of Correctional Services indicate the degree of accessibility to tobacco in provincial institutions under his ministry. Is tobacco given to inmates free, or as payment for work. *November 4, 1986.*
453. *Mr. Sterling*—Enquiry of the Ministry—Would the Minister of Correctional Services provide the Ministry policy with regard to smoking tobacco in provincial institutions. What educational programs presently exist to warn inmates as to the ill effects of smoking tobacco. *November 4, 1986.*
454. *Mr. Sterling*—Enquiry of the Ministry—Would the Minister of Health list all Ministry publications, and those of any other provincial ministry, which educate the public as to the ill effects of smoking tobacco. Would the Minister indicate the dates of publishing this information; any publication(s) in a language other than English; the total number published; the number distributed; the method of distribution; and the respective costs of publication and distribution. *November 4, 1986.*
-

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

(Precedence in accordance with the Order of the House passed on Wednesday, February 12, 1986, and pursuant to Standing Order 71 (d).)

Ballot Item No. 23

Mr. Foulds—Resolution—That in the opinion of this Legislature, because of the devastating economic situation facing Northern Ontario including serious layoffs in single industry towns, the potential destruction of jobs due to the American proposed countervailing duty on the soft wood lumber industry, and a current unemployment rate twice that of the provincial average including in some communities an unemployment rate in excess of 35 per cent, the Treasurer of Ontario should accept recommendations not only of the New Democratic Party since 1977, but also of the Royal Commission on the Northern Environment (the Fahlgren Report) in 1985, the Advisory Committee on Resource Dependent Communities in Northern Ontario (the Rosehart Report) in 1986, and the Standing Committee on Resources Development in 1986, and establish immediately an independent Northern Ontario Economic Diversification Fund, managed by Northerners, in order to diversify the Northern Ontario economy, especially in single industry towns. Through loans, grants and joint ventures this fund would be invested in development projects that meet the priorities set through community, regional and provincial planning as well as through specific community resource planning agreements signed between the provincial government, the local communities and the resource industries involved. The monies to establish the fund would come from a consolidation of existing Northern Development Funds and programs and in addition through an earmarked percentage of provincial revenue from resource industry taxation. *To be debated on Thursday November 6, 1986.*

Ballot Item No. 24

Mr. Callahan—Resolution—That in the opinion of this House, as the public does not understand the method of establishing levels of remuneration of Boards of Education and Municipal Councils and as there is no consistent principle province-wide, the Education Act and the Municipal Act should be amended so that any increase in honorarium to a Board of Education or Municipal Council may be made only once in a term of such Board or Council and within 60 days of the date on which an election is to be held. *To be debated on Thursday, November 6, 1986.*

Ballot Item No. 25

Mr. McLean—Resolution—That in the opinion of this House, the practice of retired members of the legislature or senior civil servants, while receiving retirement allowances, may also receive remuneration as a member of a board, commission, or other body holding office at the nomination of the Lieutenant Governor in Council, is improper and fiscally irresponsible therefore, this House, recognizing the inequity of the present policy and the need for fiscal integrity relating to taxpayers' monies, recommends that this practice be ended, while at the same time the retirement contributions made by those affected should be protected. *To be debated on Thursday, November 13, 1986.*

Ballot Item No. 26

Mr. Johnston (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action. *To be debated on Thursday, November 13, 1986.*

Ballot Item No. 27

Mr. Newman—Resolution—That in the opinion of this House, since the state of Michigan has given approval for Detroit to build an enormous garbage incinerator without extra pollution controls, the Minister of the Environment should take steps to ensure that Ontario residents, especially those in Windsor and Essex County areas, are protected from this potential source of air pollution. *To be debated on Thursday November 20, 1986.*

Ballot Item No. 28

Mr. McFadden—Resolution—That in the opinion of this House, the provincial government should immediately introduce tax reform measures to reduce the property tax burden on homeowners and tenants. *To be debated on Thursday November 20, 1986.*

Ballot Item No. 29

Second Reading Bill 132, An Act to amend the Labour Relations Act. Mr. Mackenzie. *To be debated on Thursday, November 27, 1986.*

Ballot Item No. 32

Mr. Swart—Resolution—That in the opinion of this House, recognizing that the Slater Task Force has failed to propose recommendations to resolve the massive insurance problems and, in particular, failed to investigate and report on the financial and other benefits of the public auto insurance plans as practiced in Manitoba, Saskatchewan, and British Columbia, the Government of Ontario should proceed, immediately, with the development of the most appropriate provincial public motor vehicle insurance plan for implementation not later than January 1, 1988. Such plan, unlike the Slater recommendations, would fully redress the major problems of the present system identified by the NDP Caucus Insurance Committee, namely:—arbitrary cancellation of insurance;—all drivers in a household penalized for one driver's record;—discriminatory rates for age, sex or marital status;—the growing number of uninsured drivers in Ontario;—non-existent or inadequate no-fault compensation;—excessive premiums and escalating rates generally. *To be debated on Thursday, December 4, 1986.*

BILLS REFERRED TO SELECT AND STANDING COMMITTEES

SELECT COMMITTEE ON HEALTH

Bill 52, An Act to amend the Health Protection and Promotion Act, 1983. *Mr. Pierce. (Referred April 22, 1986, Originally Referred November 21, 1985.)*

STANDING COMMITTEE ON ADMINISTRATION OF JUSTICE

Bill 42, An Act to regulate the Activities of Paralegal Agents. *Mr. O'Connor. (Referred June 26, 1986.)*

Bill 105, An Act to provide Pay Equity for Employees in Predominantly Female Groups of Jobs in the Public Sector. *Mr. Wrye. (Referred July 10, 1986.)**

STANDING COMMITTEE ON FINANCE AND ECONOMIC AFFAIRS

Bill 26, An Act to amend the Retail Sales Tax Act. *Mr. Nixon. (Referred October 23, 1986.)**

STANDING COMMITTEE ON GENERAL GOVERNMENT

Bill 71, An Act to protect the Public Health and Comfort and the Environment by Prohibiting and Controlling Smoking in Public Places. *Mr. Sterling. (Referred April 22, 1986, Originally Referred February 7, 1986.)*

Bill 131, An Act to amend the Assessment Act. *Mr. Nixon. (Referred November 4, 1986.)*

STANDING COMMITTEE ON THE LEGISLATIVE ASSEMBLY

Bill 34, An Act to provide for Freedom of Information and Protection of Individual Privacy. *Mr. Scott. (Pursuant to an Order of the House on Thursday, May 1, 1986.)*

*Lieutenant Governor's Recommendation received.

STANDING COMMITTEE ON REGULATIONS AND PRIVATE BILLS

Bill Pr2, An Act respecting the City of North York. *Mr. McCaffrey. (Referred June 4, 1986.)*

Bill Pr6, An Act respecting the City of Windsor. *Mr. Cooke. (Windsor-Riverside). (Referred June 2, 1986.)*

Bill Pr23, An Act respecting the Town of Markham. *Mr. Cousens. (Referred July 7, 1986.)*

NOTICES

GOVERNMENT MOTION

5. *Debated May 13, 14, 15, 20, 21, 22, 26 and 27, 1986.*
-

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action.
2. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
3. *Mr. Warner*—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6) calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter

complies with the U.N. resolutions on Cyprus and shows a respect for international law.

5. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.
8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson's statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.
9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:
 - (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;
 - (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lender) the judge may grant leave for foreclosure or commencement of bankruptcy

proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.
16. *Mr. Wildman*—Resolution—That this House should request the Ontario government to amend this province's mining tax system to ensure sufficient revenues accrue to the provincial treasury from the mining companies to enable the government to allocate a reserve fund, as part of a "Northern Ontario Tomorrow Fund", to be distributed as grants, loans and guarantees for individuals, community groups, co-operatives and small businesses and temporary extraordinary grants to municipalities to assist in the economic recovery from the adverse effects of mine shutdowns.
18. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministries of Natural Resources and Transportation and Communications should implement, jointly, a formal testing program to investigate the effectiveness of the "wildlife saver" devices when attached to automobiles, to determine whether the use of these devices would have adverse effects on either the general public or domestic animals and wild game, and to study the feasibility of requiring the installation of these devices on motor vehicles in certain regions of the province or throughout Ontario.
21. *Mr. Mackenzie*—Resolution—That in the opinion of this House, recognizing that certain classes of workers are discriminated against by the denial of rights provided to other workers, the regulations under the *Employment Standards Act* should be amended to provide that the standards set by the Act relating to hours of work, overtime pay and public holidays are applicable to persons employed in landscape gardening, mushroom growing, the growing of flowers for the retail and wholesale trade, the growing, transporting and laying of sod, and the growing of trees and shrubs for wholesale and retail trade.
23. *Mr. Lupusella*—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of educa-

tion and social services from the residential property tax base to progressive sources of revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses.

28. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the Canadian Transport Commission has approved a plan to allow the testing of electronic monitoring devices by Canadian National Railways and the Canadian Pacific Railway whose avowed aim is to eliminate the use of a caboose at the rear of trains, and recognizing the important role played by tail-end crews in protecting the public safety, preventing accidents and minimizing injury and damage in accidents that do occur, the Government of Ontario should urge the Government of Canada to continue to require every train to operate with a caboose.
29. *Mr. Swart*—Resolution—That in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) The formation of a separate branch or division with a registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) disclosure of names and background of officers and directors of franchisor; (4) application to all industries and all franchises within each industry; (5) the franchisee to have a four-day cooling off period; (6) prohibition against dealing in franchises except as provided; (7) exemption of liability by franchisee for future damages; (8) the administrators of the Act to have authority to discourage: (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; and (e) competitive and discriminatory practices by franchisors.
30. *Mr. Cooke (Windsor-Riverside)*—Resolution—That in the opinion of this House, since hospital nurses and public health nurses provide work of equal value, the Minister of Health should move immediately to implement the government's policy of equal pay for work of equal value and establish parity between public health nurses and their counterparts in hospitals, by making additional funding available to Public Health Boards specifically for the purpose of implementing parity.
36. *Mr. Mackenzie*—Resolution—That in the opinion of this House, recognizing that certain classes of workers are discriminated against by the denial of rights provided to other workers, the regulations under the Employment Standards Act should be amended to provide that the standards set by the Act relating to hours of work, overtime pay, and public holidays are applic-

able to a person employed as a superintendent, janitor or caretaker of a residential building who resides in the building.

37. *Mr. Callahan*—Resolution—That, in the opinion of this House, as the public does not understand the method of establishing levels of remuneration of Boards of Education and Municipal Councils and as there is no consistent principle province-wide, the Education Act and the Municipal Act should be amended so that any increase in honorarium to a Board of Education or Municipal Council may be made only once in a term of such Board or Council and within 60 days of the date on which an election is to be held.
40. *Mr. Swart*—Resolution—That in the opinion of this House, recognizing that the Slater Task Force has failed to propose recommendations to resolve the massive insurance problems and, in particular, failed to investigate and report on the financial and other benefits of the public auto insurance plans as practiced in Manitoba, Saskatchewan, and British Columbia, the Government of Ontario should proceed, immediately, with the development of the most appropriate provincial public motor vehicle insurance plan for implementation not later than January 1, 1988. Such plan, unlike the Slater recommendations, would fully redress the major problems of the present system identified by the NDP Caucus Insurance Committee, namely:—arbitrary cancellation of insurance;—all drivers in a household penalized for one driver's record;—discriminatory rates for age, sex or marital status;—the growing number of uninsured drivers in Ontario;—non-existent or inadequate no-fault compensation;—excessive premiums and escalating rates generally.
42. *Mr. Breaugh*—Resolution—That this House urges the Government of Ontario to make the same financial support available for municipal election campaigns as exists for provincial campaigns, by providing contributors with tax credits and candidates with campaign subsidies, in the following manner:
 1. Individual municipalities, school boards and public utilities commissions would be permitted to opt into a provincial plan created by statute.
 2. Under the provincial plan, candidates would register with the Commission on Election Contributions and Expenses. Registered candidates would be required to file detailed returns of contributions received and expenses incurred, and their contributors would receive official receipts entitling them to credits against provincial income tax in the same manner as contributors to provincial election campaigns.
 3. A registered candidate who received at least 15 per cent of the popular vote would be entitled to the same reimbursement by the Commission as a candidate in a provincial election.
44. *Mr. Breaugh*—Resolution—That in the opinion of this House the following actions are urgently needed to defend the physical and mental health of peoples effected by the Chernobyl tragedy:

1. that the UN form an International Investigative Committee of scientists and medical experts to enter Ukraine to assess the extent of danger;
2. that Canada declare its preparedness to contribute emergency aid—medicine, food, technical personnel as needed;
3. that Canada announce an open door policy for family reunification and sponsorship of immigrants wishing to leave Ukraine; and
4. that the USSR permit communication between Canadians and other relatives in Ukraine.

47. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing the profound effect of the recent visit (including his direct appeal to the Legislature of Ontario) of Bishop Desmond Tutu on all Canadians; recognizing the warning of a potential bloodbath contained in the Eminent Persons Report of June 12, 1986, and recognizing that the increasing crisis in south Africa can only be affected by outside influences if substantive sanctions are brought to bear on South Africa, the government of Ontario should adopt the following policies to express the province's solidarity with the struggle for freedom for Blacks in South Africa and to express the anger and abhorrence of the Ontario people against the crime of apartheid:

- 1) A continuation of the ban of the import of all South African Liquor and an auction of all present South African liquor products in stock at liquor stores and LCBO warehouses, with the full proceeds going to victims of apartheid.
- 2) Government procurement policies prohibiting the purchase of goods or services from companies with direct investments in South Africa.
- 3) A ban on the purchase on South African goods or services by the Ontario government and public institutions funded by the Ontario government including hospitals and community colleges.
- 4) Using the Ontario government's 1.5 per cent equity share in Varsity Corporation formerly Massey-Ferguson to persuade that company to cease doing business in South Africa, and failing that, divestment of the shares.
- 5) Divestment by government agencies of pension fund investments in companies with direct investment in South Africa.
- 6) Increased pressure on the federal government to impose full economic sanctions against South Africa.
- 7) Solidarity with the heroic struggle being waged by the ANC, the United Democratic Front and the unions of COSATU and CUSA in the battle against apartheid in South Africa.

49. *Mr. Hayes*—Resolution—That in the opinion of this House, the current food policy of our province and our country has generated the present instability

in food production and uncertainty among farmers as to the future and has resulted in many farm units being forced to supplement farm income with off-farm employment, or get out of farming either by selling out or through bankruptcy; and much of present confusion about farm production and marketing in this country stems from the contradictions and inconsistencies between the federal and the various provincial policies and programmes. Therefore, the provincial government strongly urges the federal government to legislate the transfer of powers over "intra" and "inter" provincial trade of each farm-produced commodity to the federal jurisdiction on the condition that the federal legislation must permit the establishment of national marketing structures for all farm produced commodities and must have the following powers: control of the product into, through and out of the marketing system to meet market demands; single desk selling; equality of delivery opportunity between producers; pooling of returns and costs among producers; elimination of manipulation, speculation and waste. The federal government should appoint commissioners to administer each of the marketing structures, which would be responsible to the federal government. The criteria for selecting commissioners would be based on their marketing expertise in the particular kind of commodity affected. They need not be producers of that commodity or of any other farm commodity (as is the case currently with the Canadian Wheat Board). In addition, the national policy to dictate overall production targets, and market-sharing agreements between provinces would need to be negotiated.

51. *Mr. Foulds*—Resolution—That in the opinion of this House, the Treasurer of Ontario should establish a permanent Northern Ontario Fund, managed by Northerners. This fund would be invested, through loans, grants and joint ventures, in development projects that meet the priorities set through community, regional and provincial planning. The monies to establish the fund would come from a consolidation of existing Northern development funds and programmes, and, in addition, through an earmarked percentage of current provincial revenue from resource industry taxation.
52. *Mr. Rae*—Resolution—That in the opinion of this House, the Minister of Health should take steps to establish a medical school and health research facility in Northern Ontario to encourage more health professionals to practise in the North, to provide better health care services for Northerners and to attract job-creating enterprises involved in the research and production of health related products.
53. *Mr. Mackenzie*—Resolution—That in the opinion of this House, the Minister of Labour should introduce changes to the Employment Standards Act which would require six months notice when more than 50 workers are to be permanently laid off by an employer within a six month period.
54. *Mr. Laughren*—Resolution—That in the opinion of this House, the Minister of Natural Resources should develop a comprehensive wood utilization policy and enforcement programme to ensure the most valuable end use of our forest resource. Further, the Minister should initiate a task force to study improved and alternate forest management practices.

55. *Mr. Laughren*—Resolution—That in the opinion of this House, the Ontario government should establish a Forestry Institute to generate new forestry-related industries in Northern Ontario by developing forest machinery and processing technologies as well as better forest management and silvicultural practices.
56. *Mr. Martel*—Resolution—That in the opinion of this House, the Ontario government should undertake a major decentralization of government office from Toronto to Northern Ontario in order:
1. to ensure policies and programmes that affect Northern Ontario are formulated by staff with a clear understanding of the North;
 2. to provide local employment in Northern communities;
 3. to play a role in attracting other enterprises to Northern communities.
57. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Ontario government should establish a Northern Technology Research and Development Institute to develop new, secondary manufacturing opportunities applicable to Northern communities.
58. *Mr. Pouliot*—Resolution—That in the opinion of this House, the Ontario government should negotiate planning agreements with companies wanting access to publicly-owned natural resources. These agreements could include, but would not be limited to, guarantees from the company to employ and train local residents, to re-invest in Northern communities and to use the services of local businesses. Input from communities affected by resource development would play a major role in these negotiations.
59. *Mr. Wildman*—Resolution—That in the opinion of this House, the Ontario government should guarantee a just and equitable price for gasoline to Ontario consumers in all regions of the province by introducing legislation that would allow the Ontario government:
1. to continually review gasoline prices;
 2. to hold public hearings to determine a fair and reasonable price for gasoline products;
 3. to set maximum wholesale and retail prices for gasoline products and ensure these prices are uniform across the province;
 4. to permit increases in the wholesale or retail price of gasoline products only after they have been fully justified at a public hearing.
60. *Mr. Wildman*—Resolution—That in the opinion of this House, the Minister of Northern Development and Mines should establish an Ontario Mining Development Foundation to help generate new mining-related industries in Northern Ontario by developing exploration techniques, mineral processing techniques and related mining technologies.

61. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Ontario government should introduce legislation requiring companies which effect a major lay-off or plant closure to establish a Community Adjustment Fund. This fund is to be used by the affected municipality to develop new employment opportunities, to provide social services and to maintain municipal infrastructure.
62. *Mr. Foulds*—Resolution—That in the opinion of this Legislature, because of the devastating economic situation facing Northern Ontario including serious layoffs in single industry towns, the potential destruction of jobs due to the American proposed countervailing duty on the soft wood lumber industry, and a current unemployment rate twice that of the provincial average including in some communities an unemployment rate in excess of 35 per cent, the Treasurer of Ontario should accept recommendations not only of the New Democratic Party since 1977, but also of the Royal Commission on the Northern Environment (the Fahlgren Report) in 1985, the Advisory Committee on Resource Dependent Communities in Northern Ontario (the Rosehart Report) in 1986, and the Standing Committee on Resources Development in 1986, and establish immediately an independent Northern Ontario Economic Diversification Fund, managed by Northerners, in order to diversify the Northern Ontario economy, especially in single industry towns. Through loans, grants and joint ventures this fund would be invested in development projects that meet the priorities set through community, regional and provincial planning as well as through specific community resource planning agreements signed between the provincial government, the local communities and the resource industries involved. The monies to establish the fund would come from a consolidation of existing Northern Development Funds and programs and in addition through an earmarked percentage of provincial revenue from resource industry taxation.
64. *Mr. McLean*—Resolution—That in the opinion of this House, the practice of retired members of the legislature or senior civil servants, while receiving retirement allowances, may also receive remuneration as a member of a board, commission, or other body holding office at the nomination of the Lieutenant Governor in Council, is improper and fiscally irresponsible therefore, this House, recognizing the inequity of the present policy and the need for fiscal integrity relating to taxpayers' monies, recommends that this practice be ended, while at the same time the retirement contributions made by those affected should be protected.
65. *Mr. McFadden*—Resolution—That in the opinion of this House, the provincial government should immediately introduce tax reform measures to reduce the property tax burden on homeowners and tenants.
66. *Mr. Newman*—Resolution—That in the opinion of this House, since the state of Michigan has given approval for Detroit to build an enormous garbage incinerator without extra pollution controls, the Minister of the Environment should take steps to ensure that Ontario residents, especially those in Windsor and Essex County areas, are protected from this potential source of air pollution.

67. *Mr. Shymko*—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, if the following five constituent Republics of the U.S.S.R., namely, the Estonian S.S.R., Latvian S.S.R., Lithuanian S.S.R., Byelorussian S.S.R. and Ukrainian S.S.R. pass similar declarations by their republican Governments declaring their territories Nuclear Arms Free Zones in a spirit of brotherhood and solidarity with Ontario for the cause of world peace, and all the above Governments should prohibit the deployment of nuclear weapons in their territories, the testing of nuclear weapons and associated equipment in the Province and the five constituent Republics, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province and the five constituent Republics, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province and the five constituent Republics of the U.S.S.R. should encourage cities, provinces and states throughout the world to initiate similar, reciprocal action in the spirit of this year's declaration of the Year of International Peace by the United Nations to guarantee a safe world for future generations of humanity.
-

QUESTIONS

(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Thursday will appear on each day of the following week.)

451. *Mr. Wildman*—Enquiry of the Ministry—Would the Acting Minister of Northern Development and Mines provide the names of the firms contracted to organize the Premier's Conference on Northern Competitiveness, how much was paid to each and for what services. Would the Minister also provide all other expenses incurred in the hosting of this conference. *November 3, 1986.*
452. *Mr. Sterling*—Enquiry of the Ministry—Would the Minister of Correctional Services indicate the degree of accessibility to tobacco in provincial institutions under his ministry. Is tobacco given to inmates free, or as payment for work. *November 4, 1986.*
453. *Mr. Sterling*—Enquiry of the Ministry—Would the Minister of Correctional Services provide the Ministry policy with regard to smoking tobacco in provincial institutions. What educational programs presently exist to warn inmates as to the ill effects of smoking tobacco. *November 4, 1986.*
454. *Mr. Sterling*—Enquiry of the Ministry—Would the Minister of Health list all Ministry publications, and those of any other provincial ministry, which educate the public as to the ill effects of smoking tobacco. Would the Minister indicate the dates of publishing this information; any publication(s) in a language other than English; the total number published; the number distributed; the method of distribution; and the respective costs of publication and distribution. *November 4, 1986.*
-

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

(Precedence in accordance with the Order of the House passed on Wednesday, February 12, 1986, and pursuant to Standing Order 71 (d).)

Ballot Item No. 23

Mr. Foulds—Resolution—That in the opinion of this Legislature, because of the devastating economic situation facing Northern Ontario including serious layoffs in single industry towns, the potential destruction of jobs due to the American proposed countervailing duty on the soft wood lumber industry, and a current unemployment rate twice that of the provincial average including in some communities an unemployment rate in excess of 35 per cent, the Treasurer of Ontario should accept recommendations not only of the New Democratic Party since 1977, but also of the Royal Commission on the Northern Environment (the Fahlgren Report) in 1985, the Advisory Committee on Resource Dependent Communities in Northern Ontario (the Rosehart Report) in 1986, and the Standing Committee on Resources Development in 1986, and establish immediately an independent Northern Ontario Economic Diversification Fund, managed by Northerners, in order to diversify the Northern Ontario economy, especially in single industry towns. Through loans, grants and joint ventures this fund would be invested in development projects that meet the priorities set through community, regional and provincial planning as well as through specific community resource planning agreements signed between the provincial government, the local communities and the resource industries involved. The monies to establish the fund would come from a consolidation of existing Northern Development Funds and programs and in addition through an earmarked percentage of provincial revenue from resource industry taxation. *To be debated today.*

Ballot Item No. 24

Mr. Callahan—Resolution—That in the opinion of this House, as the public does not understand the method of establishing levels of remuneration of Boards of Education and Municipal Councils and as there is no consistent principle province-wide, the Education Act and the Municipal Act should be amended so that any increase in honorarium to a Board of Education or Municipal Council may be made only once in a term of such Board or Council and within 60 days of the date on which an election is to be held. *To be debated today.*

Ballot Item No. 25

Mr. McLean—Resolution—That in the opinion of this House, the practice of retired members of the legislature or senior civil servants, while receiving retirement allowances, may also receive remuneration as a member of a board, commission, or other body holding office at the nomination of the Lieutenant Governor in Council, is improper and fiscally irresponsible therefore, this House, recognizing the inequity of the present policy and the need for fiscal integrity relating to taxpayers' monies, recommends that this practice be ended, while at the same time the retirement contributions made by those affected should be protected. *To be debated on Thursday, November 13, 1986.*

Ballot Item No. 26

Mr. Johnston (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action. *To be debated on Thursday, November 13, 1986.*

Ballot Item No. 27

Mr. Newman—Resolution—That in the opinion of this House, since the state of Michigan has given approval for Detroit to build an enormous garbage incinerator without extra pollution controls, the Minister of the Environment should take steps to ensure that Ontario residents, especially those in Windsor and Essex County areas, are protected from this potential source of air pollution. *To be debated on Thursday November 20, 1986.*

Ballot Item No. 28

Mr. McFadden—Resolution—That in the opinion of this House, the provincial government should immediately introduce tax reform measures to reduce the property tax burden on homeowners and tenants. *To be debated on Thursday November 20, 1986.*

Ballot Item No. 29

Second Reading Bill 132, An Act to amend the Labour Relations Act. Mr. Mackenzie. *To be debated on Thursday, November 27, 1986.*

Ballot Item No. 32

Mr. Swart—Resolution—That in the opinion of this House, recognizing that the Slater Task Force has failed to propose recommendations to resolve the massive insurance problems and, in particular, failed to investigate and report on the financial and other benefits of the public auto insurance plans as practiced in Manitoba, Saskatchewan, and British Columbia, the Government of Ontario should proceed, immediately, with the development of the most appropriate provincial public motor vehicle insurance plan for implementation not later than January 1, 1988. Such plan, unlike the Slater recommendations, would fully redress the major problems of the present system identified by the NDP Caucus Insurance Committee, namely:—arbitrary cancellation of insurance;—all drivers in a household penalized for one driver's record;—discriminatory rates for age, sex or marital status;—the growing number of uninsured drivers in Ontario;—non-existent or inadequate no-fault compensation;—excessive premiums and escalating rates generally. *To be debated on Thursday, December 4, 1986.*

BILLS REFERRED TO SELECT AND STANDING COMMITTEES

SELECT COMMITTEE ON HEALTH

Bill 52, An Act to amend the Health Protection and Promotion Act, 1983. *Mr. Pierce.* (Referred April 22, 1986, Originally Referred November 21, 1985.)

STANDING COMMITTEE ON ADMINISTRATION OF JUSTICE

Bill 42, An Act to regulate the Activities of Paralegal Agents. *Mr. O'Connor.* (Referred June 26, 1986.)

Bill 105, An Act to provide Pay Equity for Employees in Predominantly Female Groups of Jobs in the Public Sector. *Mr. Wrye.* (Referred July 10, 1986.)*

STANDING COMMITTEE ON FINANCE AND ECONOMIC AFFAIRS

Bill 26, An Act to amend the Retail Sales Tax Act. *Mr. Nixon.* (Referred October 23, 1986.)*

STANDING COMMITTEE ON GENERAL GOVERNMENT

Bill 71, An Act to protect the Public Health and Comfort and the Environment by Prohibiting and Controlling Smoking in Public Places. *Mr. Sterling.* (Referred April 22, 1986, Originally Referred February 7, 1986.)

Bill 131, An Act to amend the Assessment Act. *Mr. Nixon.* (Referred November 4, 1986.)

STANDING COMMITTEE ON THE LEGISLATIVE ASSEMBLY

Bill 34, An Act to provide for Freedom of Information and Protection of Individual Privacy. *Mr. Scott.* (Pursuant to an Order of the House on Thursday, May 1, 1986.)

*Lieutenant Governor's Recommendation received.

STANDING COMMITTEE ON REGULATIONS AND PRIVATE BILLS

Bill Pr2, An Act respecting the City of North York. *Mr. McCaffrey. (Referred June 4, 1986.)*

Bill Pr24, An Act to change the name of the Institute of Management Consultants of Ontario to the Institute of Certified Management Consultants of Ontario. *Mr. McFadden. (Referred June 26, 1986.)*

Bill Pr25, An Act respecting the City of Toronto. *Mr. Offer. (Referred July 3, 1986.)*

Bill Pr27, An Act respecting the City of Brantford. *Mr. Gillies. (Referred June 26, 1986.)*

Bill Pr28, An Act respecting the City of London. *Mrs. Smith. (Referred April 29, 1986.)*

Bill Pr29, An Act to revive Magnum International Productions Inc. *Mr. Offer. (Referred October 16, 1986.)*

Bill Pr30, An Act to revive Italo-Canadian Centennial Club. *Mr. Polsinelli. (Referred October 15, 1986.)*

Bill Pr33, An Act respecting London Life Insurance Company. *Mr. Offer. (Referred October 16, 1986.)*

Bill Pr34, An Act respecting the City of Windsor and the Windsor-Detroit Tunnel. *Mr. Cooke (Windsor-Riverside). (Referred October 15, 1986.)*

Bill Pr38, An Act to revive Traco Investments Limited. *Mr. McFadden. (Referred October 20, 1986)*

Bill Pr46, An Act respecting the Brockville Rowing Club Inc. *Mr. Runciman. (Referred April 22, 1986, Originally Referred July 11, 1985.)*

Bill Pr52, An Act respecting the City of Scarborough. *Mr. Polsinelli. (Referred October 16, 1986.)*

Bill Pr54, An Act to revive the Toronto Ski Club. *Mr. Timbrell. (Referred October 16, 1986.)*

STANDING COMMITTEE ON RESOURCES DEVELOPMENT

Bill 51, An Act to provide for the Regulation of Rents charged for Rental Units in Residential Complexes. *Mr. Curling. (Referred July 7, 1986.)*

STANDING COMMITTEE ON SOCIAL DEVELOPMENT

Bill 3, An Act for the Provision and Integration of Community Based Services for Seniors. *Mr. Warner. (Referred May 29, 1986.)*

Bill 92, An Act to amend the Nursing Home Act. *Mr. Cooke. (Windsor-Riverside.) (Referred April 22, 1986, Originally Referred January 16, 1986.)*

MATTERS REFERRED TO STANDING COMMITTEES

(In accordance with the Order of the House passed on Monday, April 28, 1986, statutory annual reports of each ministry and of all agencies, boards and commissions reporting to each Minister for the immediate past reporting period stand permanently referred to the appropriate Standing Committees.)

STANDING COMMITTEE ON GENERAL GOVERNMENT

Review and Report on the School Boards and Teachers Collective Negotiations Act, R.S.O. 1980, c. 464. *(Pursuant to an Order of the House on Friday, February 7, 1986.)*

STANDING COMMITTEE ON THE LEGISLATIVE ASSEMBLY

NOTICES

GOVERNMENT MOTION

5. *Debated May 13, 14, 15, 20, 21, 22, 26 and 27, 1986.*
-

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action.
2. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
3. *Mr. Warner*—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6) calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter

complies with the U.N. resolutions on Cyprus and shows a respect for international law.

5. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.

8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson's statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.

9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:

- (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;
- (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lender) the judge may grant leave for foreclosure or commencement of bankruptcy

proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.
16. *Mr. Wildman*—Resolution—That this House should request the Ontario government to amend this province's mining tax system to ensure sufficient revenues accrue to the provincial treasury from the mining companies to enable the government to allocate a reserve fund, as part of a "Northern Ontario Tomorrow Fund", to be distributed as grants, loans and guarantees for individuals, community groups, co-operatives and small businesses and temporary extraordinary grants to municipalities to assist in the economic recovery from the adverse effects of mine shutdowns.
18. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministries of Natural Resources and Transportation and Communications should implement, jointly, a formal testing program to investigate the effectiveness of the "wildlife saver" devices when attached to automobiles, to determine whether the use of these devices would have adverse effects on either the general public or domestic animals and wild game, and to study the feasibility of requiring the installation of these devices on motor vehicles in certain regions of the province or throughout Ontario.
21. *Mr. Mackenzie*—Resolution—That in the opinion of this House, recognizing that certain classes of workers are discriminated against by the denial of rights provided to other workers, the regulations under the *Employment Standards Act* should be amended to provide that the standards set by the Act relating to hours of work, overtime pay and public holidays are applicable to persons employed in landscape gardening, mushroom growing, the growing of flowers for the retail and wholesale trade, the growing, transporting and laying of sod, and the growing of trees and shrubs for wholesale and retail trade.
23. *Mr. Lupusella*—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of educa-

tion and social services from the residential property tax base to progressive sources of revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses.

28. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the Canadian Transport Commission has approved a plan to allow the testing of electronic monitoring devices by Canadian National Railways and the Canadian Pacific Railway whose avowed aim is to eliminate the use of a caboose at the rear of trains, and recognizing the important role played by tail-end crews in protecting the public safety, preventing accidents and minimizing injury and damage in accidents that do occur, the Government of Ontario should urge the Government of Canada to continue to require every train to operate with a caboose.
29. *Mr. Swart*—Resolution—That in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) The formation of a separate branch or division with a registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) disclosure of names and background of officers and directors of franchisor; (4) application to all industries and all franchises within each industry; (5) the franchisee to have a four-day cooling off period; (6) prohibition against dealing in franchises except as provided; (7) exemption of liability by franchisee for future damages; (8) the administrators of the Act to have authority to discourage: (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; and (e) competitive and discriminatory practices by franchisors.
30. *Mr. Cooke* (Windsor-Riverside)—Resolution—That in the opinion of this House, since hospital nurses and public health nurses provide work of equal value, the Minister of Health should move immediately to implement the government's policy of equal pay for work of equal value and establish parity between public health nurses and their counterparts in hospitals, by making additional funding available to Public Health Boards specifically for the purpose of implementing parity.
36. *Mr. Mackenzie*—Resolution—That in the opinion of this House, recognizing that certain classes of workers are discriminated against by the denial of rights provided to other workers, the regulations under the Employment Standards Act should be amended to provide that the standards set by the Act relating to hours of work, overtime pay, and public holidays are applic-

able to a person employed as a superintendent, janitor or caretaker of a residential building who resides in the building.

37. *Debated Thursday, November 6, 1986.*
40. *Mr. Swart—Resolution—*That in the opinion of this House, recognizing that the Slater Task Force has failed to propose recommendations to resolve the massive insurance problems and, in particular, failed to investigate and report on the financial and other benefits of the public auto insurance plans as practiced in Manitoba, Saskatchewan, and British Columbia, the Government of Ontario should proceed, immediately, with the development of the most appropriate provincial public motor vehicle insurance plan for implementation not later than January 1, 1988. Such plan, unlike the Slater recommendations, would fully redress the major problems of the present system identified by the NDP Caucus Insurance Committee, namely:—arbitrary cancellation of insurance;—all drivers in a household penalized for one driver's record;—discriminatory rates for age, sex or marital status;—the growing number of uninsured drivers in Ontario;—non-existent or inadequate no-fault compensation;—excessive premiums and escalating rates generally.
42. *Mr. Breagh—Resolution—*That this House urges the Government of Ontario to make the same financial support available for municipal election campaigns as exists for provincial campaigns, by providing contributors with tax credits and candidates with campaign subsidies, in the following manner:
 1. Individual municipalities, school boards and public utilities commissions would be permitted to opt into a provincial plan created by statute.
 2. Under the provincial plan, candidates would register with the Commission on Election Contributions and Expenses. Registered candidates would be required to file detailed returns of contributions received and expenses incurred, and their contributors would receive official receipts entitling them to credits against provincial income tax in the same manner as contributors to provincial election campaigns.
 3. A registered candidate who received at least 15 per cent of the popular vote would be entitled to the same reimbursement by the Commission as a candidate in a provincial election.
44. *Mr. Breagh—Resolution—*That in the opinion of this House the following actions are urgently needed to defend the physical and mental health of peoples effected by the Chernobyl tragedy:
 1. that the UN form an International Investigative Committee of scientists and medical experts to enter Ukraine to assess the extent of danger;
 2. that Canada declare its preparedness to contribute emergency aid—medicine, food, technical personnel as needed;

3. that Canada announce an open door policy for family reunification and sponsorship of immigrants wishing to leave Ukraine; and
4. that the USSR permit communication between Canadians and other relatives in Ukraine.

47. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing the profound effect of the recent visit (including his direct appeal to the Legislature of Ontario) of Bishop Desmond Tutu on all Canadians; recognizing the warning of a potential bloodbath contained in the Eminent Persons Report of June 12, 1986, and recognizing that the increasing crisis in south Africa can only be affected by outside influences if substantive sanctions are brought to bear on South Africa, the government of Ontario should adopt the following policies to express the province's solidarity with the struggle for freedom for Blacks in South Africa and to express the anger and abhorrence of the Ontario people against the crime of apartheid:

- 1) A continuation of the ban of the import of all South African Liquor and an auction of all present South African liquor products in stock at liquor stores and LCBO warehouses, with the full proceeds going to victims of apartheid.
- 2) Government procurement policies prohibiting the purchase of goods or services from companies with direct investments in South Africa.
- 3) A ban on the purchase on South African goods or services by the Ontario government and public institutions funded by the Ontario government including hospitals and community colleges.
- 4) Using the Ontario government's 1.5 per cent equity share in Varsity Corporation formerly Massey-Ferguson to persuade that company to cease doing business in South Africa, and failing that, divestment of the shares.
- 5) Divestment by government agencies of pension fund investments in companies with direct investment in South Africa.
- 6) Increased pressure on the federal government to impose full economic sanctions against South Africa.
- 7) Solidarity with the heroic struggle being waged by the ANC, the United Democratic Front and the unions of COSATU and CUSA in the battle against apartheid in South Africa.

49. *Mr. Hayes*—Resolution—That in the opinion of this House, the current food policy of our province and our country has generated the present instability in food production and uncertainty among farmers as to the future and has resulted in many farm units being forced to supplement farm income with off-farm employment, or get out of farming either by selling out or through bankruptcy; and much of present confusion about farm production and marketing in this country stems from the contradictions and inconsistencies between the federal and the various provincial policies and programmes.

Therefore, the provincial government strongly urges the federal government to legislate the transfer of powers over "intra" and "inter" provincial trade of each farm-produced commodity to the federal jurisdiction on the condition that the federal legislation must permit the establishment of national marketing structures for all farm produced commodities and must have the following powers: control of the product into, through and out of the marketing system to meet market demands; single desk selling; equality of delivery opportunity between producers; pooling of returns and costs among producers; elimination of manipulation, speculation and waste. The federal government should appoint commissioners to administer each of the marketing structures, which would be responsible to the federal government. The criteria for selecting commissioners would be based on their marketing expertise in the particular kind of commodity affected. They need not be producers of that commodity or of any other farm commodity (as is the case currently with the Canadian Wheat Board). In addition, the national policy to dictate overall production targets, and market-sharing agreements between provinces would need to be negotiated.

51. *Mr. Foulds*—Resolution—That in the opinion of this House, the Treasurer of Ontario should establish a permanent Northern Ontario Fund, managed by Northerners. This fund would be invested, through loans, grants and joint ventures, in development projects that meet the priorities set through community, regional and provincial planning. The monies to establish the fund would come from a consolidation of existing Northern development funds and programmes, and, in addition, through an earmarked percentage of current provincial revenue from resource industry taxation.
52. *Mr. Rae*—Resolution—That in the opinion of this House, the Minister of Health should take steps to establish a medical school and health research facility in Northern Ontario to encourage more health professionals to practise in the North, to provide better health care services for Northerners and to attract job-creating enterprises involved in the research and production of health related products.
53. *Mr. Mackenzie*—Resolution—That in the opinion of this House, the Minister of Labour should introduce changes to the Employment Standards Act which would require six months notice when more than 50 workers are to be permanently laid off by an employer within a six month period.
54. *Mr. Laughren*—Resolution—That in the opinion of this House, the Minister of Natural Resources should develop a comprehensive wood utilization policy and enforcement programme to ensure the most valuable end use of our forest resource. Further, the Minister should initiate a task force to study improved and alternate forest management practices.
55. *Mr. Laughren*—Resolution—That in the opinion of this House, the Ontario government should establish a Forestry Institute to generate new forestry-related industries in Northern Ontario by developing forest machinery and processing technologies as well as better forest management and silvicultural practices.

56. *Mr. Martel*—Resolution—That in the opinion of this House, the Ontario government should undertake a major decentralization of government office from Toronto to Northern Ontario in order:
1. to ensure policies and programmes that affect Northern Ontario are formulated by staff with a clear understanding of the North;
 2. to provide local employment in Northern communities;
 3. to play a role in attracting other enterprises to Northern communities.
57. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Ontario government should establish a Northern Technology Research and Development Institute to develop new, secondary manufacturing opportunities applicable to Northern communities.
58. *Mr. Pouliot*—Resolution—That in the opinion of this House, the Ontario government should negotiate planning agreements with companies wanting access to publicly-owned natural resources. These agreements could include, but would not be limited to, guarantees from the company to employ and train local residents, to re-invest in Northern communities and to use the services of local businesses. Input from communities affected by resource development would play a major role in these negotiations.
59. *Mr. Wildman*—Resolution—That in the opinion of this House, the Ontario government should guarantee a just and equitable price for gasoline to Ontario consumers in all regions of the province by introducing legislation that would allow the Ontario government:
1. to continually review gasoline prices;
 2. to hold public hearings to determine a fair and reasonable price for gasoline products;
 3. to set maximum wholesale and retail prices for gasoline products and ensure these prices are uniform across the province;
 4. to permit increases in the wholesale or retail price of gasoline products only after they have been fully justified at a public hearing.
60. *Mr. Wildman*—Resolution—That in the opinion of this House, the Minister of Northern Development and Mines should establish an Ontario Mining Development Foundation to help generate new mining-related industries in Northern Ontario by developing exploration techniques, mineral processing techniques and related mining technologies.
61. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Ontario government should introduce legislation requiring companies which effect a major lay-off or plant closure to establish a Community Adjustment Fund. This fund is to be used by the affected municipality to develop new employment opportunities, to provide social services and to maintain municipal infrastructure.

62. *Debated Thursday, November 6, 1986.*

64. *Mr. McLean*—Resolution—That in the opinion of this House, the practice of retired members of the legislature or senior civil servants, while receiving retirement allowances, may also receive remuneration as a member of a board, commission, or other body holding office at the nomination of the Lieutenant Governor in Council, is improper and fiscally irresponsible therefore, this House, recognizing the inequity of the present policy and the need for fiscal integrity relating to taxpayers' monies, recommends that this practice be ended, while at the same time the retirement contributions made by those affected should be protected.
 65. *Mr. McFadden*—Resolution—That in the opinion of this House, the provincial government should immediately introduce tax reform measures to reduce the property tax burden on homeowners and tenants.
 66. *Mr. Newman*—Resolution—That in the opinion of this House, since the state of Michigan has given approval for Detroit to build an enormous garbage incinerator without extra pollution controls, the Minister of the Environment should take steps to ensure that Ontario residents, especially those in Windsor and Essex County areas, are protected from this potential source of air pollution.
 67. *Mr. Shymko*—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, if the following five constituent Republics of the U.S.S.R., namely, the Estonian S.S.R., Latvian S.S.R., Lithuanian S.S.R., Byelorussian S.S.R. and Ukrainian S.S.R. pass similar declarations by their republican Governments declaring their territories Nuclear Arms Free Zones in a spirit of brotherhood and solidarity with Ontario for the cause of world peace, and all the above Governments should prohibit the deployment of nuclear weapons in their territories, the testing of nuclear weapons and associated equipment in the Province and the five constituent Republics, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province and the five constituent Republics, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province and the five constituent Republics of the U.S.S.R. should encourage cities, provinces and states throughout the world to initiate similar, reciprocal action in the spirit of this year's declaration of the Year of International Peace by the United Nations to guarantee a safe world for future generations of humanity.
-

QUESTIONS

(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Thursday will appear on each day of the following week.)

NOTE:

†Interim Answers to Questions 342 to 373 inclusive tabled October 14, 1986.
Approximate date information available October 31, 1986.

82. *Mr. Cooke* (Windsor-Riverside)—Enquiry of the Ministry—Will the Minister of Health table all outstanding non-compliances, in all Nursing Homes either operated, owned or managed by Carewell Corporation. Further, will the Minister table all inspection information on these Nursing Homes on record since June 1984. *November 1, 1985. Interim Answer* tabled November 18, 1985. Approximate date information available November 22, 1985.
141. *Mr. Bernier*—Enquiry of the Ministry—Would each Minister table information on the number of trips he/she has taken on Ontario Government aircraft, and charter aircraft, from September 1, 1985 to November 28, 1985. Would he/she give the point of departure and the names of the places visited, as well as the purpose of the trip and with whom he/she met. In addition, would he/she please list the names and positions of those who accompanied him/her. What was the cost of each flight. What was the cost of all other expenses incurred, and who paid for these flights and expenses. *December 9, 1985. Interim Answer* tabled December 20, 1985. Approximate date information available February 28, 1986.
210. *Mr. Shymko*—Enquiry of the Ministry—Would the Premier provide the House with information of any costs incurred in travel beyond Ontario's borders for himself and his personal staff and administrative staff, Parliamentary Assistants and their staff, and other Government members and their staff, and any other persons, since his appointment on June 26, 1985. *January 29, 1986. Interim Answer* tabled October 14, 1986. Approximate date information available November 28, 1986.
250. *Mr. Ashe*—Enquiry of the Ministry—Would the Premier list all of the receptions given by the Premier's Office and all ministries of the government since July 1, 1985. Will the Premier list the nature of the function, the place of the function, the type of group invited and the number of people in attendance and provide details of the costs of each function. *February 6, 1986. Interim Answer* tabled May 14, 1986. Approximate date information available June 30, 1986.

263. *Mr. Gillies*—Enquiry of the Ministry—Would the Premier provide a list of all meetings, and their dates, at which the construction of the Domed Stadium was discussed by the government. *April 24, 1986.*
271. *Mr. Villeneuve*—Enquiry of the Ministry—Would the Minister of Government Services provide the list of all public opinion polls that have been commissioned by the Government since June 26, 1985, the cost of the polls, and the subject(s) of the polls. *April 29, 1986. Interim Answer* tabled June 19, 1986. Approximate date information available July 18, 1986.
284. *Mr. Villeneuve*—Enquiry of the Ministry—Would the Chairman of Management Board provide a list of all public opinion polls that have been commissioned by each Ministry and the Premier's Office since April 29, 1986. *May 22, 1986. Interim Answer* tabled June 19, 1986. Approximate date information available July 17, 1986.
286. *Mr. Runciman*—Enquiry of the Ministry—Would the Minister of Consumer and Commercial Relations, the Minister of Education, the Minister of Municipal Affairs, the Minister of Housing and the Solicitor General table representations made by AMO, any school boards, the Association of Municipal Police Chiefs with regard to legislation making Ontario wine and beer available in local convenience stores. *May 22, 1986. Interim Answer* tabled June 19, 1986. Approximate date information available July 31, 1986.
289. *Mr. McLean*—Enquiry of the Ministry—Would the Premier provide an itemized account of the costs incurred by the taxpayers of this Province for Cabinet meetings held in: (1) Kingston, (2) Windsor, (3) Niagara-on-the-Lake. *May 22, 1986. Interim Answer* tabled June 19, 1986. Approximate date information available July 17, 1986.
296. *Mr. Gordon*—Enquiry of the Ministry—Would the Minister of Northern Development and Mines provide information as to the total amount of monies that have to date been disbursed out of the \$100 million Development Fund for Northern Ontario announced October 24th, 1985, by the Minister; what specific programs have been established to disburse these funds; to what specific institutions, companies and communities have these funds already been distributed; how much has been distributed; when was the allocation made; and for what purpose was the allocation made. *May 22, 1986.*
298. *Mr. Runciman*—Enquiry of the Ministry—Would the Minister of Industry, Trade and Technology table any studies, legal opinions or legal precedents regarding international or national trade implications conducted by, or given to, the Government with specific regard to the possible sale of Ontario-produced beer and wine in local convenience stores. *May 26, 1986.*
302. *Mr. Philip*—Enquiry of the Ministry—Would the Chairman of Management Board of Cabinet table all terms of reference and conditions of any contracts signed within the last year between Canada Consulting Group Inc. and any Ontario government ministry, agency, board, commission or committee of

the legislature. Would the Minister table the total amount of money contracted with this company as well as the amounts of each individual contract. *June 3, 1986. Interim Answer* tabled June 19, 1986. Approximate date information available September 26, 1986.

318. *Mr. Brandt*—Enquiry of the Ministry—Would the Premier provide a detailed cost breakdown of the Ontario delegation to the First Ministers' Conference on Free Trade in Ottawa. *June 12, 1986.*
323. *Mr. Brandt*—Enquiry of the Ministry—Would the Premier provide a detailed summary of all travel arrangements including cost, for all individuals who accompanied him to Montreal on June 2, 1986. *June 18, 1986.*
337. *Mr. Gregory*—Enquiry of the Ministry—Would the Minister of Transportation and Communications indicate how many condominium units have been allocated to the Ontario Government at Expo '86; who has stayed in these units as of June 6, 1986; the fee charged for these units per diem; who has reserved these units after June 6, 1986. *July 7, 1986.*
341. *Mr. McLean*—Enquiry of the Ministry—Would the Acting Minister of Government Services supply the following information of all staff hired, names and their positions within the Legislative Building, including telephone operators, the date hired and salaries, since June 26, 1985. *July 8, 1986.*
342. *Mr. McLean*—Enquiry of the Ministry—Would the Premier provide the House with the names, positions of the Premier's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.†*
343. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Agriculture and Food provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.†*
344. *Mr. McLean*—Enquiry of the Ministry—Would the Attorney General provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.†*
345. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Citizenship and Culture provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.†*
346. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Colleges and Universities provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.†*
347. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Community and Social Services provide the House with the names, positions of the Min-

ister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]

348. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Consumer and Commercial Relations provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
349. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Correctional Services provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
350. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Education provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
351. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Energy provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
352. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of the Environment provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
353. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Financial Institutions provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
354. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Health provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
355. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Housing provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
356. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Industry, Trade and Technology provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
357. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Intergovernmental Affairs provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]

358. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Labour provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
359. *Mr. McLean*—Enquiry of the Ministry—Would the Acting Chairman of Management Board of Cabinet provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
360. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Municipal Affairs provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
361. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Natural Resources provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
362. *Mr. McLean*—Enquiry of the Ministry—Would the Acting Minister of Northern Development and Mines provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
363. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Revenue provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
364. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Skills Development provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
365. *Mr. McLean*—Enquiry of the Ministry—Would the Solicitor General provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
366. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Tourism and Recreation provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
367. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Transportation and Communications provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
368. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Treasury and Economics provide the House with the names, positions of the Minister's

staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]

369. *Mr. McLean*—Enquiry of the Ministry—Would the Minister Responsible for Francophone Affairs provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
370. *Mr. McLean*—Enquiry of the Ministry—Would the Minister Responsible for Senior Citizens' Affairs provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
371. *Mr. McLean*—Enquiry of the Ministry—Would the Minister Responsible for Native Affairs provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
372. *Mr. McLean*—Enquiry of the Ministry—Would the Minister Responsible for Women's Issues provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
373. *Mr. McLean*—Enquiry of the Ministry—Would the Minister Without Portfolio Citizenship and Culture provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
376. *Mr. Brandt*—Enquiry of the Ministry—Would the Acting Minister of Northern Development and Mines provide an enumeration of all trips taken within Ontario by the former Minister, to what locations with what persons, for what purpose, and at what cost. *July 8, 1986.*
378. *Mr. Gillies*—Enquiry of the Ministry—Would the Premier inform the House who arranged for and paid for a lawyer to attend and brief Liberal members serving on the Public Accounts Committee concerning the Elinor Caplan alleged conflict of interest. *July 8, 1986.*
380. *Mr. McLean*—Enquiry of the Ministry—Would the Acting Minister of Government Services provide the House with the names of all members who have a car assigned to them, all members' staff that have cars assigned to them, their names, position held, and all staff that have the use of a government vehicle since June 26th, 1985. *October 14, 1986.*
382. *Mr. Sterling*—Enquiry of the Ministry—Would the Minister of the Environment table all reports relating to a chemical spill which occurred in early May of this year by Hilan Wood Preservative Co. in Kemptville. Will the Minister assure the residents of the area that there is no danger to the groundwater and wells of the area. *October 14, 1986.*
383. *Mr. Davis*—Enquiry of the Ministry—Would the Minister of Education provide a complete list outlining the number of grade twelve students enrolled

in co-operative education programs in each school board across the province during 1985-86, the number of schools participating in co-operative education programs in each school board and the cost of these programs per student for each school board and school. *October 14, 1986.*

384. *Mr. Davis*—Enquiry of the Ministry—Would the Minister of Education provide copies of all capital expenditure forecasts for 1986-87 submitted to the Ministry by all of the province's school boards. *October 14, 1986.*
385. *Mr. Barlow*—Enquiry of the Ministry—Would each Minister provide all details for any courier contracts held by the Ministry since June 26, 1985. Specifically, the total amount of the contract(s), the criteria for cost per item, the criteria for use, the frequency used, the approval required for use. *October 15, 1986.*
386. *Mr. McCague*—Enquiry of the Ministry—Would the Premier provide all details involving the implementation of the Board of Internal Economy's decision to supply all Members with a T.V. and both in-house and out-of-house cable. Specifically, were the contracts for supplying the televisions, installing the televisions, and the necessary furniture tendered. *October 15, 1986.*
387. *Mr. McCague*—Enquiry of the Ministry—Would each Minister provide a list of all instances in which search warrants or similar documents were used by Ministry staff since June 26, 1985, to enter private or public property. Include details of materials seized, the reasons for such action, and the specific charges laid as a result of each entry. *October 15, 1986.*
388. *Mr. Gillies*—Enquiry of the Ministry—Would each Minister provide a list of all meetings members of personal or Ministry staff have held with Ivan Fleischmann since June 26, 1985. Indicate who attended, what was discussed, and the results of the meeting. *October 15, 1986.*
389. *Mr. Dean*—Enquiry of the Ministry—Would the Minister Responsible for Senior Citizens' Affairs provide an itemized budget for the quarterly publication of the Ontario Advisory Council on Senior Citizens, "Especially For Seniors". *October 15, 1986.*
390. *Mr. Dean*—Enquiry of the Ministry—Would the Minister Responsible for Senior Citizens' Affairs provide the complete mailing list, names and addresses, for the quarterly publication of the Ontario Advisory Council on Senior Citizens, "Especially For Seniors". *October 15, 1986.*
391. *Mr. Brandt*—Enquiry of the Ministry—Would the Minister of Industry, Trade and Technology indicate any financial assistance given to Levy Auto Parts of Toronto. *October 15, 1986.*
392. *Ms. Fish*—Enquiry of the Ministry—Would the Minister of the Environment advise the House what, outside of increasing liability costs, the Spills Bill has effected. Specifically, have any charges been imposed to cover, clean-up costs for any incident covered by the Bill, and if so, when, for which incident, upon whom, and for how much. *October 15, 1986.*

393. *Mr. Gillies*—Enquiry of the Ministry—Would the Premier provide an itemized cost breakdown of the Blake Cassel report. *October 15, 1986.*
394. *Mr. Gillies*—Enquiry of the Ministry—Would the Premier provide documentation indicating who paid Stephen Gaudge of the firm Gowling and Henderson, the lawyer used by the Liberal Caucus in the Elinor Caplan inquiry. *October 15, 1986.*
395. *Miss Stephenson*—Enquiry of the Ministry—Would each Minister detail all trips taken out of Ontario, including where, when, duration, purpose, cost, attendees, itinerary, and results, since July 1, 1986. *October 15, 1986.*
396. *Mr. Wiseman*—Enquiry of the Ministry—Would each Minister provide documentation of all outside contracts for speech writing, program designing, and graphics held by the Ministry since June 26, 1985, including amount of contract(s), individual or firm to whom the contract was given, and any tendering details. *October 15, 1986. Interim Answer* tabled October 30, 1986. Approximate date information available January 5, 1987.
397. *Mr. Gillies*—Enquiry of the Ministry—Would the Premier provide the following information with regard to his High Technology Council: all members, including previous positions, criteria for members, date of council formation, dates and times of all meetings; purpose, recipient, and amount issued for all grants; a detailed breakdown of all administrative costs. *October 16, 1986.*
398. *Mr. O'Connor*—Enquiry of the Ministry—Would the Attorney General table all documentation provided as a legal opinion to the Government regarding a suitable severance package for Roderick Lewis. *October 16, 1986.*
399. *Mr. Jackson*—Enquiry of the Ministry—Would the Minister of Skills Development provide the names of all companies who have sought and/or gained permission from the Ministry to seek skilled tradespeople from out of Ontario and/or Canada since June 26, 1985, the number of workers sought in each case, and the type of skills required. *October 16, 1986. Interim Answer* tabled October 30, 1986. Approximate date information available November 3, 1986.
400. *Mr. Jackson*—Enquiry of the Ministry—Would the Minister of Skills Development provide copies of the audited financial statements for 1984-85 and 1985-86 from the Hamilton Youth Employment Counselling Centre, North Bay Youth Employment Counselling Centre, Bradford Youth Employment Counselling Centre, Simcoe Youth Employment Counselling Centre and North York Youth Employment Service. *October 16, 1986. Interim Answer* tabled October 30, 1986. Approximate date information available November 3, 1986.
401. *Mr. Treleaven*—Enquiry of the Ministry—Would the Minister of Agriculture and Food provide a complete list of all agricultural products presently being imported into the province which could be grown in Ontario. *October 21, 1986.*

402. *Mr. Sterling*—Enquiry of the Ministry—Would the Minister of Health provide documentation indicating the Government's policy on smoking tobacco in Provincially-run health care institutions. *October 21, 1986.*
403. *Mr. Sterling*—Enquiry of the Ministry—Would the Minister of Health provide documentation indicating how many people are prematurely dying in Ontario due to first and second-hand tobacco smoke. *October 21, 1986.*
404. *Mr. Sterling*—Enquiry of the Ministry—Would the Solicitor General provide the following information for Ontario for the years 1983, 1984, 1985, 1986: the number of fatalities resulting from police chases involving automobiles; the number of injuries sustained from police chases involving automobiles; the offence being investigated at the time of each police chase involving automobiles. *October 21, 1986.*
405. *Mr. Sterling*—Enquiry of the Ministry—Would the Solicitor General provide the Ministry policy regarding automobiles chases involving police. *October 21, 1986.*
406. *Mr. Sterling*—Enquiry of the Ministry—Would the Solicitor General provide a documented explanation of the tremendous increase in costs of the telecommunications system being developed for the Ontario Provincial Police. *October 21, 1986.*
407. *Mr. Sterling*—Enquiry of the Ministry—Would the Solicitor General provide the policies of all municipal police forces with respect to automobile chases involving police. *October 21, 1986.*
408. *Mr. Sterling*—Enquiry of the Ministry—Would the Premier provide documentation indicating what business has been conducted between the Ontario Government and private companies owned or partly owned by Ministers of the Crown since June 26, 1985. *October 21, 1986.*
409. *Mr. Gillies*—Enquiry of the Ministry—Would the Premier provide a comprehensive list of all Cabinet Ministers, Parliamentary Assistants, Ministry and personal staff who travelled to Cochrane North during the last by-election, including cost, accommodation, itinerary, length of stay, and a detailed summary of any government business conducted. *October 21, 1986.*
410. *Mr. McCague*—Enquiry of the Ministry—Would each Minister provide the number of copies of Annual Reports printed since June 26, 1985, the production cost per copy, the distribution list, and the total cost of producing and mailing the report. *October 22, 1986.*
411. *Mr. McCague*—Enquiry of the Ministry—Would each Minister provide documentation indicating all opinion polls commissioned since June 26, 1985, by whom the polls were commissioned; for what purposes; at what cost; any results. *October 22, 1986.*
412. *Mr. Philip*—Enquiry of the Ministry—Would the Solicitor General inform the House of the number of charges laid against individual grocery stores for opening on Sunday, during the month of October 1986, and are the number

of charges being laid increasing or decreasing. Is it the intention of the Minister that charges will continue to be laid for these violations. *October 23, 1986.*

413. *Mr. McCague*—Enquiry of the Ministry—Would the Acting Chairman of Management Board of Cabinet provide all documentation indicating how much it costs to calculate the cost of the answer to Order Paper Question No. 315. *October 28, 1986.*
414. *Mr. McCague*—Enquiry of the Ministry—Would the Acting Chairman of Management Board of Cabinet provide all documentation substantiating the claim that the answer to Order Paper Question No. 315 cost \$100,000, to compile, including the names and positions of all individuals used to compile the answer, their salaries and how many hours spent on the assignment, by each individual. *October 27, 1986.*
415. *Mr. McCague*—Enquiry of the Ministry—Would the Premier provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded from within the Government. Please list the name, current position and salary of each individual. *October 27, 1986.*
416. *Mr. McCague*—Enquiry of the Ministry—Would the Premier provide a list of all individuals who are employed in Cabinet Office as of October 24, 1986 including anyone who has been seconded from within the Government. Please list the name, current position and salary of each individual. *October 27, 1986.*
417. *Mr. McCague*—Enquiry of the Ministry—Would the Acting Chairman of Management Board of Cabinet provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded from within the Ministry. Please list the name, current position and salary of each individual. *October 27, 1986.*
418. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Agriculture and Food provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded from within the Ministry. Please list the name, current position and salary of each individual. *October 27, 1986.*
419. *Mr. McCague*—Enquiry of the Ministry—Would the Attorney General provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded from within the Ministry. Please list the name, current position and salary of each individual. *October 27, 1986.*
420. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Citizenship and Culture provide a list of all individuals who are employed in her office as of October 24, 1986 including anyone who has been seconded from within the Ministry. Please list the name, current position and salary of each individual. *October 27, 1986.*

421. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Colleges and Universities provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded from within the Ministry. Please list the name, current position and salary of each individual. *October 27, 1986.*

Please list the name, current position and salary of each individual. *October 27, 1986.*
423. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Consumer and Commercial Relations provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded from within the Ministry. Please list the name, current position and salary of each individual. *October 27, 1986.*
424. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Correctional Services provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded from within the Ministry. Please list the name, current position and salary of each individual. *October 27, 1986.*
425. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Education provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded from within the Ministry. Please list the name, current position and salary of each individual. *October 27, 1986.*
426. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Energy provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded from within the Ministry. Please list the name, current position and salary of each individual. *October 27, 1986.*
427. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Environment provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded from within the Ministry. Please list the name, current position and salary of each individual. *October 27, 1986.*
428. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Financial Institutions provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded from within the Ministry. Please list the name, current position and salary of each individual. *October 27, 1986.*
429. *Mr. McCague*—Enquiry of the Ministry—Would the Acting Minister of Government Services provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded from

within the Ministry. Please list the name, current position and salary of each individual. *October 27, 1986.*

430. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Health provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded from within the Ministry. Please list the name, current position and salary of each individual. *October 27, 1986.*
431. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Housing provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded from within the Ministry. Please list the name, current position and salary of each individual. *October 27, 1986.*
432. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Industry, Trade and Technology provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded from within the Ministry. Please list the name, current position and salary of each individual. *October 27, 1986.*
433. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Intergovernmental Affairs provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded from within the Ministry. Please list the name, current position and salary of each individual. *October 27, 1986.*
434. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Labour provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded from within the Ministry. Please list the name, current position and salary of each individual. *October 27, 1986.*
435. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Municipal Affairs provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded from within the Ministry. Please list the name, current position and salary of each individual. *October 27, 1986.*
436. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Natural Resources provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded from within the Ministry. Please list the name, current position and salary of each individual. *October 27, 1986.*
437. *Mr. McCague*—Enquiry of the Ministry—Would the Acting Minister of Northern Development and Mines provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded from within the Ministry. Please list the name, current position and salary of each individual. *October 27, 1986.*

438. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Revenue provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded from within the Ministry. Please list the name, current position and salary of each individual. *October 27, 1986.*
439. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Skills Development provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded from within the Ministry. Please list the name, current position and salary of each individual. *October 27, 1986.*
440. *Mr. McCague*—Enquiry of the Ministry—Would the Solicitor General provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded from within the Ministry. Please list the name, current position and salary of each individual. *October 27, 1986.*
441. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Tourism and Recreation provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded from within the Ministry. Please list the name, current position and salary of each individual. *October 27, 1986.*
442. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Transportation and Communications provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded from within the Ministry. Please list the name, current position and salary of each individual. *October 27, 1986.*
443. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Treasury and Economics provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded from within the Ministry. Please list the name, current position and salary of each individual. *October 27, 1986.*
444. *Mr. McCague*—Enquiry of the Ministry—Would the Minister Responsible for Citizenship and Culture provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded from within the Government. Please list the name, current position and salary of each individual. *October 27, 1986.*
445. *Mr. McCague*—Enquiry of the Ministry—Would the Minister Responsible for Senior Citizens' Affairs provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded from within the Government. Please list the name, current position and salary of each individual. *October 27, 1986.*
446. *Mr. McCague*—Enquiry of the Ministry—Would the Minister Responsible for Women's Issues provide a list of all individuals who are employed in his office as of October 24, 1986 including anyone who has been seconded from

within the Government. Please list the name, current position and salary of each individual. *October 27, 1986.*

447. *Mr. Reville*—Enquiry of the Ministry—Would the Minister of Labour provide information on the number of workers at the Canada Metal plant in Toronto who have filed Workers' Compensation claims for lead-related health problems within the last three years. How many of these workers received Workers' Compensation benefits. For how long did they receive them. How many times have the lead levels in the Canada Metal plant in Toronto been tested (including testing done by the Ministry of Labour, the company or an outside consultant). What were the results of lead levels in the air at the plant the last time the levels were tested. *October 29, 1986.*
448. *Mr. Bernier*—Enquiry of the Ministry—Would the Acting Minister of Northern Development and Mines, advise when the study of peat resources in Northern Ontario, undertaken by Mr. Ian Connerty, President of Gayle Alexander Associates of Ottawa, will be completed and released to the public. Will the Minister also provide details of the contract award, including number of tender submissions received, the fee requested by each tender, and the time frame allowed for the study. *October 30, 1986.*
449. *Mr. Bernier*—Enquiry of the Ministry—Would the Minister of Transportation and Communications indicate the number of charges laid during the last five years under section 59 (1) & (2) of The Highway Traffic Act. *October 30, 1986.*
450. *Mr. Runciman*—Enquiry of the Ministry—Would the Minister of Consumer and Commercial Relations provide documentation indicating the total number of printed copies of the 1987-88 consumer tips calendar, to whom they were distributed, how they were distributed, the cost per copy, and the total cost of production and distribution. *October 30, 1986.*
451. *Mr. Wildman*—Enquiry of the Ministry—Would the Acting Minister of Northern Development and Mines provide the names of the firms contracted to organize the Premier's Conference on Northern Competitiveness, how much was paid to each and for what services. Would the Minister also provide all other expenses incurred in the hosting of this conference. *November 3, 1986.*
452. *Mr. Sterling*—Enquiry of the Ministry—Would the Minister of Correctional Services indicate the degree of accessibility to tobacco in provincial institutions under his ministry. Is tobacco given to inmates free, or as payment for work. *November 4, 1986.*
453. *Mr. Sterling*—Enquiry of the Ministry—Would the Minister of Correctional Services provide the Ministry policy with regard to smoking tobacco in provincial institutions. What educational programs presently exist to warn inmates as to the ill effects of smoking tobacco. *November 4, 1986.*
454. *Mr. Sterling*—Enquiry of the Ministry—Would the Minister of Health list all Ministry publications, and those of any other provincial ministry, which educate the public as to the ill effects of smoking tobacco. Would the Minis-

ter indicate the dates of publishing this information; any publication(s) in a language other than English; the total number published; the number distributed; the method of distribution; and the respective costs of publication and distribution. *November 4, 1986.*

455. *Mr. McCague*—Enquiry of the Ministry—Would the Premier provide documentation for his November 6, 1986, trip to New York City, including itinerary, accompanying staff, detailed cost breakdown, all meetings and attendees, purpose of the trip, and any results. *November 12, 1986.*
-

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

(Precedence in accordance with the Order of the House passed on Wednesday, February 12, 1986, and pursuant to Standing Order 71 (d).)

Ballot Item Nos. 23 and 24. *Debated Thursday, November 6, 1986.*

Ballot Item No. 25

Mr. McLean—Resolution—That in the opinion of this House, the practice of retired members of the legislature or senior civil servants, while receiving retirement allowances, may also receive remuneration as a member of a board, commission, or other body holding office at the nomination of the Lieutenant Governor in Council, is improper and fiscally irresponsible therefore, this House, recognizing the inequity of the present policy and the need for fiscal integrity relating to taxpayers' monies, recommends that this practice be ended, while at the same time the retirement contributions made by those affected should be protected. *To be debated on Thursday, November 13, 1986.*

Ballot Item No. 26

Mr. Johnston (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action. *To be debated on Thursday, November 13, 1986.*

Ballot Item No. 27

Mr. Newman—Resolution—That in the opinion of this House, since the state of Michigan has given approval for Detroit to build an enormous garbage incinerator without extra pollution controls, the Minister of the Environment should take steps to ensure that Ontario residents, especially those in Windsor and Essex County areas, are protected from this potential source of air pollution. *To be debated on Thursday November 20, 1986.*

Ballot Item No. 28

Mr. McFadden—Resolution—That in the opinion of this House, the provincial government should immediately introduce tax reform measures to reduce the property tax burden on homeowners and tenants. *To be debated on Thursday November 20, 1986.*

Ballot Item No. 29

Second Reading Bill 132, An Act to amend the Labour Relations Act. Mr. Mackenzie. To be debated on Thursday, November 27, 1986.

Ballot Item No. 32

*Mr. Swart—Resolution—*That in the opinion of this House, recognizing that the Slater Task Force has failed to propose recommendations to resolve the massive insurance problems and, in particular, failed to investigate and report on the financial and other benefits of the public auto insurance plans as practiced in Manitoba, Saskatchewan, and British Columbia, the Government of Ontario should proceed, immediately, with the development of the most appropriate provincial public motor vehicle insurance plan for implementation not later than January 1, 1988. Such plan, unlike the Slater recommendations, would fully redress the major problems of the present system identified by the NDP Caucus Insurance Committee, namely:—arbitrary cancellation of insurance;—all drivers in a household penalized for one driver's record;—discriminatory rates for age, sex or marital status;—the growing number of uninsured drivers in Ontario;—non-existent or inadequate no-fault compensation;—excessive premiums and escalating rates generally. *To be debated on Thursday, December 4, 1986.*

BILLS REFERRED TO SELECT AND STANDING COMMITTEES

SELECT COMMITTEE ON HEALTH

Bill 52, An Act to amend the Health Protection and Promotion Act, 1983. *Mr. Pierce.* (Referred April 22, 1986, Originally Referred November 21, 1985.)

NOTICES

GOVERNMENT MOTION

5. *Debated May 13, 14, 15, 20, 21, 22, 26 and 27, 1986.*
-

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action.
2. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
3. *Mr. Warner*—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6) calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter

complies with the U.N. resolutions on Cyprus and shows a respect for international law.

5. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.

8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson's statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.

9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:

- (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;
- (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lender) the judge may grant leave for foreclosure or commencement of bankruptcy

proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.
16. *Mr. Wildman*—Resolution—That this House should request the Ontario government to amend this province's mining tax system to ensure sufficient revenues accrue to the provincial treasury from the mining companies to enable the government to allocate a reserve fund, as part of a "Northern Ontario Tomorrow Fund", to be distributed as grants, loans and guarantees for individuals, community groups, co-operatives and small businesses and temporary extraordinary grants to municipalities to assist in the economic recovery from the adverse effects of mine shutdowns.
18. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministries of Natural Resources and Transportation and Communications should implement, jointly, a formal testing program to investigate the effectiveness of the "wildlife saver" devices when attached to automobiles, to determine whether the use of these devices would have adverse effects on either the general public or domestic animals and wild game, and to study the feasibility of requiring the installation of these devices on motor vehicles in certain regions of the province or throughout Ontario.
21. *Mr. Mackenzie*—Resolution—That in the opinion of this House, recognizing that certain classes of workers are discriminated against by the denial of rights provided to other workers, the regulations under the *Employment Standards Act* should be amended to provide that the standards set by the Act relating to hours of work, overtime pay and public holidays are applicable to persons employed in landscape gardening, mushroom growing, the growing of flowers for the retail and wholesale trade, the growing, transporting and laying of sod, and the growing of trees and shrubs for wholesale and retail trade.
23. *Mr. Lupusella*—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of educa-

tion and social services from the residential property tax base to progressive sources of revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses.

28. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the Canadian Transport Commission has approved a plan to allow the testing of electronic monitoring devices by Canadian National Railways and the Canadian Pacific Railway whose avowed aim is to eliminate the use of a caboose at the rear of trains, and recognizing the important role played by tail-end crews in protecting the public safety, preventing accidents and minimizing injury and damage in accidents that do occur, the Government of Ontario should urge the Government of Canada to continue to require every train to operate with a caboose.
29. *Mr. Swart*—Resolution—That in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) The formation of a separate branch or division with a registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) disclosure of names and background of officers and directors of franchisor; (4) application to all industries and all franchises within each industry; (5) the franchisee to have a four-day cooling off period; (6) prohibition against dealing in franchises except as provided; (7) exemption of liability by franchisee for future damages; (8) the administrators of the Act to have authority to discourage: (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; and (e) competitive and discriminatory practices by franchisors.
30. *Mr. Cooke* (Windsor-Riverside)—Resolution—That in the opinion of this House, since hospital nurses and public health nurses provide work of equal value, the Minister of Health should move immediately to implement the government's policy of equal pay for work of equal value and establish parity between public health nurses and their counterparts in hospitals, by making additional funding available to Public Health Boards specifically for the purpose of implementing parity.
36. *Mr. Mackenzie*—Resolution—That in the opinion of this House, recognizing that certain classes of workers are discriminated against by the denial of rights provided to other workers, the regulations under the Employment Standards Act should be amended to provide that the standards set by the Act relating to hours of work, overtime pay, and public holidays are applic-

able to a person employed as a superintendent, janitor or caretaker of a residential building who resides in the building.

40. *Mr. Swart*—Resolution—That in the opinion of this House, recognizing that the Slater Task Force has failed to propose recommendations to resolve the massive insurance problems and, in particular, failed to investigate and report on the financial and other benefits of the public auto insurance plans as practiced in Manitoba, Saskatchewan, and British Columbia, the Government of Ontario should proceed, immediately, with the development of the most appropriate provincial public motor vehicle insurance plan for implementation not later than January 1, 1988. Such plan, unlike the Slater recommendations, would fully redress the major problems of the present system identified by the NDP Caucus Insurance Committee, namely:—arbitrary cancellation of insurance;—all drivers in a household penalized for one driver's record;—discriminatory rates for age, sex or marital status;—the growing number of uninsured drivers in Ontario;—non-existent or inadequate no-fault compensation;—excessive premiums and escalating rates generally.
42. *Mr. Breagh*—Resolution—That this House urges the Government of Ontario to make the same financial support available for municipal election campaigns as exists for provincial campaigns, by providing contributors with tax credits and candidates with campaign subsidies, in the following manner:
 1. Individual municipalities, school boards and public utilities commissions would be permitted to opt into a provincial plan created by statute.
 2. Under the provincial plan, candidates would register with the Commission on Election Contributions and Expenses. Registered candidates would be required to file detailed returns of contributions received and expenses incurred, and their contributors would receive official receipts entitling them to credits against provincial income tax in the same manner as contributors to provincial election campaigns.
 3. A registered candidate who received at least 15 per cent of the popular vote would be entitled to the same reimbursement by the Commission as a candidate in a provincial election.
44. *Mr. Breagh*—Resolution—That in the opinion of this House the following actions are urgently needed to defend the physical and mental health of peoples effected by the Chernobyl tragedy:
 1. that the UN form an International Investigative Committee of scientists and medical experts to enter Ukraine to assess the extent of danger;
 2. that Canada declare its preparedness to contribute emergency aid—medicine, food, technical personnel as needed;
 3. that Canada announce an open door policy for family reunification and sponsorship of immigrants wishing to leave Ukraine; and

4. that the USSR permit communication between Canadians and other relatives in Ukraine.

47. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing the profound effect of the recent visit (including his direct appeal to the Legislature of Ontario) of Bishop Desmond Tutu on all Canadians; recognizing the warning of a potential bloodbath contained in the Eminent Persons Report of June 12, 1986, and recognizing that the increasing crisis in south Africa can only be affected by outside influences if substantive sanctions are brought to bear on South Africa, the government of Ontario should adopt the following policies to express the province's solidarity with the struggle for freedom for Blacks in South Africa and to express the anger and abhorrence of the Ontario people against the crime of apartheid:

- 1) A continuation of the ban of the import of all South African Liquor and an auction of all present South African liquor products in stock at liquor stores and LCBO warehouses, with the full proceeds going to victims of apartheid.
- 2) Government procurement policies prohibiting the purchase of goods or services from companies with direct investments in South Africa.
- 3) A ban on the purchase on South African goods or services by the Ontario government and public institutions funded by the Ontario government including hospitals and community colleges.
- 4) Using the Ontario government's 1.5 per cent equity share in Varsity Corporation formerly Massey-Ferguson to persuade that company to cease doing business in South Africa, and failing that, divestment of the shares.
- 5) Divestment by government agencies of pension fund investments in companies with direct investment in South Africa.
- 6) Increased pressure on the federal government to impose full economic sanctions against South Africa.
- 7) Solidarity with the heroic struggle being waged by the ANC, the United Democratic Front and the unions of COSATU and CUSA in the battle against apartheid in South Africa.

49. *Mr. Hayes*—Resolution—That in the opinion of this House, the current food policy of our province and our country has generated the present instability in food production and uncertainty among farmers as to the future and has resulted in many farm units being forced to supplement farm income with off-farm employment, or get out of farming either by selling out or through bankruptcy; and much of present confusion about farm production and marketing in this country stems from the contradictions and inconsistencies between the federal and the various provincial policies and programmes. Therefore, the provincial government strongly urges the federal government to legislate the transfer of powers over "intra" and "inter" provincial trade of each farm-produced commodity to the federal jurisdiction on the condition

that the federal legislation must permit the establishment of national marketing structures for all farm produced commodities and must have the following powers: control of the product into, through and out of the marketing system to meet market demands; single desk selling; equality of delivery opportunity between producers; pooling of returns and costs among producers; elimination of manipulation, speculation and waste. The federal government should appoint commissioners to administer each of the marketing structures, which would be responsible to the federal government. The criteria for selecting commissioners would be based on their marketing expertise in the particular kind of commodity affected. They need not be producers of that commodity or of any other farm commodity (as is the case currently with the Canadian Wheat Board). In addition, the national policy to dictate overall production targets, and market-sharing agreements between provinces would need to be negotiated.

51. *Mr. Foulds*—Resolution—That in the opinion of this House, the Treasurer of Ontario should establish a permanent Northern Ontario Fund, managed by Northerners. This fund would be invested, through loans, grants and joint ventures, in development projects that meet the priorities set through community, regional and provincial planning. The monies to establish the fund would come from a consolidation of existing Northern development funds and programmes, and, in addition, through an earmarked percentage of current provincial revenue from resource industry taxation.
52. *Mr. Rae*—Resolution—That in the opinion of this House, the Minister of Health should take steps to establish a medical school and health research facility in Northern Ontario to encourage more health professionals to practise in the North, to provide better health care services for Northerners and to attract job-creating enterprises involved in the research and production of health related products.
53. *Mr. Mackenzie*—Resolution—That in the opinion of this House, the Minister of Labour should introduce changes to the Employment Standards Act which would require six months notice when more than 50 workers are to be permanently laid off by an employer within a six month period.
54. *Mr. Laughren*—Resolution—That in the opinion of this House, the Minister of Natural Resources should develop a comprehensive wood utilization policy and enforcement programme to ensure the most valuable end use of our forest resource. Further, the Minister should initiate a task force to study improved and alternate forest management practices.
55. *Mr. Laughren*—Resolution—That in the opinion of this House, the Ontario government should establish a Forestry Institute to generate new forestry-related industries in Northern Ontario by developing forest machinery and processing technologies as well as better forest management and silvicultural practices.
56. *Mr. Martel*—Resolution—That in the opinion of this House, the Ontario government should undertake a major decentralization of government office from Toronto to Northern Ontario in order:

1. to ensure policies and programmes that affect Northern Ontario are formulated by staff with a clear understanding of the North;
2. to provide local employment in Northern communities;
3. to play a role in attracting other enterprises to Northern communities.

57. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Ontario government should establish a Northern Technology Research and Development Institute to develop new, secondary manufacturing opportunities applicable to Northern communities.

58. *Mr. Pouliot*—Resolution—That in the opinion of this House, the Ontario government should negotiate planning agreements with companies wanting access to publicly-owned natural resources. These agreements could include, but would not be limited to, guarantees from the company to employ and train local residents, to re-invest in Northern communities and to use the services of local businesses. Input from communities affected by resource development would play a major role in these negotiations.

59. *Mr. Wildman*—Resolution—That in the opinion of this House, the Ontario government should guarantee a just and equitable price for gasoline to Ontario consumers in all regions of the province by introducing legislation that would allow the Ontario government:

1. to continually review gasoline prices;
2. to hold public hearings to determine a fair and reasonable price for gasoline products;
3. to set maximum wholesale and retail prices for gasoline products and ensure these prices are uniform across the province;
4. to permit increases in the wholesale or retail price of gasoline products only after they have been fully justified at a public hearing.

60. *Mr. Wildman*—Resolution—That in the opinion of this House, the Minister of Northern Development and Mines should establish an Ontario Mining Development Foundation to help generate new mining-related industries in Northern Ontario by developing exploration techniques, mineral processing techniques and related mining technologies.

61. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Ontario government should introduce legislation requiring companies which effect a major lay-off or plant closure to establish a Community Adjustment Fund. This fund is to be used by the affected municipality to develop new employment opportunities, to provide social services and to maintain municipal infrastructure.

64. *Mr. McLean*—Resolution—That in the opinion of this House, the practice of retired members of the legislature or senior civil servants, while receiving retirement allowances, may also receive remuneration as a member of a

board, commission, or other body holding office at the nomination of the Lieutenant Governor in Council, is improper and fiscally irresponsible therefore, this House, recognizing the inequity of the present policy and the need for fiscal integrity relating to taxpayers' monies, recommends that this practice be ended, while at the same time the retirement contributions made by those affected should be protected.

65. *Mr. McFadden*—Resolution—That in the opinion of this House, the provincial government should immediately introduce tax reform measures to reduce the property tax burden on homeowners and tenants.
 66. *Mr. Newman*—Resolution—That in the opinion of this House, since the state of Michigan has given approval for Detroit to build an enormous garbage incinerator without extra pollution controls, the Minister of the Environment should take steps to ensure that Ontario residents, especially those in Windsor and Essex County areas, are protected from this potential source of air pollution.
 67. *Mr. Shymko*—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, if the following five constituent Republics of the U.S.S.R., namely, the Estonian S.S.R., Latvian S.S.R., Lithuanian S.S.R., Byelorussian S.S.R. and Ukrainian S.S.R. pass similar declarations by their republican Governments declaring their territories Nuclear Arms Free Zones in a spirit of brotherhood and solidarity with Ontario for the cause of world peace, and all the above Governments should prohibit the deployment of nuclear weapons in their territories, the testing of nuclear weapons and associated equipment in the Province and the five constituent Republics, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province and the five constituent Republics, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province and the five constituent Republics of the U.S.S.R. should encourage cities, provinces and states throughout the world to initiate similar, reciprocal action in the spirit of this year's declaration of the Year of International Peace by the United Nations to guarantee a safe world for future generations of humanity.
-

QUESTIONS

(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Thursday will appear on each day of the following week.)

455. *Mr. McCague*—Enquiry of the Ministry—Would the Premier provide documentation for his November 6, 1986, trip to New York City, including itinerary, accompanying staff, detailed cost breakdown, all meetings and attendees, purpose of the trip, and any results. *November 12, 1986.*
456. *Mrs. Grier*—Enquiry of the Ministry—Would the Minister of the Environment please indicate the number of producers of hazardous industrial wastes who have registered with the Ministry pursuant to Regulation 309 under the Environmental Protection Act, in the following jurisdictions: (i) the electoral constituency of Lakeshore; (ii) the Municipality of Metropolitan Toronto. *November 13, 1986.*
457. *Mr. McCague*—Enquiry of the Ministry—Would the Premier provide documentation indicating monies spent obtaining poll results from polls not commissioned by the Government; from whom these results were obtained; a copy of all information obtained. *November 13, 1986.*
458. *Mr. McCague*—Enquiry of the Ministry—Would the Acting Chairman of Management Board of Cabinet provide documentation indicating monies spent obtaining poll results from polls not commissioned by the Government; from whom these results were obtained; a copy of all information obtained. *November 13, 1986.*
459. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Agriculture and Food provide documentation indicating monies spent obtaining poll results from polls not commissioned by the Government; from whom these results were obtained; a copy of all information obtained. *November 13, 1986.*
460. *Mr. McCague*—Enquiry of the Ministry—Would the Attorney General provide documentation indicating monies spent obtaining poll results from polls not commissioned by the Government; from whom these results were obtained; a copy of all information obtained. *November 13, 1986.*
461. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Citizenship and Culture provide documentation indicating monies spent obtaining poll results from polls not commissioned by the Government; from whom these results were obtained; a copy of all information obtained. *November 13, 1986.*
462. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Colleges and Universities provide documentation indicating monies spent obtaining poll results from polls not commissioned by the Government; from whom these

results were obtained; a copy of all information obtained. *November 13, 1986.*

463. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Community and Social Services provide documentation indicating monies spent obtaining poll results from polls not commissioned by the Government; from whom these results were obtained; a copy of all information obtained. *November 13, 1986.*
464. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Consumer and Commercial Relations provide documentation indicating monies spent obtaining poll results from polls not commissioned by the Government; from whom these results were obtained; a copy of all information obtained. *November 13, 1986.*
465. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Correctional Services provide documentation indicating monies spent obtaining poll results from polls not commissioned by the Government; from whom these results were obtained; a copy of all information obtained. *November 13, 1986.*
466. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Education provide documentation indicating monies spent obtaining poll results from polls not commissioned by the Government; from whom these results were obtained; a copy of all information obtained. *November 13, 1986.*
467. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Energy provide documentation indicating monies spent obtaining poll results from polls not commissioned by the Government; from whom these results were obtained; a copy of all information obtained. *November 13, 1986.*
468. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of the Environment provide documentation indicating monies spent obtaining poll results from polls not commissioned by the Government; from whom these results were obtained; a copy of all information obtained. *November 13, 1986.*
469. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Financial Institutions provide documentation indicating monies spent obtaining poll results from polls not commissioned by the Government; from whom these results were obtained; a copy of all information obtained. *November 13, 1986.*
470. *Mr. McCague*—Enquiry of the Ministry—Would the Acting Minister of Government Services provide documentation indicating monies spent obtaining poll results from polls not commissioned by the Government; from whom these results were obtained; a copy of all information obtained. *November 13, 1986.*
471. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Health provide documentation indicating monies spent obtaining poll results from polls not commissioned by the Government; from whom these results were obtained; a copy of all information obtained. *November 13, 1986.*

472. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Housing provide documentation indicating monies spent obtaining poll results from polls not commissioned by the Government; from whom these results were obtained; a copy of all information obtained. *November 13, 1986.*
473. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Industry, Trade and Technology provide documentation indicating monies spent obtaining poll results from polls not commissioned by the Government; from whom these results were obtained; a copy of all information obtained. *November 13, 1986.*
474. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Intergovernmental Affairs provide documentation indicating monies spent obtaining poll results from polls not commissioned by the Government; from whom these results were obtained; a copy of all information obtained. *November 13, 1986.*
475. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Labour provide documentation indicating monies spent obtaining poll results from polls not commissioned by the Government; from whom these results were obtained; a copy of all information obtained. *November 13, 1986.*
476. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Municipal Affairs provide documentation indicating monies spent obtaining poll results from polls not commissioned by the Government; from whom these results were obtained; a copy of all information obtained. *November 13, 1986.*
477. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Natural Resources provide documentation indicating monies spent obtaining poll results from polls not commissioned by the Government; from whom these results were obtained; a copy of all information obtained. *November 13, 1986.*
478. *Mr. McCague*—Enquiry of the Ministry—Would the Acting Minister of Northern Development and Mines provide documentation indicating monies spent obtaining poll results from polls not commissioned by the Government; from whom these results were obtained; a copy of all information obtained. *November 13, 1986.*
479. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Revenue provide documentation indicating monies spent obtaining poll results from polls not commissioned by the Government; from whom these results were obtained; a copy of all information obtained. *November 13, 1986.*
480. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Skills Development provide documentation indicating monies spent obtaining poll results from polls not commissioned by the Government; from whom these results were obtained; a copy of all information obtained. *November 13, 1986.*

481. *Mr. McCague*—Enquiry of the Ministry—Would the Solicitor General provide documentation indicating monies spent obtaining poll results from polls not commissioned by the Government; from whom these results were obtained; a copy of all information obtained. *November 13, 1986.*
482. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Tourism and Recreation provide documentation indicating monies spent obtaining poll results from polls not commissioned by the Government; from whom these results were obtained; a copy of all information obtained. *November 13, 1986.*
483. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Transportation and Communications provide documentation indicating monies spent obtaining poll results from polls not commissioned by the Government; from whom these results were obtained; a copy of all information obtained. *November 13, 1986.*
484. *Mr. McCague*—Enquiry of the Ministry—Would the Minister of Treasury and Economics provide documentation indicating monies spent obtaining poll results from polls not commissioned by the Government; from whom these results were obtained; a copy of all information obtained. *November 13, 1986.*
485. *Mr. McCague*—Enquiry of the Ministry—Would the Minister Responsible for Citizenship and Culture provide documentation indicating monies spent obtaining poll results from polls not commissioned by the Government; from whom these results were obtained; a copy of all information obtained. *November 13, 1986.*
486. *Mr. McCague*—Enquiry of the Ministry—Would the Minister Responsible for Senior Citizens' Affairs provide documentation indicating monies spent obtaining poll results from polls not commissioned by the Government; from whom these results were obtained; a copy of all information obtained. *November 13, 1986.*
487. *Mr. McCague*—Enquiry of the Ministry—Would the Minister Responsible for Women's Issues provide documentation indicating monies spent obtaining poll results from polls not commissioned by the Government; from whom these results were obtained; a copy of all information obtained. *November 13, 1986.*
488. *Mr. Martel*—Enquiry of the Ministry—Will the Minister of Labour table the following information for the years 1984/85 and 1985/86: How many workers and companies were convicted under the Occupational Health and Safety Act in the three branches of the Ministry, namely Construction, Industrial and Mining. What were the costs of fines to each group; How many repeat orders were issued in the year 1985/86; How many convictions have there been for repeat orders in 1985/86. *November 13, 1986.*
-

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

(Precedence in accordance with the Order of the House passed on Wednesday, February 12, 1986, and pursuant to Standing Order 71 (d).)

Ballot Item No. 25

Mr. McLean—Resolution—That in the opinion of this House, the practice of retired members of the legislature or senior civil servants, while receiving retirement allowances, may also receive remuneration as a member of a board, commission, or other body holding office at the nomination of the Lieutenant Governor in Council, is improper and fiscally irresponsible therefore, this House, recognizing the inequity of the present policy and the need for fiscal integrity relating to taxpayers' monies, recommends that this practice be ended, while at the same time the retirement contributions made by those affected should be protected. *To be debated today.*

Ballot Item No. 26

Mr. Johnston (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action. *To be debated today.*

Ballot Item No. 27

Mr. Newman—Resolution—That in the opinion of this House, since the state of Michigan has given approval for Detroit to build an enormous garbage incinerator without extra pollution controls, the Minister of the Environment should take steps to ensure that Ontario residents, especially those in Windsor and Essex County areas, are protected from this potential source of air pollution. *To be debated on Thursday November 20, 1986.*

Ballot Item No. 28

Mr. McFadden—Resolution—That in the opinion of this House, the provincial government should immediately introduce tax reform measures to reduce the property tax burden on homeowners and tenants. *To be debated on Thursday November 20, 1986.*

Ballot Item No. 29

Second Reading Bill 132, An Act to amend the Labour Relations Act. Mr. Mackenzie. To be debated on Thursday, November 27, 1986.

Ballot Item No. 32

Mr. Swart—Resolution—That in the opinion of this House, recognizing that the Slater Task Force has failed to propose recommendations to resolve the massive insurance problems and, in particular, failed to investigate and report on the financial and other benefits of the public auto insurance plans as practiced in Manitoba, Saskatchewan, and British Columbia, the Government of Ontario should proceed, immediately, with the development of the most appropriate provincial public motor vehicle insurance plan for implementation not later than January 1, 1988. Such plan, unlike the Slater recommendations, would fully redress the major problems of the present system identified by the NDP Caucus Insurance Committee, namely:—arbitrary cancellation of insurance;—all drivers in a household penalized for one driver's record;—discriminatory rates for age, sex or marital status;—the growing number of uninsured drivers in Ontario;—non-existent or inadequate no-fault compensation;—excessive premiums and escalating rates generally. *To be debated on Thursday, December 4, 1986.*

BILLS REFERRED TO SELECT AND STANDING COMMITTEES

SELECT COMMITTEE ON HEALTH

Bill 52, An Act to amend the Health Protection and Promotion Act, 1983. *Mr. Pierce. (Referred April 22, 1986, Originally Referred November 21, 1985.)*

PRIVATE MEMBERS' MOTIONS

1. *Debated Thursday, November 13, 1986.*
2. *Mr. Foulds—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.*
3. *Mr. Warner—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6) calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter complies with the U.N. resolutions on Cyprus and shows a respect for international law.*
5. *Mr. Epp—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:*

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.
8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson's statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.
9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:
- (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;
 - (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lender) the judge may grant leave for foreclosure or commencement of bankruptcy proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.
10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.

11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.
16. *Mr. Wildman*—Resolution—That this House should request the Ontario government to amend this province's mining tax system to ensure sufficient revenues accrue to the provincial treasury from the mining companies to enable the government to allocate a reserve fund, as part of a "Northern Ontario Tomorrow Fund", to be distributed as grants, loans and guarantees for individuals, community groups, co-operatives and small businesses and temporary extraordinary grants to municipalities to assist in the economic recovery from the adverse effects of mine shutdowns.
18. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministries of Natural Resources and Transportation and Communications should implement, jointly, a formal testing program to investigate the effectiveness of the "wildlife saver" devices when attached to automobiles, to determine whether the use of these devices would have adverse effects on either the general public or domestic animals and wild game, and to study the feasibility of requiring the installation of these devices on motor vehicles in certain regions of the province or throughout Ontario.
21. *Mr. Mackenzie*—Resolution—That in the opinion of this House, recognizing that certain classes of workers are discriminated against by the denial of rights provided to other workers, the regulations under the *Employment Standards Act* should be amended to provide that the standards set by the Act relating to hours of work, overtime pay and public holidays are applicable to persons employed in landscape gardening, mushroom growing, the growing of flowers for the retail and wholesale trade, the growing, transporting and laying of sod, and the growing of trees and shrubs for wholesale and retail trade.
23. *Mr. Lupusella*—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of education and social services from the residential property tax base to progressive sources of revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residen-

tial property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses.

28. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the Canadian Transport Commission has approved a plan to allow the testing of electronic monitoring devices by Canadian National Railways and the Canadian Pacific Railway whose avowed aim is to eliminate the use of a caboose at the rear of trains, and recognizing the important role played by tail-end crews in protecting the public safety, preventing accidents and minimizing injury and damage in accidents that do occur, the Government of Ontario should urge the Government of Canada to continue to require every train to operate with a caboose.
29. *Mr. Swart*—Resolution—That in the opinion of this House, the Minister of Consumer and Commercial Relations should take action immediately to introduce a Franchise Act based on the recommendations of the 1971 Grange Report. The Act should include provisions for: (1) The formation of a separate branch or division with a registrar to administer the Act; (2) full disclosure by franchisor of all details of the scheme including all financial statements; (3) disclosure of names and background of officers and directors of franchisor; (4) application to all industries and all franchises within each industry; (5) the franchisee to have a four-day cooling off period; (6) prohibition against dealing in franchises except as provided; (7) exemption of liability by franchisee for future damages; (8) the administrators of the Act to have authority to discourage: (a) arbitrary termination; (b) arbitrary refusal of assignments or renewals; (c) arbitrary forfeiture of deposits; (d) forced purchases and secret profits; and (e) competitive and discriminatory practices by franchisors.
30. *Mr. Cooke (Windsor-Riverside)*—Resolution—That in the opinion of this House, since hospital nurses and public health nurses provide work of equal value, the Minister of Health should move immediately to implement the government's policy of equal pay for work of equal value and establish parity between public health nurses and their counterparts in hospitals, by making additional funding available to Public Health Boards specifically for the purpose of implementing parity.
36. *Mr. Mackenzie*—Resolution—That in the opinion of this House, recognizing that certain classes of workers are discriminated against by the denial of rights provided to other workers, the regulations under the Employment Standards Act should be amended to provide that the standards set by the Act relating to hours of work, overtime pay, and public holidays are applicable to a person employed as a superintendent, janitor or caretaker of a residential building who resides in the building.
40. *Mr. Swart*—Resolution—That in the opinion of this House, recognizing that the Slater Task Force has failed to propose recommendations to resolve the massive insurance problems and, in particular, failed to investigate and report on the financial and other benefits of the public auto insurance plans as practiced in Manitoba, Saskatchewan, and British Columbia, the Government of Ontario should proceed, immediately, with the development of

the most appropriate provincial public motor vehicle insurance plan for implementation not later than January 1, 1988. Such plan, unlike the Slater recommendations, would fully redress the major problems of the present system identified by the NDP Caucus Insurance Committee, namely:—arbitrary cancellation of insurance;—all drivers in a household penalized for one driver's record;—discriminatory rates for age, sex or marital status;—the growing number of uninsured drivers in Ontario;—non-existent or inadequate no-fault compensation;—excessive premiums and escalating rates generally.

42. *Mr. Breough*—Resolution—That this House urges the Government of Ontario to make the same financial support available for municipal election campaigns as exists for provincial campaigns, by providing contributors with tax credits and candidates with campaign subsidies, in the following manner:

1. Individual municipalities, school boards and public utilities commissions would be permitted to opt into a provincial plan created by statute.
2. Under the provincial plan, candidates would register with the Commission on Election Contributions and Expenses. Registered candidates would be required to file detailed returns of contributions received and expenses incurred, and their contributors would receive official receipts entitling them to credits against provincial income tax in the same manner as contributors to provincial election campaigns.
3. A registered candidate who received at least 15 per cent of the popular vote would be entitled to the same reimbursement by the Commission as a candidate in a provincial election.

44. *Mr. Breough*—Resolution—That in the opinion of this House the following actions are urgently needed to defend the physical and mental health of peoples effected by the Chernobyl tragedy:

1. that the UN form an International Investigative Committee of scientists and medical experts to enter Ukraine to assess the extent of danger;
2. that Canada declare its preparedness to contribute emergency aid—medicine, food, technical personnel as needed;
3. that Canada announce an open door policy for family reunification and sponsorship of immigrants wishing to leave Ukraine; and
4. that the USSR permit communication between Canadians and other relatives in Ukraine.

47. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing the profound effect of the recent visit (including his direct appeal to the Legislature of Ontario) of Bishop Desmond Tutu on all Canadians; recognizing the warning of a potential bloodbath contained in the Eminent Persons Report of June 12, 1986, and recognizing that the increasing crisis in south Africa can only be affected by outside influences if substantive sanctions are

brought to bear on South Africa, the government of Ontario should adopt the following policies to express the province's solidarity with the struggle for freedom for Blacks in South Africa and to express the anger and abhorrence of the Ontario people against the crime of apartheid:

- 1) A continuation of the ban of the import of all South African Liquor and an auction of all present South African liquor products in stock at liquor stores and LCBO warehouses, with the full proceeds going to victims of apartheid.
- 2) Government procurement policies prohibiting the purchase of goods or services from companies with direct investments in South Africa.
- 3) A ban on the purchase on South African goods or services by the Ontario government and public institutions funded by the Ontario government including hospitals and community colleges.
- 4) Using the Ontario government's 1.5 per cent equity share in Varsity Corporation formerly Massey-Ferguson to persuade that company to cease doing business in South Africa, and failing that, divestment of the shares.
- 5) Divestment by government agencies of pension fund investments in companies with direct investment in South Africa.
- 6) Increased pressure on the federal government to impose full economic sanctions against South Africa.
- 7) Solidarity with the heroic struggle being waged by the ANC, the United Democratic Front and the unions of COSATU and CUSA in the battle against apartheid in South Africa.

49. *Mr. Hayes*—Resolution—That in the opinion of this House, the current food policy of our province and our country has generated the present instability in food production and uncertainty among farmers as to the future and has resulted in many farm units being forced to supplement farm income with off-farm employment, or get out of farming either by selling out or through bankruptcy; and much of present confusion about farm production and marketing in this country stems from the contradictions and inconsistencies between the federal and the various provincial policies and programmes. Therefore, the provincial government strongly urges the federal government to legislate the transfer of powers over “intra” and “inter” provincial trade of each farm-produced commodity to the federal jurisdiction on the condition that the federal legislation must permit the establishment of national marketing structures for all farm produced commodities and must have the following powers: control of the product into, through and out of the marketing system to meet market demands; single desk selling; equality of delivery opportunity between producers; pooling of returns and costs among producers; elimination of manipulation, speculation and waste. The federal government should appoint commissioners to administer each of the marketing structures, which would be responsible to the federal government. The criteria for selecting commissioners would be based on their marketing expertise

in the particular kind of commodity affected. They need not be producers of that commodity or of any other farm commodity (as is the case currently with the Canadian Wheat Board). In addition, the national policy to dictate overall production targets, and market-sharing agreements between provinces would need to be negotiated.

51. *Mr. Foulds*—Resolution—That in the opinion of this House, the Treasurer of Ontario should establish a permanent Northern Ontario Fund, managed by Northerners. This fund would be invested, through loans, grants and joint ventures, in development projects that meet the priorities set through community, regional and provincial planning. The monies to establish the fund would come from a consolidation of existing Northern development funds and programmes, and, in addition, through an earmarked percentage of current provincial revenue from resource industry taxation.
52. *Mr. Rae*—Resolution—That in the opinion of this House, the Minister of Health should take steps to establish a medical school and health research facility in Northern Ontario to encourage more health professionals to practise in the North, to provide better health care services for Northerners and to attract job-creating enterprises involved in the research and production of health related products.
53. *Mr. Mackenzie*—Resolution—That in the opinion of this House, the Minister of Labour should introduce changes to the Employment Standards Act which would require six months notice when more than 50 workers are to be permanently laid off by an employer within a six month period.
54. *Mr. Laughren*—Resolution—That in the opinion of this House, the Minister of Natural Resources should develop a comprehensive wood utilization policy and enforcement programme to ensure the most valuable end use of our forest resource. Further, the Minister should initiate a task force to study improved and alternate forest management practices.
55. *Mr. Laughren*—Resolution—That in the opinion of this House, the Ontario government should establish a Forestry Institute to generate new forestry-related industries in Northern Ontario by developing forest machinery and processing technologies as well as better forest management and silvicultural practices.
56. *Mr. Martel*—Resolution—That in the opinion of this House, the Ontario government should undertake a major decentralization of government office from Toronto to Northern Ontario in order:
 1. to ensure policies and programmes that affect Northern Ontario are formulated by staff with a clear understanding of the North;
 2. to provide local employment in Northern communities;
 3. to play a role in attracting other enterprises to Northern communities.
57. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Ontario government should establish a Northern Technology Research and

Development Institute to develop new, secondary manufacturing opportunities applicable to Northern communities.

58. *Mr. Pouliot*—Resolution—That in the opinion of this House, the Ontario government should negotiate planning agreements with companies wanting access to publicly-owned natural resources. These agreements could include, but would not be limited to, guarantees from the company to employ and train local residents, to re-invest in Northern communities and to use the services of local businesses. Input from communities affected by resource development would play a major role in these negotiations.
59. *Mr. Wildman*—Resolution—That in the opinion of this House, the Ontario government should guarantee a just and equitable price for gasoline to Ontario consumers in all regions of the province by introducing legislation that would allow the Ontario government:
 1. to continually review gasoline prices;
 2. to hold public hearings to determine a fair and reasonable price for gasoline products;
 3. to set maximum wholesale and retail prices for gasoline products and ensure these prices are uniform across the province;
 4. to permit increases in the wholesale or retail price of gasoline products only after they have been fully justified at a public hearing.
60. *Mr. Wildman*—Resolution—That in the opinion of this House, the Minister of Northern Development and Mines should establish an Ontario Mining Development Foundation to help generate new mining-related industries in Northern Ontario by developing exploration techniques, mineral processing techniques and related mining technologies.
61. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Ontario government should introduce legislation requiring companies which effect a major lay-off or plant closure to establish a Community Adjustment Fund. This fund is to be used by the affected municipality to develop new employment opportunities, to provide social services and to maintain municipal infrastructure.
64. *Debated Thursday, November 13, 1986.*
65. *Mr. McFadden*—Resolution—That in the opinion of this House, the provincial government should immediately introduce tax reform measures to reduce the property tax burden on homeowners and tenants.
66. *Mr. Newman*—Resolution—That in the opinion of this House, since the state of Michigan has given approval for Detroit to build an enormous garbage incinerator without extra pollution controls, the Minister of the Environment should take steps to ensure that Ontario residents, especially those in Windsor and Essex County areas, are protected from this potential source of air pollution.

67. *Mr. Shymko*—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, if the following five constituent Republics of the U.S.S.R., namely, the Estonian S.S.R., Latvian S.S.R., Lithuanian S.S.R., Byelorussian S.S.R. and Ukrainian S.S.R. pass similar declarations by their republican Governments declaring their territories Nuclear Arms Free Zones in a spirit of brotherhood and solidarity with Ontario for the cause of world peace, and all the above Governments should prohibit the deployment of nuclear weapons in their territories, the testing of nuclear weapons and associated equipment in the Province and the five constituent Republics, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province and the five constituent Republics, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province and the five constituent Republics of the U.S.S.R. should encourage cities, provinces and states throughout the world to initiate similar, reciprocal action in the spirit of this year's declaration of the Year of International Peace by the United Nations to guarantee a safe world for future generations of humanity.
-

QUESTIONS

(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Thursday will appear on each day of the following week.)

NOTE:

†**Interim Answers** to Questions 342 to 373 inclusive tabled October 14, 1986.
Approximate date information available October 31, 1986.

82. *Mr. Cooke* (Windsor-Riverside)—Enquiry of the Ministry—Will the Minister of Health table all outstanding non-compliances, in all Nursing Homes either operated, owned or managed by Carewell Corporation. Further, will the Minister table all inspection information on these Nursing Homes on record since June 1984. *November 1, 1985. Interim Answer* tabled November 18, 1985. Approximate date information available November 22, 1985.

141. *Mr. Bernier*—Enquiry of the Ministry—Would each Minister table information on the number of trips he/she has taken on Ontario Government aircraft, and charter aircraft, from September 1, 1985 to November 28, 1985. Would he/she give the point of departure and the names of the places visited, as well as the purpose of the trip and with whom he/she met. In addition, would he/she please list the names and positions of those who accompanied him/her. What was the cost of each flight. What was the cost of all other expenses incurred, and who paid for these flights and expenses. *December 9, 1985. Interim Answer* tabled December 20, 1985. Approximate date information available February 28, 1986.

210. *Mr. Shymko*—Enquiry of the Ministry—Would the Premier provide the House with information of any costs incurred in travel beyond Ontario's borders for himself and his personal staff and administrative staff, Parliamentary Assistants and their staff, and other Government members and their staff, and any other persons, since his appointment on June 26, 1985. *January 29, 1986. Interim Answer* tabled October 14, 1986. Approximate date information available November 28, 1986.

250. *Mr. Ashe*—Enquiry of the Ministry—Would the Premier list all of the receptions given by the Premier's Office and all ministries of the government since July 1, 1985. Will the Premier list the nature of the function, the place of the function, the type of group invited and the number of people in attendance and provide details of the costs of each function. *February 6, 1986. Interim Answer* tabled May 14, 1986. Approximate date information available June 30, 1986.

263. *Mr. Gillies*—Enquiry of the Ministry—Would the Premier provide a list of all meetings, and their dates, at which the construction of the Domed Stadium was discussed by the government. *April 24, 1986.*
271. *Mr. Villeneuve*—Enquiry of the Ministry—Would the Minister of Government Services provide the list of all public opinion polls that have been commissioned by the Government since June 26, 1985, the cost of the polls, and the subject(s) of the polls. *April 29, 1986. Interim Answer* tabled June 19, 1986. Approximate date information available July 18, 1986.
284. *Mr. Villeneuve*—Enquiry of the Ministry—Would the Chairman of Management Board provide a list of all public opinion polls that have been commissioned by each Ministry and the Premier's Office since April 29, 1986. *May 22, 1986. Interim Answer* tabled June 19, 1986. Approximate date information available July 17, 1986.
286. *Mr. Runciman*—Enquiry of the Ministry—Would the Minister of Consumer and Commercial Relations, the Minister of Education, the Minister of Municipal Affairs, the Minister of Housing and the Solicitor General table representations made by AMO, any school boards, the Association of Municipal Police Chiefs with regard to legislation making Ontario wine and beer available in local convenience stores. *May 22, 1986. Interim Answer* tabled June 19, 1986. Approximate date information available July 31, 1986.
289. *Mr. McLean*—Enquiry of the Ministry—Would the Premier provide an itemized account of the costs incurred by the taxpayers of this Province for Cabinet meetings held in: (1) Kingston, (2) Windsor, (3) Niagara-on-the-Lake. *May 22, 1986. Interim Answer* tabled June 19, 1986. Approximate date information available July 17, 1986.
296. *Mr. Gordon*—Enquiry of the Ministry—Would the Minister of Northern Development and Mines provide information as to the total amount of monies that have to date been disbursed out of the \$100 million Development Fund for Northern Ontario announced October 24th, 1985, by the Minister; what specific programs have been established to disburse these funds; to what specific institutions, companies and communities have these funds already been distributed; how much has been distributed; when was the allocation made; and for what purpose was the allocation made. *May 22, 1986.*
298. *Mr. Runciman*—Enquiry of the Ministry—Would the Minister of Industry, Trade and Technology table any studies, legal opinions or legal precedents regarding international or national trade implications conducted by, or given to, the Government with specific regard to the possible sale of Ontario-produced beer and wine in local convenience stores. *May 26, 1986.*
302. *Mr. Philip*—Enquiry of the Ministry—Would the Chairman of Management Board of Cabinet table all terms of reference and conditions of any contracts signed within the last year between Canada Consulting Group Inc. and any Ontario government ministry, agency, board, commission or committee of

the legislature. Would the Minister table the total amount of money contracted with this company as well as the amounts of each individual contract. *June 3, 1986. Interim Answer* tabled June 19, 1986. Approximate date information available September 26, 1986.

318. *Mr. Brandt*—Enquiry of the Ministry—Would the Premier provide a detailed cost breakdown of the Ontario delegation to the First Ministers' Conference on Free Trade in Ottawa. *June 12, 1986.*
323. *Mr. Brandt*—Enquiry of the Ministry—Would the Premier provide a detailed summary of all travel arrangements including cost, for all individuals who accompanied him to Montreal on June 2, 1986. *June 18, 1986.*
337. *Mr. Gregory*—Enquiry of the Ministry—Would the Minister of Transportation and Communications indicate how many condominium units have been allocated to the Ontario Government at Expo '86; who has stayed in these units as of June 6, 1986; the fee charged for these units per diem; who has reserved these units after June 6, 1986. *July 7, 1986.*
341. *Answered November 13, 1986.*
342. *Mr. McLean*—Enquiry of the Ministry—Would the Premier provide the House with the names, positions of the Premier's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.†*
343. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Agriculture and Food provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.†*
344. *Mr. McLean*—Enquiry of the Ministry—Would the Attorney General provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.†*
345. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Citizenship and Culture provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.†*
346. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Colleges and Universities provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.†*
347. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Community and Social Services provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.†*

348. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Consumer and Commercial Relations provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
349. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Correctional Services provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
350. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Education provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
351. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Energy provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
352. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of the Environment provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
353. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Financial Institutions provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
354. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Health provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
355. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Housing provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
356. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Industry, Trade and Technology provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
357. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Intergovernmental Affairs provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]
358. *Mr. McLean*—Enquiry of the Ministry—Would the Minister of Labour provide the House with the names, positions of the Minister's staff when they

were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]

359. *Mr. McLean*—Enquiry of the Ministry—Would the Acting Chairman of Management Board of Cabinet provide the House with the names, positions of the Minister's staff when they were employed by the Ministry, including their salary, duties and date hired since June 26th, 1985. *July 8, 1986.*[†]

tions will be completed, when the recommendations will be available to the Centres, whether it is being done by Ministry staff or outside consultants and whether it will include interviews with Help Centre clients and/or counsellors. *November 17, 1986.*

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

(Precedence in accordance with the Order of the House passed on Wednesday, February 12, 1986, and pursuant to Standing Order 71 (d).)

Ballot Item Nos. 25 and 26. *Debated Thursday, November 13, 1986.*

Ballot Item No. 27

Mr. Newman—Resolution—That in the opinion of this House, since the state of Michigan has given approval for Detroit to build an enormous garbage incinerator without extra pollution controls, the Minister of the Environment should take steps to ensure that Ontario residents, especially those in Windsor and Essex County areas, are protected from this potential source of air pollution. *To be debated on Thursday November 20, 1986.*

Ballot Item No. 28

Mr. McFadden—Resolution—That in the opinion of this House, the provincial government should immediately introduce tax reform measures to reduce the property tax burden on homeowners and tenants. *To be debated on Thursday November 20, 1986.*

Ballot Item No. 29

Second Reading Bill 132, An Act to amend the Labour Relations Act. Mr. Mackenzie. *To be debated on Thursday, November 27, 1986.*

Ballot Item No. 32

Mr. Swart—Resolution—That in the opinion of this House, recognizing that the Slater Task Force has failed to propose recommendations to resolve the massive insurance problems and, in particular, failed to investigate and report on the financial and other benefits of the public auto insurance plans as practiced in Manitoba, Saskatchewan, and British Columbia, the Government of Ontario should proceed, immediately, with the development of the most appropriate provincial public motor vehicle insurance plan for implementation not later than January 1, 1988. Such plan, unlike the Slater recommendations, would fully redress the major problems of the present system identified by the NDP Caucus Insurance Committee, namely:—arbitrary cancellation of insurance;—all drivers in a household penalized for one driver's record;—discriminatory rates for age, sex or marital status;—the growing number of uninsured drivers in Ontario;—non-existent or inadequate no-fault compensation;—excessive premiums and escalating rates generally. *To be debated on Thursday, December 4, 1986.*
